

S.S.S. Cures Skin Diseases

Nature has made ample provision in the sunshine and moisture of the air for the outward life and protection of the skin, but the more important work of nourishing the cuticle has been left to an inward source—the blood. It is from the circulation that the pores and glands receive their support, and the fibrous tissues are all preserved in a healthful state because of constant nourishment supplied by the blood.

So long as the blood is pure and rich the skin will be free from eruptions or disease, but when the circulation becomes infected with acids and humors its nourishing and healthful properties are greatly diminished, and this acid, humor-laden condition causes irritation and inflammation of the delicate tissues and fibres. Then the effect is shown in Eczema, Acne, Tetter, Salt Rheum, or some other distressing, disfiguring skin disease.

Humors and impurities get into the blood through a deranged or inactive condition of the system. Those members whose duty it is to collect and expel the refuse matter of the system fail to properly do their work, and this surplus or waste matter is left in the system to sour and be absorbed into the blood.

The cause of all skin diseases can be traced to some humor or acid in the blood. Smooth, healthy skins are only possible where the circulation is pure; and therefore the cure of any skin affection can only come from a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., are available only for their ability to keep the skin clean, allay superficial irritation, or soften the hardened cuticle. Such treatment cannot cure because it does not reach the blood where the cause is located, and to depend upon such measures alone usually results in the aggravation and spreading of any skin trouble.

S. S. S. cures Skin Diseases of every kind by neutralizing the acids and removing all humors or other impurities from the blood. S. S. S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its rich, nutritious corpuscles, and adds to its purity and nourishing qualities in every way. Then the skin instead of being irritated and inflamed by acids and fiery humors, is nourished, soothed and made perfect by a plentiful supply of rich, pure blood. S. S. S. is the greatest of all blood purifiers and therein lies its ability to cure skin troubles.

Sales made in the cattle division today were showing similar prices to those recently in effect, there not being the slightest improvement in prices.

bles. It cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, rashes and all eruptions of the cuticle. These troubles cannot remain when the cause has been removed, and S. S. S. will certainly remove the cause by purifying the blood. Book on Skin Diseases and medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

FURTHER ADVANCE IN SWINE MARKET

STILL GREATER IMPROVEMENT SHOWN AT EASTERN CENTERS

Cattle Market Nominal and Killers Are Pleased With Light Receipts—Easter Lambs Bring Good Price—Wheat Advances.

(From Tuesday's Journal.) There was a further advance of 5c in the price of hogs at North Portland but a still greater improvement was shown east of the Rockies. By degrees the eastern trade is widening the stretch between quotations.

The great movement of swine at eastern centers is not nearly as big as anticipated even though some supplies are now coming forward that were ready for market a week or more ago.

At North Portland this morning one small lot of swine sold at \$7.25, or a nickel more than yesterday's top. The lot that brought this figure consisted of but 59 head that averaged 180 pounds. This was an extra select offering. Some other stuff that was considerably lighter sold at \$7.10 about the same time, while some feeders and China fats went at \$7 for 55 head and \$6.75 for 10 head.

Since the great differential between the local price and the one in effect east of the Rockies has appeared, there is seemingly a more limited demand for feeder stuff.

Sharp Advances in Middle West. There was a very sharp upward tilt to prices at middle west centers today for hogs. The greater call coming from killers was a surprise to the trade generally and this brought forth one of the sharpest advances of the present movement.

Nominal North Portland prices: Fancy \$ 7.25 Good heavy 7.10@7.15 Medium light 7.20@7.25 Rough and heavy 6.50 Stockers 7.00

Cattle Market Is Nominal. Only a handful of cattle came forward for market at North Portland today. There is still such a liberal carryover that killers are seemingly pleased when a lesser number of head come forward to press upon them.

Sales made in the cattle division today were showing similar prices to those recently in effect, there not being the slightest improvement in prices.

North Portland cattle prices: Heavy fancy steers 6.55 Choice steers 6.25@6.40 Select steers 6.25 Common steers 4.75@5.00 Feeder steers 4.75 Spayed steers 5.90@6.00 Ordinary heifers 5.00@5.25 Fancy cows 5.00@5.50 Fancy light calves 8.50 Medium light calves 7.50 Fancy lambs 4.50@5.00 Ordinary bulls 4.00@4.25 Common bulls 3.75@4.00

Easter Lambs at \$9. Advance sales of lambs for the Easter trade are being made at \$7 in the North Portland market. The general mutton market is exceedingly firm here. There were no arrivals for the day and prices are nominally quoted. A further rise of 25c would safely be made for fancy quality. Yearlings could be good enough to bring \$5.75 at this time, although the bulk of the supply would not likely move above \$5.25@5.50. Wool lambs of extreme quality would be worth \$6.50 on the present basis, and sheared stuff of equal quality \$5.50.

Nominal sheep prices today: Spring lambs 9.00 Wool lambs 6.50 Yearlings, best 7.75 Yearlings, ordinary 5.25 Select ewes 4.85@4.90 Ordinary ewes 4.25@4.35 Shorn stock is quoted about \$1 less.

Save Your Carpets Keep a Dustless Home

It is hard on your carpets to sweep them with a stiff broom or a carpet sweeper. They tear and injure the nap of the carpet more by one sweeping than walking over it a month would.

Beating a carpet on a line is ruinous too. It breaks the warp, takes the natural stiffness out and causes it to wear out much quicker than it should.

If you run over your carpets and rugs every day or two with a DOMESTIC VACUUM CLEANER (runs like a carpet sweeper) you will keep them as clean as your table linen every day and you will never have to take them up off the floor. Not only this, but you will add many months and years to their life. Think of the saving in money, time and hard work it will mean to you.

The DOMESTIC rolls over the floor and sucks up the dirt without the slightest wear to the carpet—no brushes—no bristles—just a strong blast of air rushing through your carpet up into the cleaner carrying all the dust, dirt, moths and microbes with it and not one particle of the dust escapes from the cleaner to settle again in the room as it does with the old fashioned methods.

It keeps the nap raised, making the carpet soft to walk upon and the original colors are kept bright and fresh as new.

Thousands of housewives who are now using DOMESTICS are enthusiastic in their praise of them and would not part with them at any cost. Call and see them. There is nothing to get out of order—nothing to wear out.
