

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. **Mother's Friend** is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

CASCARETS CLEANSE LIVER AND BOWELS

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.

Furred tongue, bad taste, indigestion, sallow skin and miserable headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give you a thorough cleansing inside and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

FIRST EASTERN PIGS ARRIVE, HERMISTON

(Special Correspondence.)

Hermiston, Ore., March 19.—Hiram J. Stillings of this city has just received from Philadelphia, Pa., three registered pigs, of thoroughbred Poland stock. The express charges were 14 cents per pound. These are the first pigs that have been shipped into Hermiston from the eastern states. Mr. Stillings is one of Hermiston's prosperous settlers having 40 acres under the project.

Mrs. B. H. Williams has arrived here from Spokane to make this her home. Mr. Williams has purchased land here and also has gone into business.

Mr. Cleaver, of the Western Land and Irrigation company has been spending a few days on the project. While here he made final proof on his desert claim across the river before Commissioner Upthegrove. Mr. Cleaver is the founder of the Western Land and Irrigation company, which company is now putting out over 700 acres in Winesap apples.

Mrs. Thrownbridge is visiting her daughter Mrs. F. R. Reeves, she expects to make an extended visit in this city.

Mrs. Morton, mother of Attorney Morton of the United States reclamation service is here visiting at the home of Mr. and Mrs. Dishon.

The Ladies' Guild of the Episcopal church will give a dinner at the home of Mr. and Mrs. Litter tonight. After the dinner Mrs. Davis will give a talk on her experience in South America.

APOSTOLIC AS TO BONNETS.

Some Women Won't Remove Headgear in Churches, Quoting Paul, Allentown, Pa.—The Rev. George A. Greis, pastor of St. Paul's Lutheran church, created a stir at the opening of the services when he requested women members of the congregation to remove their hats during the hour of worship. "The ladies may leave their hats in the Sunday school room," he said.

Immediately there was a rustle of millinery, and a survey of the congregation showed that all except six women had complied with the order.

One of these declared that she would refuse to remove her hat at any time, citing the admonition of Paul the Apostle, that women should not appear in churches with uncovered heads.

C. A. Gossner, 24 Ontario St., Rochester, N. Y., has recovered from a long and severe attack of kidney trouble, his cure being due to Foley Kidney Pills. After detailing his case, he says: "I am only sorry I did not learn sooner of Foley Kidney Pills. In a few days' time my backache completely left me and I felt greatly improved. My kidneys became stronger, lizzy spells left me and I was no longer annoyed at night. I feel 100 per cent better since using Foley Kidney Pills."

FIVE MILLIONS FOR ROADS AND TRAILS

ASKED FOR BY THE MINISTER OF PUBLIC WORKS IN B. C. In an address at a convention of road superintendents held in B. C. the Hon. Thos. Taylor, Minister of Public Works, speech was the feature.

He explained the desire of the Government to bring about the very best results in its system of road building. He aroused the greatest enthusiasm when he announced his intention of asking the legislature at its present session to appropriate \$5,000,000 for road and trail construction in B. C. approaching the Cariboo District.

This is a district with which many of the gentlemen here have the privilege of a considerable acquaintance and many are well aware of the riches of the Fraser as you approach the Quessnel country and the Fort George section. There have been farms successfully operated and long since flourishing along the bench lands of the upper Fraser river. There are many pioneers as well as old residents along the banks of this mighty stream who went there in the early sixties, and despite the disadvantages they encountered and especially the very great difficulties with regard to transportation, they have been very successful and many of them have accumulated splendid competence through their farming and stock raising operations. Their investments which have been so successful under the conditions which they were compelled to meet will give you an idea of what is in store for settlers who will pour into that wonderful land in the near future.

I was very much struck in traveling through that country from Soda Creek to Fort George. I was very much impressed with the wonderful extent of excellent farm land that is to be found on either side of the Fraser River.

This land, as any one may see who takes a trip through that country, is almost limitless in quantity, and is of excellent quality. As you go up from Ornesel no one can hesitate in the conclusion to which he will come as to what lies before that country when there is more development, because from the appearance of the farms that have been there for forty or fifty years and from the abundance of the crops which have been raised, we can see that experimentation has been carried to such an extent as to disclose the fact to the people that we have a splendid heritage for an agricultural community in this great North Land of British Columbia.

As you approach Fort George you find a wonderful section of country at the junction of the Nechaeco River with the Fraser at or near Fort George. There the scene is most pleasing to the eye. On my trip to Fort George I visited one of the town sites, from where we secured an excellent view of the Upper Fraser and the long reach of the Nechaeco River. Here is a marvelous country and one which with just a little more development of transportation will, even independent of its agricultural resources, make the lower section of British Columbia look well to its laurels.

THEOLOGY BY MAIL FAILS. School in New Jersey Closes After a Year's Struggle. Madison, N. J.—The much heralded correspondence school of theology, which was started here a year ago, has proven a failure before the work was fairly begun. The affairs of the enterprise have been liquidated and Samuel G. Ayres, who gave up his place as librarian at Drew Theological Seminary to take the presidency of the new institution, is out of a job. He will leave there shortly. He has lived in this town twenty-six years. Over eight hundred inquiries were received from prospective students. Eighty-six had promised to take the course, and out of that number twenty-six had made partial payment. The others were unable to produce the necessary funds, and it became plain that the school could not even start on a paying basis.

The Peevish Child Needs a Laxative

It is natural for a child to laugh and play and when it sobs drowsily or cries you may depend on it something physical is the matter. If you see no evidence of a serious ailment you will not be wrong if you quietly give it a dose of mild laxative that evening on putting it to bed.

The remedy most generally recommended for this purpose is Dr. Caldwell's Syrup Pepsin, which mothers throughout the country have been giving their children for a quarter of a century. Today thousands of families are using it where hundreds used it then, and there must be good reason for this word of mouth recommendation.

It is admittedly the perfect laxative for children, women, old people and all others who need a gentle bowel stimulant and not a violent salt, cathartic pill or doctored water. Dr. Caldwell's Syrup Pepsin will act gently, and when taken before retiring will bring complete satisfaction

the morning. After a short use of this remedy all forms of outside aid can be dispensed with and nature will again act alone.

All classes of good American people keep it in the home for ills of the stomach, liver and bowels, and among the thousands who have written the doctor that they will never be without it are Mrs. G. A. Bates, 240 E. 6th St., Salt Lake City, Utah, and Mrs. T. E. Hickman, Tempe, Colo. A dose of it has saved many a person from a serious illness.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

HUMAN HAIR ROOT Showing Dandruff Germs At Work

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Kills the Dandruff Germ and Makes the Hair Grow

Restores Gray Hair to Natural Color

FEW people are aware of the number of Dandruff Germs that infest the human hair and scalp. The germs which locate themselves in the follicle or sack which envelops the root of the hair, spend a lazy existence in sucking up the juices which should go to keep life and strength in the hair. These germs cannot be seen by the naked eye, but with a magnifying glass of from 300 to 400 diameters the spores of this hair destroyer may be seen in masses, clinging to the hair.

DANDRUFF, ITCHING OF THE SCALP AND FALLING HAIR ARE A SURE SIGN OF DESTRUCTIVE GERMS.

Wyeth's Sage and Sulphur Hair Remedy not only kills the dandruff germs and prevents baldness, but it also restores faded and gray hair to natural color.

Don't Experiment With Old Fashioned Hair Dyes but save your hair and restore it to natural color and luxuriance by using Wyeth's Sage and Sulphur Hair Remedy.

Druggists are authorized to sell Sage and Sulphur under guarantee that the money will be refunded if it fails to do exactly as represented.

PRICE 50c AND \$1.00
If your druggist does not keep it send 50c in stamps and we will send you a large bottle, express prepaid.
