FURTHER ADVANCE IN HOG MARKET

GREAT DECREASE IN OFFERING SEND PRICES UP

Coast Towns Show Only Increase of Production—No Cattle Come Forward—Wheat Is Also Short—Wheat Advances.

(From Friday's Journal.) The great decrease in offerings of hogs at points east of the Rockies caused a further advance in the price of leading centers and forced additional strength elsewhere. The record advances in the price in the central west recently has caused much speculation among the country's

trade as to the real cause of the decreased showing of supplies. That weather conditions have much to do with this condition is an absolute fact, but it is now generally agreed that packing interests have been too free in their estimations of increased production.

In this they have allowed their opinions to be swayed by their necessities. How prices dropped fast in anticipation of this huge marketing, but the after returns did not bear out in the least the forecasts made by the bulk killers.

Coast Shows Only Increase. The Pacific coast has shown the only increase in the number of hogs produced, and it has been this heavy marketing that has forced prices to the point where, instead of showing a substantial premium over the values that ruled east of the Rockies, a decreased value has been in effect.

No killing hogs have been marketed at North Portland for several days. For that reason all statements regarding the price must be placed on a nominal basis. The last hogs marketed here brought \$7, but it is quite possible that more money than this would now be obtainable owing to the general strengthening of the situation.

Much Strength for Cattle.

Eastern markets continue to reflect much strength in the cattle trade, but as there was nothing in the North Portland yards available for the market today, no change was noted in the situation.

Table with 2 columns: Description and Price. Items include Heavy fancy steers, Choice steers, Select steers, Common steers, Feeder steers, Speyed heifers, Ordinary cows, Fancy cows, Fancy light calves, and Fancy lambs.

Great Shortage of Mutton.

There has been an extreme shortage of mutton at North Portland during recent days and naturally this will have some effect upon the price. There was no showing at all today and only 11 head appeared yesterday. In fact since the good showing of Monday, there have been few sheep in the yards available for the trade.

Table with 2 columns: Description and Price. Items include Select spring lambs, Wool lambs, Ordinary lambs, Yearlings, Old wethers, and Fancy ewes.

Advocates Early Marriages. Writer of Many Books Gives Opinion of Love Life of City Boys and Girls.

London.—Mrs Katherine Sarah Macquoid, the novelist, who recently celebrated her eighty-eighth birthday, gave some interesting expressions of opinion on topics of the day.

"I think," she said, "that the London girl is quite safe in marrying early in life, where it would be a great mistake for her country cousin to do so. The city girl sees life and knows the ways of the world much better than if she lived in the provinces. She knows her own mind and seldom make a mistake.

The "Child's Welfare" movement has challenged the attention of thoughtful people everywhere. Mothers are natural supporters, and will find in Foley's Honey and Tar Compound a most valuable aid.

MOTHER PERISHES TO SAVE BABIES AS THEY ARE RESCUED

New York Woman Enters Flame Filled Tenement by Front Way—Children Taken to Fire Escape.

New York.—Mrs. Celia Kooperstein gave up her life in an effort to reach and rescue her three children from a fire which destroyed the four story tenement at 307 Tompkins avenue, Brooklyn. She was on the sidewalk when the fire started and while she was fighting her way through the flames and smoke her children were being carried to safety down a rear fire escape.

John W. Sickle-Smith, Greensboro, Pa., has three children and like most children they frequently take cold. "We have tried several kinds of cough medicine," he says, "but have never found any yet that did them as much good as Chamberlain's Cough Remedy." For sale by all dealers.

FIREMAN FOUND ON FIRE.

Comrades "Put Him Out" and Docket a New Entry. Darby, Pa.—Although he is one of the most active members of the newly organized Darby fire patrol No. 2, and has never missed responding to an alarm since the company was organized, Howard B. Talbot of Pine street, failed to discover that he himself was on fire and could not assist in the work of fighting the flames.

Talbot was walking at Fifth and Main streets this morning when several comrades noticed smoke coming from the skirt of his coat. Telling him that he was on fire and to stand still and not become alarmed, the other members began the work of extinguishing the flames with their hands, which they succeeded in doing after five minutes, during which the pocket was destroyed.

The following entry was made in the fire book of the patrol, which occasioned considerable amusement: "Fire—Howard B. Talbot; location, Fifth and Main streets; origin, unknown; loss, not stated; not covered by insurance."

WOMEN IN WASHINGTON ARE AMAZED AT A COAT

Beautiful Sable Garment of Russian Ambassador's Wife Astonishes the Smart Set. Washington.—Madame Bakmeteff, wife of the Russian ambassador, is creating havoc among the women of the capital with her magnificent collection of furs, which she has been able to wear to the best possible advantage in the cold days of this season.

In the collection is a Russian sable coat which reaches to the bottom of her skirt and entirely envelops her. It was a Christmas present from the ambassador, and much surprise has been caused by the fact that it was bought in this country instead of being bought in Russia. The price was \$12,000.

It outwits the magnificent fur coats which were a part of the trousseau of Mrs. Edward T. Stotesbury, formerly Mrs. Oliver Cromwell and it is said by experts that its equal has never been seen in Washington.
