Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as **Mother's Friend**, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes plant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by **Mother's Friend** dispels the fear that the crisis may not be safely met. **Mother's Friend** assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. **Mother's Friend** is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. **BRADFIELD REGULATOR CO., Atlanta, Ga.**

PHYSICIAN ADVISES CUTICURA REMEDIES

For Eczema, Patient's Wrist and Shin Itched Like Poison. Scratched Until They Bled. Says: "Cuticura Soap and Ointment Cured Me."

"Four years ago I had places break out on my wrist and on my shin which would itch and burn by spells, and scratching them would not seem to give any relief. When the trouble first began, my wrist and shin itched like poison. I would scratch those places until they would bleed before I could get any relief. Afterwards the places would scale over, and the flesh underneath would look red and feverish. Sometimes it would begin to itch until it would waken me from my sleep, and I would have to go through the scratching ordeal again. I consulted my physician in regard to it, and he pronounced it "dry eczema." I used an ointment which the doctor gave me, but it did no good. Then he advised me to try the Cuticura Remedies. As this trouble has been in our family for years, and is considered hereditary, I felt anxious to try to head it off. I got the Cuticura Soap, Ointment and Pills, and they seemed to be just what I needed. The disease was making great headway on my system until I got the Cuticura Remedies which have cleared my skin of the great pest. From the time the eczema healed four years ago, until now, I have never felt any of its pest, and I am thankful to the Cuticura Soap and Ointment which certainly cured me. I always use the Cuticura Soap for toilet, and I hope other sufferers from skin diseases will use the Cuticura Soap and Ointment." (Signed) Irven Hutchison, Three Rivers, Mich., Mar. 16, 1911.

Although Cuticura Soap and Ointment are sold throughout the world, a liberal sample of each, with 32-p. book on the skin and scalp will be sent free, on application to **Protector Drug & Chem. Corp., Dept. 17A, Boston.**

S. D. PETERSON, OF MILTON, OREGON

REPUBLICAN CANDIDATE FOR RENOMINATION FOR REPRESENTATIVE

A Public Official Who HAS Served the People for the People's Interest.

TO THE REPUBLICAN VOTERS OF UMATILLA COUNTY:

I am a candidate for re-election to the Legislature. During the last session I worked for what I believed to be the best interests of our people as a whole. The political machines attempted to control and dominate me. By my refusal to "line up" and accept their dictation, I incurred their enmity, and they are now fighting me. This fact alone is convincing proof that I worked for the interests of the people, and not the machine or special interests.

In the speakership fight, I was commanded by the machine to vote for Lair Thompson for speaker. Thompson is a genuine machine politician, and was the leader of the machine in the house. I refused to vote for him, but worked and voted for the election of Rusk, the progressive candidate.

I was urged by the machine to oppose Senate Bill No. 75. This law places the State Printer upon a flat salary, and removes the graft which has heretofore been connected with the office. It saves the taxpayers of Oregon from thirty to forty thousand dollars per annum. The machine lined up unanimously in opposition to the bill. I voted for the bill and worked hard to secure its passage. After a bitter fight the bill passed and is now a law.

I was urged by the machine to support House Bill No. 218—The Rogue River Fish Bill, which would have repealed a law passed by the people less than two months before. I fought the bill, but the machine and lobbyists secured its passage. It was afterwards vetoed by the governor.

I can point out scores of instances wherein the machine attempted to control me, and wherein the people are vitally interested, and show that in every instance I was with the people and against the machine. I urge the voters to investigate and examine the records, and see for yourselves where I stood. The machine is opposed to me because they know that they cannot control me.

Respectfully yours,
 S. D. PETERSON.
