Every member of the Pendleton Commercial association including those that have recently put in their application for membership are requested and urged to meet in a body upon Tuesday, March 26, for the purpose of participating in the short parade to be reviewed by the governor. Walker Struck by Train.

That Sam Walker, the man whose body was found near Thorn Hollow recently, was struck by a passing freight train instead of falling off the train as has been supposed is the opinion of Gus Conoyer who lives in the Thorn Hollow country. He states that Walker appeared at his home on the night before the body was found and asked for shelter from the storm but declares he refused permission partly because he had no room and partly because he did not like the stranger's looks. The man continued on up the track, he says, and shortly afterwards he heard a passenger train and a freight train rumble by, one close behind the other. Investigation, he says, shows where the man's tracks turning out to allow the passenger to pass and then resume the track. Therefore, he supposes that in the storm the man did not hear the second train and was struck by it.

Cherry Tree Brand ALL-WOOL CLOTHES

We guaranteed the ACCURACY of every statement made herein, and we ask that you hold us to a strict accountability for our statements when you buy and wear

When the clothing store man points to the label, and says: "This is a Kirschbaum suit," he knows that the suit is ALL-WOOL and a safe suit for you to buy.

The fabric used for every outgarment and every suit—barring mohairs, sold with the Kirschbaum label, is pure wool and all-wool.

Let us tell you how we know; how the retailer knows; why YOU can be sure:

We might go by our own expert judgment—as the result of our over a half-century's experience in handling woolsens.

But we do nothing of the sort. We accept no one's opinion in any matter so vital to the clothes-wearer and to the Kirschbaum reputation.

We chemically test every piece of goods, in a laboratory installed for the purpose in the Kirschbaum factory. First, in the mill-sample and, again when the roll of cloth is received in our examining

room. Thus we make sure that no fabric with the slightest cotton trace can reach our cutting tables. You are getting an ALL-WOOL suit, when you get a suit with the Kirschbaum label.

AND IT'S THOROUGHLY-SHRUNK ALL-WOOL

Your Kirschbaum suit will give you the service you have a right to expect—because it is not only ALL-WOOL but thoroughly-shrunk all-wool.

Our fabrics come from the mills already shrunk. Here again to make sure—to be certain that each piece is thoroughly shrunk, we reshrink it. We use the most thorough shrinking process ever invented—the original London process—and we know that there is no shrink left in a piece of cloth when it goes to our cutting tables.

So, your Kirschbaum suit is ALL-WOOL, shrunk and reshrunk: A vital point—for the lasting excellence of the work of designer, cutter and tailor depends on the fabric.

HAND-TAILORED.

Each Kirschbaum garment is hand-tailored in every essential part—precisely the same as custom tailoring of the better kind. The shape is need-moulded into the all-wool, reshrunk fabric; and the coats are built on a solid foundation of finest hair-cloth and shrunken (linen) canvas. The hidden parts are carefully finished; inside seams are turned and serged, etc.

There is a refinement of detail—an air of tailoring thoroughness, in Kirschbaum clothes, that is a source of gratification as long as you wear them.

AUTHORITATIVE STYLE.

The Kirschbaum Tailor Shops are the birthplace of new styles. This half-century clothes industry is world-wide in its reach and in instant touch with every development in men's fashions.

All clothes sellers know this. Kirschbaum creations are watched for by the clothing interests of America as your well-dressed Englishman observes the wardrobe of the King.

The man in Kirschbaum clothes is in a position of stylish leadership wherever he may appear.

"KIRSCHBAUM'S, THE BEST CLOTHES SHOPS IN AMERICA."

That is the opinion of a "business-engineer," one who is familiar with clothes manufacturing establishments everywhere. This expert was employed by us to show ways of bettering our product. He said: "I have never seen anything so good; I know of no way to improve what you are doing."

In three years the sales of Kirschbaum clothes have increased two millions of dollars. In this period, for every dollar spent in advertising we have spent two dollars in improving the clothes.

THE KIRSCHBAUM WARRANTY

We guarantee our goods to the dealer and his customer. If anything goes wrong, we will make it right. Should you find any imperfection in the cloth or tailoring of a Kirschbaum hand-made garment, it may be returned and the money will be refunded.

WHIP MISERS, SAYS JUDGE.

Kansas City Jurist Sorry He Can't Give Stingy Father Fifty Lashes. Kansas City.—Whipping would be fit punishment for misers who neglect their families, according to Judge E. E. Porterfield of the Juvenile court.

Frank Wyant, who admitted that he had \$23,000 in bank, was before the court for failing to provide his ten-year-old son with clothing and shoes, that the child might attend school.

"I wish I had a whipping post for a miserable old wretch like you," Judge Porterfield told Wyant. "A man like you should have fifty lashes."
