B. P. O. E. TO AID IN PROTECTING ELK

LA GRANDE LODGE STARTS MOVEMENT IN OREGON

Will Urge Other Organizations to Join in Raising Fund for Rewarding Capture and Conviction of Slayers of Antelope Animals.

What is considered by State Game Warden Finley to be the most important move ever made for the protection of game in Oregon will be made by the La Grande lodge of Elks tomorrow evening, according to advice received here today. It will be the adoption of a resolution calling upon the other Elks' lodges of the state to contribute toward a fund to be used in assisting the state game department in securing convictions against those who kill elk in this state, contrary to law.

There are 14 lodges in the state and included in the resolution will be a motion that the La Grande lodge appropriate its \$600 or \$700 necessary to raise a fund of \$5000 or \$6,000.

It was the original intention of the La Grande Elks to have this fund used by offering rewards of \$500 each for information leading to the arrest and conviction of anyone killing an elk in this state. At the suggestion of State Game Warden Finley, however, the fund, if raised, will probably be made permanent and only the interest used in the rewards. Though this will not give a very large sum at first Mr. Finley has offered to supplement it from the state game fund so that a reward of \$250 could be offered at

first and later funds sufficient for the full \$500 reward for each case will be available.

According to the state game warden the chief importance of this move lies not in the fact that a large reward is to be offered but in that several thousand prominent citizens throughout the state are directly contributing to a fund for the protection of elk and will therefore have a personal interest in the several small bands yet remaining in different parts of Oregon. Mr. Finley says this cooperation will result in the arousing of a public sentiment which will make possible full and complete protection of this, the noblest of all game animals. He also believes the good effects will not be confined to elk alone but will be extended to game protection in general.

This is the second important move made by the La Grande lodge along the same line and both are directly due to the importation of the famous "Oregon Herd" of elk from Jackson Hole, Wyoming, to Wallbwa county, Oregon. The first was the sending out of personal letters to each of the lodge's 500 members in Union and Wallowa counties, calling upon them to cooperate to the fullest extent with the state game warden and his deputies in their efforts to prevent the annihilation of Oregon's game.

It is believed by those most interested in the matter that the bringing of this herd of elk to Oregon by the joint efforts of the state game department and the Elks lodges has resulted in the awakening of a greater sentiment in favor of game protection throughout Oregon than has heretofore existed.

I. E. Young, of Milton, candidate for the republican nomination for county school superintendent, was among the visitors in Pendleton yesterday.

This involves a promissory note for \$1890 which Dozier gave Madison Jones, which note however, Dozier claims to have been settled. Judge Phelps recently decided in favor of the latter and it is from this decision that the appeal is being made.

Runs Nail in Her Foot.

The only accident attending the ceremonies at the cornerstone ceremonies yesterday was one which befell Mrs. Ben L. Burroughs and from which she will be unable to walk for several days. She was taken to her home where the wound was dressed.

After the meeting an attempt will be made to organize a woman's league here with a men's auxiliary. Everyone is invited to be present and hear the message which the ladies bring.

Judge Lowell Paints Word Picture.

Judge Stephen A. Lowell of Pendleton presented the Rotary club at luncheon in the Imperial hotel this afternoon with a "moving picture" in words of Oregon's beauties. The scenic attractiveness of the Beaver state from the sounding Pacific to the magic caves of southern Oregon and the sun-lit wheat fields of Umatilla county were skillfully depicted by Judge Lowell, who asserted that nowhere, in the United States or abroad, can such wonder of scenery be found as characterize any locality of Oregon.

"The zone of power; the fairest gem set in the diadem of the Pacific; a strange, mystic, beautiful mixing of the gross and fine; the cultivated and the wild," were some of the descriptive phrases used by Judge Lowell.—Portland Journal.

Governor's Trowel Not Stolen.

Governor Oswald West is still in possession of his silver trowel with which he spread the mortar at the cornerstone yesterday, reports to the contrary notwithstanding, according to Sheriff T. D. Taylor who declares that the chief executive informed him late last night that the trowel was safe in his grip. Reports were circulated on the streets this morning that the trowel had been stolen as a souvenir yesterday and they grew so strong that the name of a well known Pendleton lady was linked with the theft. Sheriff Taylor was credited with having seen the lady in question pick up the trowel but he denies having witnessed any such transaction. The sheriff states that he heard the rumors last night and made it a point to inquire of the governor who dispelled the rumors by stating that he himself had made away with the gift of the Commercial club.

DRAGGED BY TRAIN, HANGS ON TO CHEW SANDWICH

Lacerated by the Pull of 200 Feet, Takes Another Bite When Train Is Brought to a Stop.

Reno, Nev.—When train number 10 the east bound fast mail, stopped in Reno a morning or two ago an elderly stranger alighted and hurrying to a lunch counter secured a cheese sandwich and a cup of coffee, paying for the same the sum of fifteen cents, ten cents less than he could have

procured the food and drink for on the diner.

As he was munching the sandwich the train whistled and the stranger ran to grab his car. He was a little late but managed to grasp a handle. He lost his grasp and managed to grip the steps on the car.

He clung to the step until he was dragged 200 yards when the emergency was pulled and the train stopped.

The stranger was badly bruised and lacerated but he still retained his grip on the sandwich and coolly took another bite.

COCHRAN OPTIMISTIC OVER POLITICAL RACE

George T. Cochran, of La Grande, candidate for the republican nomination for congress from the eastern Oregon district, was a visitor here yesterday during the cornerstone laying exercises.

In speaking of his candidacy, Mr. Cochran expressed great optimism. He figures that the race at present is between himself and N. J. Sinnott of The Dalles, with the odds all in favor of himself. According to Mr. Cochran his candidacy appeals largely to waterusers with whom he has come in contact during his work as water commissioner for this district. He is running upon a progressive platform but says that he will have considerable support from reactionary sources for the reason many of that element took up the advocacy of his nomination before Judge Ellis entered the race.

When a man is completely wrapped up in himself the package is apt to be small.
