AT THE PICTURE SHOWS

Orpheum.
An extra good program for Tuesday's change. Four full reels of the best pictures.

1. "An Antique Ring." Lubin. Joseph Simpson is a candidate for reelection for governor. Jim Dixon is on the opposition ticket and he and his party bribe Simpson's clerks to invent a story that will hurt his employer in the public eye. Simpson has a ring in his drawer which he intends to present to his wife. They hint to Mrs. Simpson that her husband is flirting with his stenographer. With the aid of the girl, brings in the ring as a proof. The plot is discovered and all is explained satisfactorily to the couple.

2. "The Bell Ringer of the Abby." Pathe. A beautiful legend of old Brittany tells the story of an aged bell ringer who finds, one dark night, the bell of the bell of the refuses to ring and the devil appears before him. He is saved by an angel who in the garb of a ragged urchin begs for food.

3. "Across the Polar Seas." Pathe. An interesting view of the frozen north.

4. "The Grip Snatcher." Essanay. Jimmie, a letter about the railroad stations relieves an old man of his grip. He later finds out that he is a physician returning from Africa. All he finds in the grip are two glass tubes, containing what tastes like gin. He goes to the doctor at once and tells him he has drunk the germs. The doctor puts him to bed and one week later is released as cured. He did not drink the germs but some raw alcohol.

5. "The Battle of Pottsborg Bridge." Kalem. The story of a southern girl's bravery and the way she saved her brother when he is discovered by a sentry, badly wounded.

Musical program:
1—Paid in Full. Waltz. W. P. Peters.
2—Liza Schottische. Van Alstyne.

3—Love Sparks. Waltz. C. Blake Holzman.
4—Yankee Kid Twostep. C. Blake.
5—Sly Cupid Waltzes. S. Fern.

The Pastime.
The home of good pictures. Tuesday's change of program includes two big feature films.

"Winning Is Losing." Vitagraph. Featuring Maurice Costello as her sweetheart. Winning a fast racing trot on the track, a young man loses his sweetheart, but by a happy thought, wins her back again. This horse wins when it is expected to lose, but little Dan Cupid takes the reins and brings the happy couple under the wire—prize winners in the race of love.

"Far from Erin's Isle." Kalem. This is a production which will linger in the mind. Gene Gauntier as Kathleen the Irish girl, who is dissatisfied with her simple surroundings tells Brian her lover of her ambition to go to America. A vein of pathos, woven through this drama, will touch the hearts of every one and the picture of Irish life and the strife in a large American city are vividly portrayed.

"Ordered to Move On." Eclipse. Showing the adventures of a young musical genius following the death of his father.

"Indian Blood." American Pathe. A stirring drama, full of thrills.

"Maderia, Portugal." Eclipse. A scenic novelty.

Musical program.
No. 1—St. Patrick's Day in the Morning. Variations.
No. 2—Wearing of the Green. Variations.
No. 3—Come Back to Erin. Variations.
No. 4—Rocky Road to Dublin. Variations.
No. 5—Kilbarney. Variations.

The Cosy.
Monday and Tuesday feature western and lots of comedy.
"That Man from the Foot Hills." Nestor. Shappy western story full of hard riding and daring incidents. A cowboy, accused of theft, was captured by the posse after some wild

riding, but his innocence was proven in a dramatic way.

"Cardinal Farley's Return." Powers. Showing good views of his eminence, the immense crowds, and also some fine views of the big steamship Berlin.

"An Expensive Ride." Majestic. Amusing story of an auto ride and its nerve-racking sequel. The party ran over a woman and were forced to pay her hush money for weeks. The clever way in which they finally got out of the mess is both laughable and unexpected.

"An abundant Candle." Itala. The man was sent for a candle but becoming somewhat tipsy brought home a fullgrown lamp post.

"Mania for Caricature." Itala. Introducing a very clever, rapid fire artist who draws your picture while you wait.

"Beautiful Christiania." Powers. Views of the city and wild country surrounding it taken from a moving boat.

terms of the act of February 13, 1911 (36 Stat., 992), for the water users to secure easier terms of payment, and at the same time recover for the Reclamation Fund, as required by the terms of the Reclamation Act the cost of building, operation and maintenance of the irrigation works as now estimated;

"Now, therefore, the following public notice is issued under the terms of Section 4 of the Reclamation Act and of the said Act of February 13, 1911:

"1. All applications for water rights heretofore filed under the terms of the public notice heretofore issued may be continued under the terms thereof, if the said public notices be fully complied with by payment or otherwise within two months from the date hereof.

"2. For the purpose of avoiding the cancellation of entries and water right applications for which the entrymen or owners shall have failed within two months from the date hereof, to comply by payment or otherwise under which their water right applications were made, it is hereby ordered that water right applications at the increased rates herein named may be made within two months from the date hereof as amendatory to water right applications heretofore filed, and original entries and water right applications shall be made at the new rates when none have been heretofore filed. The new rates shall apply also in case where prior entries are canceled and new entries made without written assignment of credits for payments heretofore made. The portion of the charge on account of building the irrigation system shall be \$70 per acre of irrigable land, and shall be due and payable in not more than ten annual payments."

A table, covering the graduation and classification, accompanies the notice.

The stockholders of the Umatilla association will take the matter up at their annual meeting which will be held at Skinner hall next Saturday afternoon. It is not generally looked upon as a favorable proposition to the settlers.

FARMERS MAKE BAD ROADS.
Highway Experts Advocate Construction by Men Who Know How.
Kansas City, Mo.—That working of roads by farmers is a mistake and should be discouraged, is the opinion of the Missouri Association of County Highway Engineers. Instead of allowing the farmers to pay poll tax by working the roads it is advocated by the engineers that he should pay the cash and let men who know how build the highways.

"More money and more intelligent work are needed to make good roads," said one engineer in his speech. "The money we spend each year in a small way is wasted."

"Turn the money over to persons who know how this work ought to be done," was the advice of C. C. Racine, master of the State Grange.

WOMEN TO GUN FOR VOTES.
Mrs. O. H. P. Belmont Belligerent in Predicting Suffragist Methods.
New York.—Not stones, but shot-guns; not broken windows, but broken heads.

That is the war cry of the militant women suffragists in the United States.

That these women will form an army, equip themselves for battle and engage in warfare to the death with the corrupt politicians who are withholding the right of the ballot, is the startling prediction of Mrs. O. H. P. Belmont, president of the Political Equality Association of New York. She said significantly:

"And it will be soon."

Sensible Women Know Foundation of Health

As health talks to women become more general, both in the newspapers and on the platform, the mass of women are beginning to realize what the more cultivated have always known, that good health cannot be found in a powder box. The external of health may be obtained in that way, but the basis of health lies deeper, and yet is just as easily obtained.

The most important thing that a woman can do for herself, and about which she is often most neglectful, is to watch the condition of her stomach and bowels. The weary eyes, the bad breath, the frequent headaches, the pimples, the general air of lassitude is nine times out of ten the result of constipation or indigestion, or both. Many simple remedies can be obtained, but the best in the estimation of most women is Dr. Caldwell's Syrup Pepsin. It is mild, pleasant to the taste and exactly suited to her needs. It is far superior to salts, cathartic pills, waters, etc., which are entirely too violent.

Women should see to it that they have at least one movement of the bowels each day, and when showing any tendency to constipation should take Dr. Caldwell's Syrup Pepsin in the small dose prescribed. A brief use of it will so train the stomach and bowel muscles that all forms of medicine can be dispensed with. These opinions are voiced by thousands of women, after personal experience, among them Alta M. Lilly, Belwin, Calif., and Mary A. Heebe, St. Thomas, Nevada.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

RECLAMATION SERVICE ISSUES GRADUATION PLAN
Proposition Not as Settlers Wished and Sought for in Amendment Submitted by Water Users' Association.

(Special Correspondence.)
Hermiston, Ore., March 26.—Adhering to the plan of graduation of water right payments as arranged by the reclamation service and which the Umatilla Water Users' association sought to have amended—which was refused—the department of the interior has issued the public notice of March 2 which reads as follows:

"Whereas, under the provisions of the Reclamation Act of June 17, 1902 (32 Stat., 388), works for irrigation have been constructed or are in contemplation for the irrigation and reclamation of lands under the Umatilla project, Oregon, and the cost thereof must be paid by the water users, as required by said act, in not exceeding ten annual instalments, and,

There is more Catarah in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, announced it incurable. Science has proven Catarah to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarah Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & Co., Toledo, Ohio.
Sold by Druggists, 75c.
