Be as Critical of your Boy's Clothes as you are of your own

YOUR boy undoubtedly gets less clothes during the year than you do and at less expense, therefore it is important that you concentrate exceptional care in selection of the clothes that you do buy him. Furthermore he is harder on his clothes than you are and necessarily demands more wear-resisting quality, both in fabric and needlework. As long as the opportunity awaits you to insure these essentials and at such reasonable prices, why not be particular about getting your clothes here where we are very particular that you get nothing but the best your money can buy.

Priced from \$3.00 to \$10.00

## COLONISTS ARRIVING BY THE THOUSANDS

**FORT GEORGE COUNTRY IN CENTRAL BRITISH COLUMBIA THE GOAL OF HOMESEEKERS.**

Owing to Ever Increasing Demand for This Fertile Farm Land, Prices Are Expected to Soon Soar.

Buying lands in the fertile valleys of Central British Columbia, near Fort George, is not speculation.

The Grand Trunk Pacific, Canada's great transcontinental railway, has just built into this territory and opened to settlement what is termed by all who have thoroughly familiarized themselves with the mild climate, rich soil and beautiful scenery, as "The Paradise of the Pacific."

British Columbia is an undeveloped region affording great opportunities to those who get in on the "ground floor."

As evidence of his great confidence in the British Columbia country, the Duke of Sutherland bought 10,000 acres of these lands in London during the year 1910. Later, he came out with a party of titled gentlemen and purchased 15,000 additional acres. This entire acreage is being cut up into 40 acre farms and will be colonized by the Duke of Sutherland, working in conjunction with the North Coast Land Co.

The farms will be cleared, fenced, barn erected and first crop put in.

The North Coast Land Co. will locate about 5,000 Scotchmen this spring on these lands which are about 20 miles S. E. of Fort George, on the Fraser river at a place called White's Landing.

This company has also established a large German settlement about 5 miles S. E. of Fort George, many sections of land having been sold to the latter.

Where the North Coast Land Co. can sell six or more sections to any one colony wishing to locate in the Fort George country, they will assure the building of needed roads through the Provincial government; will deed enough land for school house, church and cemetery; will pay for one half of construction of school house and church and help the settlers in every way possible.

Two years ago there were only 200 people in Fort George; at present there are over 2,000 and at the end of this year we can reasonably expect a population of over 10,000.

Work is plentiful here. Land of all kinds has doubled in price in the last two years. What will it do in two more years when the railroads are all completed, when the land is well forward in development and homeseekers who will be arriving by the thousands from this on commence to reap their returns.

If you want to learn the truth about this great country, ask us.

**OSLER RIFHT; YOUTH SUCCEEDS AGE**

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the face.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well known fact that Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time. Get a bottle of Wyeth's Sage and Sulphur today and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by special agent, Pendleton Drug Co.
