CASH STOLEN FROM MAIL. Bag, With Money Missing. Letters Not Touched, Found in River. Clifton, Ariz.—It became known that a mail pouch containing a valuable money package was missing from the mail car when the Southern Pacific passenger train arrived here Monday night. Today the missing sack was found in the river below this city. A hole had been slit in the side, but none of the letters were touched, the authorities stating that the thief evidently was satisfied with the package of money.

AVIATOR AIDS AVIATORS. Birdman in Wright Biplane Flies to Rescue of Two Hurt by Fall. Berlin—Two flying men of the German army were severely injured today while executing a military maneuver in a Harlan monoplane, Lieutenant Engwer of the railroad regiment and Lieutenant Simlitz of the automobile corps ascended from the military aviation grounds to make some observations. The motor stopped while they were at a considerable altitude and they were obliged to make an emergency landing in which the monoplane was smashed, the two men being severely injured. An aviator who was accompanying the officers in a Wright biplane descended at the same time and rendered first aid. It is believed Lieutenant Engwer cannot recover.

NOTICE TO CONTRACTORS AND ELECTRICIANS. Sealed proposals will be received at the office of the clerk of school district No. 16, until April 2nd, 7:30 p. m., for the wiring of the high school building, now in the course of construction. Bids will also be received for the addition of four rooms, with basement, to the North Side school building. Heating, plumbing and wiring will be let in separate contracts, and at a later date. Plans and specifications may be seen at the office of Lot Livermore, clerk of the school board, Pendleton, Ore., and at the office of the architect at Aberdeen, Wash. A certified check for 5 per cent must accompany each bid and the said amount shall be forfeited to the said district, should successful bidder fail to enter into bond and contract within ten days from award. The board reserves the right to reject any or all bids. By order of said board. C. J. SMITH, Chairman. LOT LIVERMORE, Clerk. C. E. TROUTMAN, Archt. Pendleton, Oregon, March 14, 1912.

COLONIZE CHICAGO'S POOR. Plan to Lay Out 1520 Acres Near Kniman, in Farms. Rensselaer, Ind.—Warren Springer, a Chicago real estate man, who died recently, was the owner of a large tract of land near Kniman, in the northern part of this county. He had long planned to erect a large number of houses there and to make it a port for the colonization of the industrious poor of Chicago. Mr. and Mrs. Springer believed they could induce the poor people to settle there and learn to be farmers. Since her husband's death, Mrs. Springer announces her intention of carrying out the plan and says she has surrounded herself with a number of cultivated people who will help her to get the colonization plan started. Among the men who are counted on to help her is Oscar Lovell Triggs, formerly professor of English literature in Chicago University. Frank Lloyd Wright, a Chicago architect, is also expected to give aid to Mrs. Springer and will be asked to plan the buildings for the farm and to superintend their erection. The Springer ranch consists of 1520 acres, twelve miles north of this city.

BECOMES LAWYER AT 56. Man Learns Both English Language and Law in Ten Years. Boston—Ten years ago Moses H. Steuer could not read or write. The other day at the age of 56, he was admitted to the Massachusetts bar. Steuer came to this country a little more than a decade ago. To earn a living and support his family he traveled from house to house selling small wares. Then he became involved in a lawsuit. He conducted his own case and recovered goods which a deputy sheriff had replevined. The court proceedings gave him an inspiration to study and he began to learn English. Working by day and studying law at night.

LINCOLN CUFF WAR RELIC. Worn by the Great Emancipator the Night He Was Assassinated. Marquette, Mich.—A cuff worn by Abraham Lincoln the night of his assassination is one of the most interesting objects in a collection of civil war relics displayed in a window of the Marquette National Bank. The cuff belongs to Edward Farnham of this city. It was obtained by his brother, John Farnham, then on the staff of the Washington Transcript, who procured it from the wife of the proprietor of the hotel where the president was taken from Ford's theater across the street, following the shooting.

U. S. TRAILING A VALENTINE. Traveling Man Complains When 10-Cent Missive Fails to Reach Daughter. St. Louis, Mo.—Because his young daughter failed to get a 10-cent valentine he sent to her at MacGregor, Minn., B. J. Tellerup, a traveling man has entered a complaint with United States Postoffice Inspector W. G. Means, who will try and trail the missive. It was not the value of the valentine which caused the traveling man so much anxiety as the fact that the little girl failed to receive it and thought she had been forgotten by her "big sweetheart." The suggestion made to Tellerup that he might have left the valentine in its fancy envelope, in his overcoat pocket, after the way of most men, was met with the statement that he remembered putting it in the mail and knows that there was carelessness somewhere in the postal service.

EXCESSIVE FAT KILLS MAN. Was Thin a Year Ago and Dies Weighing 400 Pounds. Bridgeport, Conn.—Frank Deakin, who is dead at St. Vincent's hospital here, was killed, the physicians say, by his sudden acquisition of excessive fat. A year or two ago Deakin was a man of slight stature. He began to put on weight, and not even the most vigorous treatment could prevent the increase. He was removed to the hospital last month, weighing nearly 400 pounds.

BOY BEGS FOR PRISON. Chinese-Indian Lad Commits Thefts to Get in Reform School. Santa Cruz.—Tired of being treated like a dog by his father, who is a Chinaman, and robbed by death of a mother, who was an Indian, sixteen-year-old Loy Eng committed many little thefts near Corralitos and has asked the authorities to send him to a reform school, where he can learn a trade and become a good boy.

OFFICER URGES PARENTS TO LOOK AFTER YOUTHS. (Continued from page 1) those who are at an impressionable age and do not know better? There are other causes of juvenile delinquency which I cannot enlarge upon now, such as the public dance hall and public pool room, the proprietors of many of the latter being persistent violators of the juvenile laws of this state. The vigorous hand of the law is needed and should be invoked at every opportunity on behalf of our defenseless young. It gives me pleasure to hear that steps are being taken to start a Y. M. C. A. in Pendleton for there is urgent need of such an institution where the boys and young men can congregate and secure healthy refining amusement and if the progressive citizens of this town really have the

Interest of the young at heart, they will lend all assistance in their power towards securing it. At the same time do not forget the girls for delinquency is as rampant among them as the boys and there are too many homes in this community furnishing young girls who have to be cared for in institutions. It is one of the most ungrateful tasks in the scope of human uplift to interfere, officially or otherwise, with the family life, it is always resented and usually in proportion to the plain necessity for it, but the parents must sooner or later realize the justice of the interference and meet it with effort to amendment. Every instinct of parentage calls for the surest and tenderest oversight in this regard and no excuse will stand for dereliction of duty otherwise it will sooner or later find its expression in the distorted types of citizenship to be found almost everywhere. This town cannot afford to suffer through neglect of its children and young people and those who have the best interest of our young at heart should get busy and combat the evils which are injuring them and use their constant endeavours to promote a clean, healthy environment.

DOG RELISHES HIS CHEW. Stray Animal in Railroad Station "Eats" Tobacco and Uses Cuspidor. Springfield, Mass.—Boston and Main railroad officials are looking for the owner of a thoroughbred Boston bulldog which answers to the name "Teddy," chews tobacco with obvious relish and holds its head over a cuspidor when it sneezes. The dog was left in the baggage room at the railroad station here a few days ago by a student who came

to Springfield to attend a Greek letter reunion in the course of which he forgot a few present day matters. Meanwhile the dog, which has pronounced aristocratic traits, looks savagely at station employes who wear either overalls or uniforms.

NO SALARY FOR MINISTERS. Must Earn Living by Sweat of Brow in New Church. Shelbyville, Ind.—A new church completed its work of organization in this city and will file articles of incorporation. It is to be known as the Heavenly Reunion association. One belief of the new denomination is to pay no salaries to the ministers. A collection will be taken each Sunday night for the pastor, who is to make his living by the sweat of his brow. The collection will be only a small gift for his services.

JURY IS HUNG BY WOMAN. Two for Conviction of "Bootlegger" and Discharge by Woman Judge Follows. Red Cliff, Colo.—Two of the four women empaneled on a jury with eight men to try a case of bootlegging here, held out for conviction so strongly, despite several hours' argument by the other members, that Mrs. I. B. Tague, the only woman judge in Colorado, ordered the jury's discharge. This was the first Colorado jury on which women served. A woman doesn't care about what her husband earns; it's what she gets out of it that counts. Man may be the noblest work of God, but only blind love can make a woman believe he looks like that.
