NO INDIGESTION OR SICK STOMACH

GAS, HEARTBURN, DYSPEPSIA AND ALL MISERY VANISHES

Five Minutes After Taking a Little Diapepsin Your Stomach Will Feel Fine Again—Eat Your Favorite Foods Without Fear of Distress.

Take your sour, out of order stomach—or maybe you call it indigestion, dyspepsia, gastritis or catarrh of stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22-grain Triangule and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is food fermentation—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, g riping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is fickle and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

order to show that she was game, Miss Dorothy Opperman of Atlanta decided after five hours of married life that single bliss was preferable and started legal proceedings as soon as lawyers could be consulted.

Miss Opperman of Atlanta and J. B. Dehman were the contracting parties. The young couple were dining with J. C. McCormick, who laid a wager that Miss Opperman was not game to marry. A justice of the peace was routed out of bed and the wedding performed.

At 6 o'clock in the morning, however, married life had palled on Mrs. Dehman. The young couple had found they were not true affinities and both are willing to have the law untie the knot.

The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation. Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headaches and general lassitude. Frequently there is difficulty of digesting even light food. Much mental trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use salts, cathartic pills or powders, waters or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without griping. The remedy that fills all these require-

ments and has in addition tonic properties that strengthen the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like Mr. S. W. Hoffman, Asika, N. M., and W. D. Jordan, 706 7th St., Glenwood Springs, Colo., say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

OLCOTT TO MAKE 'BLUE SKY' PROBE

WILL ATTEMPT TO LEARN METHODS OF PROMOTERS

Plan. It is believed, will be welcomed by all companies of merit who offer field for investments to Oregon People.

Salem, Or., March 15.—Secretary of State Olcott has consented to undertake an investigation of all Oregon corporations regarding the business methods of which complaints are being made to the secretary's office.

While there is no law on the statute books giving the secretary of state or any other state official authority to examine the books and business methods of corporations that may happen to fall under suspicion, it is thought that a great majority of companies doing a legitimate business will be glad to take advantage of an opportunity voluntarily to furnish the secretary's office with such information as may be desired.

When complaints are received to the effect that a certain corporation is insolvent, that it is doing business in violation of law, or that its assets are being dissipated by reckless and incompetent management the secretary's office will write to the corporation, inviting a showing of assets and full particulars regarding its prospects, plan of business, etc. The information thus obtained will be arranged in convenient form for reference and will be supplied to those interested in the stock or other property of the corporation. If the corporation refuses to give any information regarding its connection, the fact of such refusal will be communicated to correspondents and to the newspapers.

Mr. Olcott's plan has the approval of the committees appointed by the various public bodies of Portland to investigate the subject and recommend the enactment of adequate protective legislation by the next session of the legislature, and many of the leading lawyers and business men of the state. Secretary Olcott today discussed the proposed legislation with R. W. Montague of Portland, a member of the committee having the matter in hand, and a meeting will be held within the next 10 days to consider some of the important features of the bill which will be presented to the next legislature.

The plan of Secretary Olcott is a temporary expedient, designed to provide some measure of protection to investors until such time as the legislature shall enact adequate legislation for that purpose. The plan is similar to that adopted in Kansas prior to the passage of the Blue Sky law, which in the past year has shut out hundreds of questionable companies, and which is being considered as the basis of a new corporation code in Oregon.
