STRIKERS HURT BOYS IN ABERDEEN FIGHT

High School Students Working in Mills Are Objects of Fierce Attack. Aberdeen, Wash.—In an attack by strikers on the Anderson Q Middle-ton mill several young men were injured, one being taken to the hospital. They were all high school boys, who were spending their vacation filling the places of strikers at the mills and those of longshoremen on the water front. None is badly hurt. The strikers threaten the closing of this mill so as to cut off the electric lights for the city.

When the employes started out with their teams they were assaulted by the strikers, and a general mixup occurred. Matters are now at a tension. The strikers are confident, while the men anxious to work and

the general public are exasperated and indignant. The feeling is that the climax is near and trouble is anticipated at any time. Strikers are attempting to buy revolvers and otherwise preparing for violence.

A demonstration at the Western Cooperaage almost resulted in trouble. Several high school boys, longshoring were assaulted, one named McKenna was hurt and trouble was averted only by the presence of special police.

AMERICAN FLAGS FLY OVER ALL SAWMILLS

Owners Raise Banner to Show That Only Citizens Are Employed There.

Hoquiam, Wash.—An American flag floats over the entrance to every mill on Grays Harbor, signifying that hereafter none but American citizens will be hired in the plants. The decision was reached at a meeting of the mill men, who had forseen all kinds of trouble since the employment of Greeks and Slavic labor, and since the strike started a week ago. No violence has resulted in this city.

A. H. Kuhn, for years manager of the Hoquiam Lumber & Shingle Company's mill, resigned his position and will leave soon for Panama. He says the fight has proved too strenuous for his advanced age.

412-DOG RACE AT NOME NEXT MONTH

Famous Dog Driver Falls to Return From Siberian Coast Where He Is Marooned.

Nome, Alaska.—Few entries have been received for the 1912 all-Alaska sweepstakes, the great dog race of the North, which will be run next month over the 412-mile course from Nome to Candle and return. The

only contestants in sight are A. A. of John Johnson, the famous dog owned by Mrs. Charles E. Darling, of Berkeley, Cal.; Charles Johnson, Alexander Holmsen and possibly Blatchford. Holmsen will drive Colonel Sir James Ramsey's team of Siberian wolf-hounds, taking the place of John Johnson, the famous dog team driver who has always handled the wolves, and who is marooned on the Siberian coast. Johnson went to Siberia late last fall to get dogs for the race, and was left stranded when the ice moving down from the Arctic drove his schooner back to the American shore.

County Commissioners Order New Locks for Courthouse.

Sandusky, Ohio.—Having found that keys are in the possession of persons who have no right to them, the commissioners ordered a new lock placed on the door of the courthouse. Hereafter the sheriff will carry the key.

COLONISTS ARRIVING BY THE THOUSANDS

FORT GEORGE COUNTRY IN CENTRAL BRITISH COLUMBIA THE GOAL OF HOMESEEKERS.

Owing to Ever Increasing Demand for This Fertile Farm Land, Prices Are Expected to Soon Soar.

Buying lands in the fertile valleys of Central British Columbia, near Fort George, is not speculation.

The Grand Trunk Pacific, Canada's great transcontinental railway, has just built into this territory and opened to settlement what is termed by all who have thoroughly familiarized themselves with the mild climate, rich soil and beautiful scenery, as "The Paradise of the Pacific."

British Columbia is an undeveloped region affording great opportunities to those who get in on the "ground floor."

As evidence of his great confidence in the British Columbia country, the Duke of Sutherland bought 10,000 acres of these lands in London during the year 1910. Later, he came out with a party of titled gentlemen and purchased 15,000 additional acres. This entire acreage is being cut up into 49 acre farms and will be colonized by the Duke of Sutherland, working in conjunction with the North Coast Land Co.

The farms will be cleared, fenced, barn erected and first crop put in.

The North Coast Land Co. will locate about 5,000 Scotchmen this spring on these lands which are about 29 miles S. E. of Fort George, on the Fraser river at a place called White's Landing. This company has also established a large German settlement about 5 miles S. E. of Fort George, many sections of land having been sold to the latter.

Where the North Coast Land Co. can sell six or more sections to any one colony wishing to locate in the

Fort George country, they will assure the building of needed roads through the Provincial government; will deed enough land for school house, church and cemetery; will pay for one half of construction of school house and church and help the settlers in every way possible.

Two years ago there were only 200 people in Fort George; at present there are over 2,000 and at the end of this year we can reasonably expect a population of over 10,000.

Work is plentiful here. Land of all kinds has doubled in price in the last two years. What will it do in two more years when the railroads are all completed, when the land is well forward in development and homeseekers who will be arriving by the thousands from this on commence to reap their returns.

If you want to learn the truth about this great country, ask us.

FARMER IN JAIL FOR \$3; CANNOT LOOSEN TIGHT WAD

Orange, Ill.—John Allen, a farmer of Livingston, N. J., is in the Orange jail booked as "Tightwad." He owes a fine of \$3 and has a roll of bills that are in such a tight ball that nobody can get them apart. Allen estimates there is \$150 in the roll.

Police Chief Drabell worked several hours trying to pull the bills apart and so get Allen out of jail. But Allen probably will have to serve out his fine.

Allen got hold of the roll the other day and bought a new pocketbook in which to keep it. The pocketbook seemed to be made more of glue than of leather. He put it in a hip pocket and started on a long walk. The rain came down and soaked the pocketbook, and when everything had dried out there was the roll of bills gummed together in a hard ball.

As soon as he gets out of jail, where he went on a charge of intoxication, Allen will send the wad to Washington to see if the treasury department can do anything with it.

Notice to Stockmen.
