

PIMPLES ON FACE CAUSED GREAT DISFIGUREMENT

For Three Long Years, Suffered Great Deal. Cuticura Soap and Ointment Brought Marvelous Results. In Few Weeks Cured Completely.

"I was troubled with acne for three long years. My face was the only part affected, but it caused great disfigurement, also suffering and loss of sleep. At first there appeared red, hard pimples which later contained white matter. I suffered a great deal caused by the itching. I was in a state of perplexity when walking the streets or anywhere before the public. I used pills and other remedies but they failed completely. I thought of giving up when nothing would help, but something told me to try the Cuticura Soap and Ointment. I sent for a Cuticura Booklet which I read carefully. Then I bought some Cuticura Soap and Ointment and by following the directions I was relieved in a few days. I used Cuticura Soap for washing my face, and applied the Cuticura Ointment morning and evening. This treatment brought marvelous results so I continued with it for a few weeks and was cured completely. I can truthfully say that the Cuticura Remedies are not only all, but more than their claim to be." (Signed) G. Baumer, 1015 W. 20th Place, Chicago, Ill., May 28, 1911.

For more than a generation Cuticura Remedies have afforded the most economical treatment for affections of the skin and scalp. A cake of Cuticura Soap (25c.) and a box of Cuticura Ointment (50c.) are often sufficient. Although sold throughout the world, a liberal sample of each, with 25-p. book on the skin, will be sent free, on application to Potter Drug & Chem. Corp., Dept. 2A, Boston.

O.-W. R. & N. CLERK ADMITS FORGERY

Portland, Ore., March 13.—Temple W. Alexander, the young O.-W. R. & N. company clerk charged with forging vouchers, changed his plea from not guilty to guilty yesterday before Judge Morrow of the circuit court. Thursday morning was set as a time to have the sentence pronounced.

Attorney Dan Murphy, representing Alexander, announced that at that time he wished to ask for a parole and would introduce eight witnesses to show that his client's reputation is such that a parole should be granted. Deputy District Attorney Fitzgerald also announced that the state would present a dozen witnesses to show that Alexander had flagrantly violated the law and should be given a prison sentence. Many of the state's witnesses are employees of the railway company. Alexander was in court and said he was willing to change his plea, thereby taking his chances for a parole.

EAT AND FUNNY MR. ISHI REFUSES TO CHOP WOOD

Humorous Arrow-Maker Dodges Work That Would Rob Him of Surplus Flesh.

San Francisco.—Ishi has a keen sense of humor, which he has learned to apply in a very practical manner. He is becoming so stout from inactivity that it was decided to give him some work to reduce his superfluous flesh. Accordingly he was asked to take the ax and furnish the wood for the kitchen of the Affiliated Colleges. Ishi was willing to take the ax, for he figured that he might use it in his arrow making, but he refused flatly to chop wood.

His practical turn of mind was brought into evidence at the lectures. Ishi conceived the plan of evading them. He became interested in making arrows. Lunch time came and he kept on with his work. At 1:30 he went to eat. It was after 2 when he returned, smiling, and told the attendants he was sorry he had prevented the lectures. The smile vanished when he was told that the lectures had been postponed until 2:30. Ishi has started to build a one-man house at the west end of the building. It is impossible to guess when it will be completed.

RELIEF TRAIN STARTS BEFORE RAILROAD WRECK OCCURS

Conductor Realizing Collision Unavoidable, Summons Doctors and Nurses.

Augusta, Ga.—Half an hour before two trains crashed together on the Central of Georgia railroad at Social Circle, Ga., killing four men and injuring a dozen other passengers, a relief train was speeding toward the scene of the disaster.

This became known when officials of the railway were investigating the cause of the wreck and endeavoring to fix the responsibility. Passenger train No. 4 left Atlanta

shortly after midnight on its way toward Augusta. About an hour later a freight train arrived at Rutledge station, which is midway between Augusta and Social Circle.

The conductor, obeying orders, ran his train on a siding to make way for the express train on a siding and after the train stopped was talking with a yard employe. This employe remarked in the course of their conversation that another freight train had passed Rutledge a short time before going toward Atlanta.

Waiting only to assure himself that his information was correct, the freight conductor started to run toward a railroad telegraph office and for several minutes made frantic efforts to head off either the freight or the passenger train.

Fails to Stop Train.
"That freight should have waited on this siding until the express passed," he shouted to the surprised telegraph operator. "It will meet the passenger head-on. Stop them, stop them."

He soon discovered that this was impossible and face to face with the knowledge that a wreck would occur, he did the next best thing. Commanding an engine and hastily summoning several physicians and nurses, a relief train was made up and a race began in which speed records were broken right and left.

Social Circle is fifty-five miles from Atlanta and 115 miles from Augusta. Rutledge is midway between Social Circle and Augusta. When the relief train started every man aboard knew that the passenger train had covered more than half the distance to Social Circle.

Death Wins Race.
With extra firemen taking turns at the firebox the relief train shrieked its way along the tracks, not pausing for towns or stations. At Rutledge, a telegraph operator was warning every other operator he could get on the wire, but none could get word to Social Circle. At 2:15 the doomed trains came together. Less than half an hour later, before a relief train had been requested, the train from Rutledge arrived with every journal smoking. The race had been lost, but the physicians and nurses aboard the train are believed to have saved lives of others who would have died but for prompt surgical attention.

ENDS LIFE BY DYNAMITE

Attacks Two Daughters of Minister Then Dies by Explosive.

Danbury, Conn.—George Mead, a coachman for the Rev. Frank Hartfield, rector of the Episcopal church at Brewsters, N. Y., made a murderous attack on the two daughters of the rector and then blew himself to pieces with dynamite.

According to the story received here Ruby Hartfield, 29 years old, and Amy, her sister, 21, carried some tools yesterday to Mead, who was at work in the carriage house. As they entered Mead sprang at them and struck Amy over the head with a pair of pliers, felling her.

Ruby made her escape and went to summon help. Amy revived and ran from the building when a terrific explosion occurred and the end of the building was blown out. Searchers afterwards found Mead's body in pieces among the ruins.

Peculiar After Effects of Grip This Year

Leaves Kidneys in Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to more serious sickness, such as dread- ed Bright's Disease. Local druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed by those who try it. Dr. Kilmer & Co., Bingh- hamton, N. Y., offer to send a sam- ple bottle of Swamp-Root, free by mail, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50 cents and \$1.00. For sale at all druggists. Be sure to mention this paper.

serious shooting affray here, which may end in a tragedy. The decoration had been placed on the nag by Ballard Banks and he accused John Wade, who recently came here from Philadelphia of removing it.

Following a warm argument over the matter, Wade procured a double-barreled gun, and now Banks is in the local hospital with over 200 shot in his anatomy. Wade was locked up and in admit- ting that he did the shooting, said that Banks had threatened to "do him with a pitchfork." Both men are employed by J. M. H. Walters, a Philadelphia business man who has a farm near here.

WALLA WALLA MAY WANT VALENTINE

That Harry Valentine, the man who passed bad checks upon the Hamscom jewelry store and the Scott grocery in this city Monday night, is probably the same man who has been operating in Walla Walla recently, is indicated by the following story in the Walla Walla Union of this morning:

Chief of Police Mike Davis received a phone message yesterday from Sheriff T. D. Taylor of Umatilla county, stating that supposedly the same individual who bilked a number of grocers in this city a few days ago, had operated in Pendleton Monday and had succeeded in defrauding a number of merchants in that city.

In carrying on his swindling game in this city, the culprit visited differ- ent groceries, ordering supplies at each establishment and at the same time directing that they be sent to a cer- tain address on West Alder. In pay- ment for the goods he tendered the dealers checks to which he had forged the signature of Hugh McCool, a wealthy rancher, receiving the dif- ference between the amount of his bill and the check in cash. On deliv- ering the groceries it was found that the house to which they had been ordered delivered was empty. Before his discovery was made, however, the smooth individual forger had made his getaway, taking with him nearly \$100 of Walla Walla merchants' mon- ey.

S.S.S. FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which gradually gets into the circulation because of indigestion, constipation, weak kidney action, and other irregularities of the system which are sometimes considered of no importance. This uric acid causes an inflamed and irritated condition of the blood, and the circulation instead of nourishing the different portions of the body, continually deposits into the nerves, muscles, tissues and joints, the irritating, pain-producing acid with which it is filled. Rheumatism can only be cured by a thorough cleansing of the blood, and this is just what S. S. S. does. It goes down into the circulation, and by neutraliz- ing the uric acid and driving it from the blood, effectually and surely removes the cause. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour stream, causing pain and agony throughout the sys- tem, it becomes an invigorating, nourishing fluid, furnishing health and vigor to every part of the body and relieving the suffering caused by this disease. S. S. S. being a purely vegetable blood purifier, is the surest and safest cure for Rheumatism in any of its forms. Book on Rheumatism and any medical advice desired sent free to all who write.
