BOYS HERE FOR RELIGIOUS MEETING

With boys coming in from all directions, the banquet which opens the three day convention of Men and Religion Forward Movement workers tonight promises to be attended by a larger number than was at first anticipated much to the gratification of the committee in charge. Advice from Pilot Rock this afternoon were to the effect that twenty-five boys of that town had left by team for Pendleton and thus the little south-end town bids fair to have the largest representation from an outside district. Helix sent in five boys this morning, while the delegations from the east and west end of the counties will not arrive until late in the afternoon. The banquet will be held in the Armory promptly at 6 o'clock and will be for boys only, but at 7:30 a meeting for men will be held in the Christian church auditorium. The Walla Walla committee of ten will arrive on the evening train and addresses will be made at the meeting tonight by three of their number. Every boy in the city between the ages of 15 and 19 is asked to attend the banquet and every man, regardless of age or color is invited to attend the meeting.

NOTED THIEF IS CAUGHT.

Paris Police Hold Joseph Novack, Recognized by St. Louis Detective. Paris—Joseph Novack of St. Louis, who has a reputation of being the greatest hotel thief in America, was arrested here at the instance of Detective Edward Schenk of St. Louis. Novack is a fugitive from justice, having been under indictment for at-

tempted robbery of the effects of Dr. Neacomb, who resides at the American Hotel in St. Louis.

Novack jumped his bail of \$2000. Detective Schenk ran into Novack on the boulevard Des Italiens. Schenk engaged him in conversation while he sent a friend to fetch the police. A small fortune in gold was found sewed in Novack's suspenders.

EAGLE CAUGHT IN TRAP DINES ON COYOTE DAILY

Walla Walla, Wash.—Pinned in a large corral at the farm of Gene Sharp, on Dry creek living on the flesh of coyotes caught in the surrounding hills, is a huge eagle which has been a captive for several months one of the most unique rewards of the hunter that has been taken in this region.

Gene Sharp found the bird caught in a coyote trap, where it had tried to snatch the bit of fresh bait placed there for coyotes. Mr. Sharp found the great eagle with the claws and toes of both feet fast in the trap, trying to rise and fly away, but falling back after a few flaps of its wide wings when it came to the end of the chain. The bird was hooded with a gunny sack and taken home where it has been an object of curiosity.

Mr. Sharp devotes much of his time to trapping coyotes and after stripping off the hides for bounty and sale of which he has a large pile, the carcasses are thrown to the captured eagle, which devours a coyote every day or two and is in splendid flesh. The bird is so savage that it has not been approached for measurement or weight, but it is as large as a huge turkey gobbler and Deputy Sheriff Sam Bryan estimated the spread of its wings at eight feet.

Carl Engdahl is in the city from his home at Helix.

Jackson, the worthy matron, will be joined at Pendleton by the grand worthy matron and the grand worthy patron—Yesterday's La Grande Observer.

Paving Plant Arrives.
The long awaited paving plant of Warren Bros. arrived this morning from Centralia and will be set up immediately near the O.-W. R. & N. stockyards on Thompson street preparatory to the paving of Alta, Webb and Cottonwood streets. According to Engineer Lonergan of the paving company, actual work will commence the first of next week.

City Will Have More Light.
Last evening members of the light committee of the city council made a trip over the city in an automobile with a view to installing more are lights on the darker streets. They jotted down fourteen tentative locations, eleven of which will be accepted as they have discovered that the city is entitled to that many more without additional cost.

Another Belden Suit.
Charles L. Hower today commenced suit against S. L. Dunlap for the collection of a \$375 note alleged to be due. Inasmuch as the note was made out to R. G. Belden, the British Columbia mining promoter, the natural assumption is that the suit adds another chapter to the recent expose of an alleged mining swindle.

Railroad Company Objects.
The O.-W. R. & N. company is asking the railroad commission for a rehearing in the Baker rate case in which Pendleton joined as an intervenor. The railroad company asserts in a complaint of which a copy has been sent the local club, that the rates ordered for branch lines in eastern Oregon will be confiscatory if enforced.

Ship Body to Omaha.
Just as Coroner Folsom was preparing to inter the body of J. Christie, who died at the county hospital Tuesday, a telegram was received from a brother in Omaha asking that the body be shipped to that city and preparations are being made to comply with the request today. The brother is said to be a man of considerable means.

Athena Knights Hold Forth.
With representatives from every Knights of Pythias lodge in the county with one exception present, the Athena lodge last night held a big meeting at which six members were put through the page rank, two through the knight of esquire rank and one through the knight rank. Following the meeting a banquet was held. Among the visitors present were J. T. Hinkle, district deputy grand chancellor of Hermiston, R. W. Fletcher and Elvin Lampkin of this city.

Baseball Meeting Is Tonight.
The baseball meeting which was announced for last night will be held in the Commercial association rooms tonight and every fan with red blood in his veins is expected to be present to assist in placing Pendleton in the Blue Mountain league again this year. Officers of last year's club take the attitude that if the sport is worth witnessing it is worth an effort on the part of the fans and they will let the city go through the season without an organized team rather than be without active and material support.

Embezzler Deeds Over His Farm.
A sequel to the recent arrest of A. A. Moutou, alias Henry Werner, who embezzled several thousand dollars of the United Cement Workers' Union funds in Chicago and then hid himself on a farm near Freewater, was had today when a deed transferring his farm to S. A. Mitchell, trustee for the National Surety company, was filed. The surety company in question was forced to pay \$2250 when

Report Man Killed at Rodeo.
A report gained circulation on the streets today that one of the performers at the Los Angeles Rodeo had been killed during the show in an accident, but an effort made by this paper to verify the report brought no results. The local reports made the victim one of three well known Round-Up performers, Jason Stanley, Colorado Ben Corbett or Sid Seale.
