WEE PORTIA AT TRIAL.

Six-Year-Old Talks Man Out of Jail for Sick Mother's Sake.  
San Diego, Calif.—With a baby lisp, pretty six-year-old Julia Signella pleaded bravely for her 20-year-old brother, Victor Signella. So well did the wee Portia present her case that the locks in the city jail turned and the brother walked out to freedom and home to his mother, who lay ill in bed.  
Signella had been arrested at a dance. His mother told Julia to get him out.  
She left the jail, crowing on her big brother's shoulders.

YOKES OF PARISIAN FASHIONS THROWN OFF BY DESIGNERS

New York—America will no longer look to Paris to set its fashions in women's apparel if the 500 designers of women's suits and wraps, gathered in convention here can make their declaration of independence effective. The convention, that of the Ladies' Cloak and Suit Designers' association of America, unanimously adopted such a declaration.  
"In taking this step," said a member, "the association is acting as a trade George Washington in throwing off the yoke of Parisian dependence."  
The association appointed a committee to decide upon the proper length of garments for the coming season.

"What is your age?" asked the license clerk, addressing Casadante.  
"Twenty-nine," said Casadante.  
"And yours?" said the clerk, addressing the bride-to-be.  
"Thirty-five," said the woman.  
"You don't look it," remarked the clerk jovially.  
"You little flatterer," said Rosina. "I don't look it, eh? Well, perhaps I don't, but I have a daughter who is twenty years old and she has a daughter aged five years. That makes me a grandmother, doesn't it?"  
"I believe it does," said the clerk.  
The bride-to-be said she was married when she was fourteen and gave birth to a daughter when she was

COLONISTS ARRIVING BY THE THOUSANDS

FORT GEORGE COUNTRY IN CENTRAL BRITISH COLUMBIA THE GOAL OF HOMESEKERS.  
Owing to Ever Increasing Demand for This Fertile Farm Land, Prices Are Expected to Soon Soar.  
Buying lands in the fertile valleys of Central British Columbia, near Fort George, is not speculation.  
The Grand Trunk Pacific, Canada's great transcontinental railway, has just built into this territory and opened to settlement what is termed by all who have thoroughly familiarized themselves with the mild climate, rich soil and beautiful scenery, as "The Paradise of the Pacific."  
British Columbia is an undeveloped region affording great opportunities to those who get in on the "ground floor."  
As evidence of his great confidence in the British Columbia country, the Duke of Sutherland bought 10,000 acres of these lands in London during the year 1910. Later, he came out with a party of titled gentlemen and purchased 15,000 additional acres. This entire acreage is being cut up into 40 acre farms and will be colonized by the Duke of Sutherland, working in conjunction with the North Coast Land Co.  
The farms will be cleared, fenced, barn erected and first crop put in.  
The North Coast Land Co. will locate about 5,000 Scotchmen this spring on these lands which are about 20 miles S. E. of Fort George, on the Frazer river at a place called White's Landing. This company has also established a large German settlement about 5 miles S. E. of Fort George, many sections of land having been sold to the latter.  
Where the North Coast Land Co. can sell six or more sections to any one colony wishing to locate in the Fort George country, they will assure the building of needed roads through the Provincial government; will deed enough land for school house, church and cemetery; will pay for one half of construction of school house and church and help the settlers in every way possible.  
Two years ago there were only 200 people in Fort George; at present there are over 2,000 and at the end of this year we can reasonably expect a population of over 10,000.  
Work is plentiful here. Land of all kinds has doubled in price in the last two years. What will it do in two more years when the railroads are all completed, when the land is well forward in development and homeseekers who will be arriving by the thousands from this on commence to reap their returns.  
If you want to learn the truth about this great country, ask us.

3-YEAR-OLD "HITS" GREAT GRANDFATHER'S PIPE  
Pelham, Mass.—Wilbur Rhodes Lovern, 3 years old, has smoked his great grandfather's pipe since he was a year old. When Wilbur was an infant and cried for something to play with, his grandfather, to whom the pipe had descended, gave him the pipe. When Wilbur's mother discovered that he had learned to smoke she tried in vain to break him of the habit.  
"I took the pipe away from him for a time," the mother said, "but he made such a fuss I had to give it back. When he does not have it he will get a knife and whittle at a piece of wood, and put it in his mouth and try to smoke it. When anybody passes by he will run out and ask for tobacco."  
Mrs. Lovern fears the authorities will not permit her son to attend school unless he gives up smoking. The family physician says the practice is not injuring the child's health. Last week Mrs. Lovern bought Wilbur a little curved stem pipe, which he insists upon taking to bed every night.
