JUST TRY A TEN CENT BOX OF CASCARETS

Insures You for Months Against a Sick Headache, Biliousness, Constipation or a Bad Stomach.

Put aside—just once—the salts, cathartic pills, castor oils or purgative waters which merely force a passage through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach.

Keep your inside organs pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have headache, biliousness, coated tongue, indigestion, sour stomach or constipated bowels. Cascarets belong in every household. Children just love to take them.

AT THE OREGON THEATRE

OREGON THEATRE SUNDAY, MARCH 24

One of the most popular song hits in the Mort H. Singer musical comedy, "Miss Nobody from Starland," is "My Gingham Man," as sung by Clever Olive Vall, which is extraordinarily catchy and suggestive of spoons, under the coercion of mystic stage lights and pretty Misses prowling about.

There is a nutty scene on board the liner Lusitania in the first act of "Miss Nobody from Starland," in which the emigrants invade the first cabin deck. Recently, in an Indiana town, two energetic Italian supers were engaged to lead the enraged mob and they did so with enthusiasm that the "gallant crew" of chorus boys were driven from the stage pell-mell, to the delight of the chorus girls and the disgust of the stage manager.

Olive Vall, who so cleverly portrays the title role in Mort H. Singer's big musical comedy, "Miss Nobody from Starland," wants to eventually retire from the stage and become a farmer. She admits she knows nothing of farming, but she declares in her breezy manner, neither did she know anything about acting when she first contemplated a stage career.

One long season of triumph at the Princess Theater, Chicago, followed by a record-breaking tour of prosperity through the largest cities, has thoroughly established the Mort H. Singer musical comedy, "Miss Nobody from Starland," as one of the really successful bidders for public approval.

At the Oregon tomorrow night.

A pain in the side or back that catches you when you straighten up calls for a rubbing application of BALLARD'S SNOW LINIMENT. It relaxes the contracted muscles and permits ordinary bodily motion without suffering or inconvenience. Price 25c, 50c and \$1. per bottle. Sold by A. C. Koepfen & Bros.

TAX PUT ON FEMALE CATS.

New Jersey Assemblymen Pass Frank Bill Without Dissent.

Trenton, N. J.—By a superhuman effort and the aid of Speaker McCran's gavel, the New Jersey house finally passed Assemblyman Breinger's bill fixing a tax of a dollar a year upon female cats. The vote was 51 to 0, and the author of the measure was surprised and delighted. Every time the bill has come up for consideration heretofore the risibilities of the members have been aroused and a chorus of catcalls has set in. When this course was attempted again Speaker McCran said impressively and with no sign of a smile: "The gentleman from Hudson has been a square sport and he is now entitled to a fair hearing."

Assemblyman Bressinger then made a speech in favor of his measure fairly bubbling with good humor but sticking to the principle of the measure and declaring with impressive eloquence that female cats as hunters of the insect-destroying birds were a menace and ought to be restricted by law. Moreover, he said, the cat has been found to be a dangerous disseminator of contagious diseases and should be suppressed for that reason, if for no other.

Assemblyman Simpson, also of Hudson, said the bill was not complete; that it ought to embrace all cats and not the females alone. He defended the cat as a destroyer of rats and mice, and said it should not be so restrained to such good work. Most of the members voted "No" on the roll call, and Assemblyman Bressinger saw defeat for his bill, but all changed to "Yes" before the announcement was made.

SERUM FOR HEMORRHAGES WILL SAVE MANY LIVES

New York.—A remarkable medical discovery that is expected to rapidly cut down the high mortality from pulmonary tuberculosis and other ailments that cause excessive hemorrhages has been made by physicians at Bellevue hospital. After months of experimental work they have produced a serum which they declare will prevent or almost immediately stop hemorrhages.

During the last few weeks the new remedy has been used with almost invariably success on a number of patients at Bellevue. Most of those treated were tubercular victims. It was also used on several persons known as "bleeders" on cases of internal hemorrhages and on a boy who had bled for a week after two of his teeth were extracted.

The new serum is from the blood of horses, from which the red and white corpuscles have been removed, leaving a colorless fluid. Its application is based on the theory that hemorrhages are due either to a surplus or shortage of certain constituent elements of the blood itself.

MIXES IRISH AND GERMAN WIVES WITH SCOTCH WHISKY

Chauffeur Who Meant to Be Faithful to First Spouse Blames Troubles on Wiles of Second and Hard Liquor, New York.—Thomas Wright is in wrong.

Thomas is a chauffeur of 23 years and a lot of matrimonial experience. He is also in jail, without bail, charged by an Irish girl of generous proportions and a pretty German girl, small but full of fight, with bigamy.

Thomas was arrested by Detective Haggerty of the West Side police court and taken before Magistrate McQuade.

Nora McGrath, who claims to be wife No. 1, lives at 152 West One

Hundred and Twenty-Eighth street. She told the magistrate she was 27 years old and was married to Wright June 27, 1909, by the Rev. Father Green in St. Thomas' church, Manhattan. Because of Thomas' propensity of liquor she left him in September last, telling him that whenever he thought more of her than he did of whisky he might come back for forgiveness.

Here Tillie Egert of 102 Clifton Brooklyn, took up the story. Tillie, who confesses to 28 years, swore she was married to Wright November 16, 1911, in West End Presbyterian church by the Rev. Edward Kelgwin. She was a domestic for Mrs. Nathan Hoffheimer of 544 West One Hundred and Eleventh street, and Thomas was the chauffeur. He won her.

Two weeks after the wedding the bride learned that her husband had another wife. Thomas pleaded guilty and Tillie gave him five cents and told him to "beat it" and slammed the door in his face.

This week the two women got together and had Thomas arrested, giving no explanation of why they waited so long.

"I'm only 23, your honor, an' unso-phisticated," said Tom, "an' the only woman I love and was true to is Nora. I want to go back and live with her. Tillie snared me into marrying her. She used to give me love notes an' put money in my pockets an' lots of things like that. Then one night Tillie invited me down to the apartment an' give me Scotch whisky—awful strong whisky it was—an' I think I must have had somethin' in it, for I didn't come to till two weeks after and I found I was married to Tillie. I don't remember a thing about goin' to the church nor the ceremony, nor the preacher, nor nothing till I woke up an' told Tillie I had another wife."

Nora was willing to forgive her erring spouse, but not Tillie.

AVIATOR FINDS A BODY.

Use of Hydroaeroplane in Search Proves Successful. New Orleans.—A hydroaeroplane was successfully employed in a search which had lasted for eleven days for the body of Herbert P. Johnson, a naval architect, who was drowned in Lake Pontchartrain, Feb. 18.

After futile attempts at dragging sections of the lake and almost constant searching by owners of many launches and motor boats, Fred Dobell of Danville, Ill., a student at an aviation school here, discovered Johnson's body today after circling the lake in a hydroaeroplane several times.

The body was found floating several miles out on the lake.

ROAD TO SUE FOR 80 CENTS.

Camden, N. J.—On a trip to New York some time ago H. F. Cattell of Woodbury offered a mileage book, which the conductor refused to accept saying the time limit had expired. Cattell declined to pay the cash fare, \$2.30, but was not put off the train. The Philadelphia and Reading, which operates trains over the Central Railroad of New Jersey's tracks, sued Cattell for \$1.50, his share of the fare, and got a verdict for the amount. Now the Jersey Central has notified Cattell of its intention of bringing suit against him for 80 cents, the balance of the fare claimed to be due.

PREACHER IS 102 YEARS OLD.

Lives in a Vermont Town and Still Marries and Buries People.

Middlebury, Vt.—Rev. Sedgwick W. Bidwell, 102 years old, entertained friends at his home in East Middlebury a few evening ago.

Mr. Bidwell, who is said to be the oldest Methodist minister in the United States and perhaps in the world, was born in Starksboro, Dec. 9, 1909, and for seventy-eight years has been a preacher of the gospel.

His faculties are still retained to a remarkable degree and his bodily health is excellent. His wonderful memory goes back three generations, and he recalls the roar of the cannon at the battle of Plattsburg.

The venerable preacher was evidently destined for the ministry, for after his first day in school, when he was only 5 years old, he invited stump while he preached to them.

The Rev. Mr. Bidwell's parents were English and among the first settlers in Starksboro. At the age of 18 years his school days appeared his playmates to gather about a tree to be over and for two years thereafter he taught school. One year later he attended Hinesburg Academy and in the same year was admitted to the Methodist church. In the year of 1824 he received a license to preach. He was then 24 years old, and for over three-quarters of a century he has been serving his church.

During this time he has preached in twenty-three different towns in Vermont and New York state.

During his long career as a minister he has officiated at more than 150 funerals and over 400 weddings, having performed about a dozen during the last year. On several occasions he has been called upon to perform the ceremony of marriage when he received only a bushel of potatoes or corn as fee.

On his 100th anniversary the Rev. Mr. Bidwell was asked to preach at the Methodist church in East Middlebury, and he delivered a brief address to the full satisfaction of a large congregation.

STATE TREE TULIP IN LAND OF JULEP

Frankfort, Ky.—After it had been shown to the satisfaction of the state senators that the bluegrass state has a flower, the Upper House of the legislature voted to adopt the bluegrass as the Kentucky state flower, and the tulip as the state tree. Advocates of the goldenrod were able to muster only 13 to 16 for the bluegrass. The bill now goes to the lower house.

COLONISTS ARRIVING BY THE THOUSANDS

FORT GEORGE COUNTRY IN CENTRAL BRITISH COLUMBIA THE GOAL OF HOMESEEKERS.

Owing to Ever Increasing Demand for This Fertile Farm Land, Prices Are Expected to Soon Soar.

Buying lands in the fertile valleys of Central British Columbia, near Fort George, is not speculation.

The Grand Trunk Pacific, Canada's great transcontinental railway, has just built into this territory and opened to settlement what is termed by all who have thoroughly familiarized themselves with the mild climate, rich soil and beautiful scenery, as "The Paradise of the Pacific."

British Columbia is an undeveloped region affording great opportunities to those who get in on the "ground floor."

As evidence of his great confidence in the British Columbia country, the Duke of Sutherland bought 10,000 acres of these lands in London during the year 1910. Later, he came out with a party of titled gentlemen and purchased 15,000 additional acres. This entire acreage is being cut up into 40-acre farms and will be colonized by the Duke of Sutherland, working in conjunction with the North Coast Land Co.

The farms will be cleared, fenced, barn erected and first crop put in.

The North Coast Land Co. will locate about 5,000 Scotchmen this spring on these lands which are about 20 miles S. E. of Fort George, on the Frazer river at a place called White's Landing. This company has also established a large German settlement about 5 miles S. E. of Fort George, many sections of land having been sold to the latter.

Where the North Coast Land Co. can sell six or more sections to any one colony wishing to locate in the Fort George country, they will assure the building of needed roads through the Provincial government; will deed enough land for school house, church and cemetery; will pay for one half of construction of school house and church and help the settlers in every way possible.

Two years ago there were only 200 people in Fort George; at present there are over 2,000 and at the end of this year we can reasonably expect a population of over 10,000.

Work is plentiful here. Land of all kinds has doubled in price in the last two years. What will it do in two more years when the land is well forward in development and homeseekers who will be arriving by the thousands from this on commence to reap their returns.

If you want to learn the truth about this great country, ask us.
