| San Francisco | 1 | 1 | 1000 |
| Vernon | 1 | 1 | 1000 |
| Los Angeles | 1 | 1 | 1000 |
| Portland | 1 | 0 | 1.000 |
| Sacramento | 1 | 0 | 1.000 |
| Oakland | 1 | 0 | 1.000 |

Beverly Lose First.

Los Angeles, Cal., April 3.—Although they played an errorless game, the Portland 1911 Pacific Coast league champions were defeated in the season's opening contest yesterday by the superior hitting and pitching of Los Angeles.

A crowd estimated at 12,000, the largest that ever witnessed an opening game here, gave encouragement to the locals, after the season had been formally opened by Mayor Alexander pitching the first ball.

Los Angeles was strengthened in the eleventh hour by the purchase from the Vernons of "Eab" Reams, left behind by Hogan on the trip north. Reams filled the place of Shortstop Ivan Howard, who was injured in spring training and his hitting figured prominently in the run getting.

Henderson, chosen by McCredie, to twirl the opening game, was hit freely, while Leverniz, Dillon's left hander, had splendid control and was invincible at critical stages. A double by Daley, a triple by Page and a single by Dillon gave the Angels the winning lead in the fifth inning.

Captain Dillon was presented with a huge bouquet when he stepped to the plate in the first inning and shattered all precedents by responding with a single.

| R. H. E. |
|--------------------------------|
| Portland 0 0 1 0 1 0 0 0—2 7 0 |
| L. A. 1 0 0 0 3 0 0 0—4 9 2 |

Henderson and Howley; Leverniz and Bales.

Vernon Beat Sacramento.
Sacramento, Cal., April 3.—Three hits, two walks, a double steal and a sacrifice fly put Happy Hogan off to a winning start in the first inning of the opening Coast league game here yesterday and Vernon made four runs in the first inning, enough to give the visitors a 4 to 2 victory over Sacramento. After the first inning, Arclanes, pitching for the Senators, settled down and allowed only two hits in the remaining eight innings. One Vernonte reached third in the second inning, but after that only one of the visitors got on the bag and none reached second.

The Senators fought a game, uphill fight. A walk to Lewis and Heister's double gave them their first run in the second. Van Buren, batting for Cheek in the ninth, drew a walk and stole second. Hart, batting for Arclanes, singled and Van Buren scored, and the promised ninth inning rally developed only one run.

Sacramento found Stewart for one hit in every inning except the fifth, but could not bunch them effectively. Mayor Beard of Sacramento opened the season by pitching the first ball.

| Score: | R. H. E. |
|------------|----------|
| Vernon | 4 5 0 |
| Sacramento | 2 8 1 |

Batteries: Stewart and Brown, Arclanes and Cheek. Umpires: Finney and Casey.

Frisco Wins from Oaks.

San Francisco, April 3.—San Francisco defeated Oakland, 8 to 7, by more consistent pitching and harder hitting here today in the eleventh inning of a game that looked safe for the visitors in the seventh. The play was sensational and the attendance the largest ever known at Recreation park. Mayor Rolph pitched the first ball, gilded for the occasion, and got a strike. An automobile parade preceded the game.

Oakland took the lead in the first with three runs on two hits and McArdle's error. In the third Hoffman drove the ball over the right field fence for a home run. Raftery retched in the same inning with a homer over right field fence, scoring Mohler ahead of him.

In the sixth the score was tied. In the seventh Oakland looked a sure winner, with three more runs on Jackson's wild throw to second, but San Francisco tallied twice in the eighth and tied in the ninth. The winning run in the eleventh was made with two men out. Oakland used three pitchers and San Francisco one. Martinoni, who allowed one run and two hits in an inning and a third, when he was taken out, wore glasses. The defeat is charged to Malarkey, who entered the box when the score was tied.

PENDELTON'S SUCCESS CAUSES WALLA WALLA ACTIVITY

Announcement yesterday that Pendleton business men had succeeded in raising \$2500 for their Tri-State league club installed confidence in the local officers and committee of the Walla Walla baseball club, and further assurances that the league will be a sure go from the Boise representatives has resulted in their decision to get busy today, so that this morning the officers will separate in two and three and circulate the former Northwest league subscription list. The amount being only one-fourth of that previously raised and the fact that almost every live citizen who previously pledged his sup-

port is still willing to assist since the club is being conducted by responsible business men has been taken to mean that there will be little difficulty in securing the desired funds, as Pendleton and Boise already has done. Every indication now points to success.—Walla Walla Union.

Is Talked of All Kids.

Blandon, Pa.—Elliwood Rothenberger of this town claims to be the tallest lad in the state for his age. He is only 13 years old and in his stockings he measures 5 feet 10 1-2 inches. He weighs 146 pounds and wears a No. 8 shoe. He lacks aside knee pants and long stockings nearly two years ago and really has the appearance of a young man of 20.

He is the son of Clayton and Lizzie Rothenberger and was born on the farm owned by his grandparents, Mr. and Mrs. Richtenbach, in Ontelaunee township, Berks county. He attends the Fleetwood high school, where he has poor averages. He has shown a talent for music which he inherits from his father.

Master Rothenberger showed no unusual growth until he was about 9 years old, when he seemed to shoot up like a skyrocket, so that his mother could not make clothing fast enough for him. He has always been enjoying good health. He walks straight as a stick, and when it comes to a hike or a Marathon run he has few equals.

FORTY CANNON BALLS STOLEN

Wesleyan Freshmen Had Fondness for Revolutionary Relics.
Middletown, Conn.—Forty revolutionary cannon balls, the custody of which rests with the local Grand army post, have been located in the freshman dormitory at Wesleyan university. The relics of their ancestors were recovered.

The cannon balls have been stacked for years in front of the public library. They began to disappear, one at a time about the time college opened in the fall. Last week when only a half dozen were left, a student was seen to take one.

In rounding up the missing cannon balls it was found that practically every freshman in the dormitory had at least one in his room.

ALWAYS KEPT ON MOVE.

Man Tells Judge Wife Changes Family Residence 32 Times in Two Years.

Indianapolis, Ind.—When Robert Wheeler was asked, in juvenile court, to give his defense for having failed to support his child properly, he said that during the two years of married life his wife had insisted that he keep moving. They had moved thirty-two times in two years, he said, and as a result he had been unable to hold any position.

Since Christmas, he said, he had walked the city with an ax over his shoulder, looking for opportunities to trim meat blocks. He said that at this work he had been able to earn very little money. Judge Taylor discharged Wheeler and reprimanded his wife.

Wheeler grew facetious and said that his chickens turned over on their backs and held up their feet to be tied every time he came home from work.

BULL CHASES RED AUTO.

Scares Girl in Motor Car Till Chauffeur Breaks Speed Law.
Youngstown, O.—An automobile painted red, a bull calf and a frightened girl furnished amusement for the

residents of East Youngstown the other day.

The calf, attracted by the hue of the car, jumped a fence and gave chase. The young woman in the auto screamed as she watched the calf gain on the machine. The chauffeur gave the motor additional gasoline and the machine, after half a mile's race, out-distanced the bull.

Several rigs had close calls from collisions while the chauffeur of the red car was exceeding the speed limit.

A Valuable Suggestion

IMPORTANT TO EVERYONE.

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, inability to hold urine, smarting or burning, brick-dust or sediment, salivary complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

An herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by mail, absolutely free, Address Dr. Kilmer & Co., Binghamton, N. Y., and mention the Pendleton Daily East Oregonian.

NOTICE OF PROPOSALS FOR LUMBER.

Notice is hereby given that bids will be received at the office of the City Recorder in Pendleton, Oregon, up until April 11th, 1912, at 5 o'clock p. m. for furnishing to the City of Pendleton of one carload of red fir lumber of the following dimensions, viz: 2000 feet 2x12 inches 20 feet long, and the balance of the carload to be 4x12 inches 20 feet in length. The lumber to be delivered F. O. B. Pendleton, all bids to be sealed and to be accompanied by a certified check in the sum of 5 per cent of the amount of bid, payable to the order of the mayor of Pendleton. The Common Council reserves the right to reject any and all bids. This notice is published by order of the Common Council made March 27th, 1912.

Dated this 29th day of March, 1912. THOS. FITZ GERALD, City Recorder.

If you cough all night you get no rest, nor does anyone else in the house. Keep within reach a bottle of BALLARD'S HOREHOUND SYRUP. It is then easy to stop the tickling which causes the cough, when over it appears. Price 25c, 50c and \$1.00 per bottle. Sold by A. C. Koepfen & Bros.

WITH THE CANDIDATES

(Paid Advertisements.)

JAMES P. NEAL
Candidate for Republican
Nomination for
District Attorney

Candidate for the Republican Nomination for County School Superintendent.

FRANK K. WELLES

"The Children's Friend"
"For the past twenty years Mr. Welles has given his entire time and energy to public school work in Umatilla county. He is devoting his life to the education and welfare of our boys and girls."

B. S. Burroughs

Republican Candidate for Nomination at coming primary election
For County Recorder of Conveyances
Present incumbent.

Horace Walker

Republican Candidate for Nomination for County Commissioner
Present incumbent.
My platform: "Good Roads and Permanent Improvements."

Puts End to Bad Habit.

Things never look bright to one with "the blues." Ten to one the trouble is a sluggish liver, filling the system with bilious poison, that Dr. King's New Life Pills would expel. Try them. Let the joy of better feeling end "the blues." Best for stomach, liver and kidneys, 25c. Koepfen.

COLONISTS ARRIVING BY THE THOUSANDS

FORT GEORGE COUNTRY IN CENTRAL BRITISH COLUMBIA THE GOAL OF HOMESEKERS.

Owing to Ever Increasing Demand for This Fertile Farm Land, Prices Are Expected to Soon Soar.

Buying lands in the fertile valleys of Central British Columbia, near Fort George, is not speculation.

The Grand Trunk Pacific, Canada's great transcontinental railway, has just built into this territory and opened to settlement what is termed by all who have thoroughly familiarized themselves with the mild climate, rich soil and beautiful scenery, as "The Paradise of the Pacific."

British Columbia is an undeveloped region affording great opportunities to those who get in on the "ground floor."

As evidence of his great confidence in the British Columbia country, the Duke of Sutherland bought 10,000 acres of these lands in London during the year 1910. Later, he came out with a party of titled gentlemen and purchased 15,000 additional acres. This entire acreage is being cut up into 40 acre farms and will be colonized by the Duke of Sutherland, working in conjunction with the North Coast Land Co.

The farms will be cleared, fenced, barn erected and first crop put in.

The North Coast Land Co. will locate about 5,000 Scotchmen this spring on these lands which are about 20 miles S. E. of Fort George on the Frazer river at a place called White's Landing. This company has also established a large German settlement about 5 miles S. E. of Fort George, many sections of land having been sold to the latter.

Where the North Coast Land Co. can sell six or more sections to any one colony wishing to locate in the Fort George country, they will assure the building of needed roads through the Provincial government; will deed enough land for school house, church and cemetery; will pay for one half of construction of school house and church and help the settlers in every way possible.

Two years ago there were only 200 people in Fort George; at present there are over 2,000 and at the end of this year we can reasonably expect a population of over 10,000.

Work is plentiful here. Land of all kinds has doubled in price in the last two years. What will it do in two more years when the railroads are all completed, when the land is well forward in development and homeseekers who will be arriving by the thousands from this on commence to reap their returns.

If you want to learn the truth about this great country, ask us.

NORTH COAST LAND CO., LTD.,
W. A. Seale, Pacific Coast Mgr.,
St. George Hotel, Pendleton.

JERRY RUSK
Progressive Republican Candidate for
Nomination

For Congressman

Eastern Oregon District.
"For Roosevelt and Progressive Policies—Against Taft and Stand-patism."

S. D. PETERSON

Of Milton.

Republican Candidate for Renomination for Representative.

A man who works for legislation in the interests of the people, who refuses to take dictation from the machine politicians.

At the last session the machine politicians attempted to dominate him both in the speakership fight and in legislation; but they failed in every instance. Investigate his record and see where he stood—with the machine or with the people.

T. D. TAYLOR

Democratic Candidate for Nomination at the Primary Election

For Sheriff

Present incumbent.

FRANK SALING

Republican Candidate for Nomination at the Primary Election

For County Clerk

Present incumbent.

GEO. T. COCHRAN
Progressive Republican Candidate for nomination

Representative in Congress

Second District.

H. A. Waterman

Of Hermiston, Oregon,
Republican Candidate for Nomination for

COUNTY COMMISSIONER.

I hereby announce myself a candidate for County Commissioner, subject to the approval of the people at the Republican Primaries.

I stand for an economical administration of county affairs as a business basis, and for permanent improvement of our public roads.

J. F. WALLAN

Of Adams
Candidate for County Clerk

Subject to wishes of the voters in Republican primaries.

"Let The Good Things Go Round."

If elected I will give accurate and straight-forward service to all the people. A native-born Umatilla county man I ask you to give me your support and influence.

I. E. YOUNG

Candidate for the Republican nomination for

County Superintendent

11 years of 19 years successful handling.

We Sell Sulphurro Koeppen's
The drug store that serves you best.

"Laurel" Ranges are Different---and Best

LAUREL RANGE BODY CONSTRUCTION

- Large ornamental check draft.
- Behind this end wall an extension to the length of fire box is provided for extra long wood.
- Pouch feed door for coal. Allows equal distribution of fuel full length of fire box.
- Combination end draft full length of fire box. Convenient for stirring up fire with poker.
- Duplex grate for wood or coal. Easily removed.
- Drop feed door, particularly convenient when burning wood.
- Open door steel lined thus preventing the nickel from turning dark from heat.
- Laurel covers heat quickly and are strongly braced in spade-rib fashion.
- Smooth perfectly level oven bottom. Strongly hoop-braced from below.
- Warning oven. Extra large and heavy, richly ornamented with nickel. Lift-up roller door.
- Division strip, making two flues. In this way the fire is circulated under the six covers before entering smoke pipe. This is one of the Laurel special and patented features.
- The open top is protected by a heavy iron grate which is filled with fire proof cement that protects the steel and will not wear away like sheet asbestos.
- Direct draft damper conveniently located in front of range.
- All copper reservoir. Does not rust or corrode and will last for years.
- Showing flues under reservoir. Another exclusive Laurel feature (patented). By means of this flue circulation an equal quantity of water will heat almost as quickly in this reservoir as in a teakettle and as can be seen will be easily kept hot with damper closed by the contact heat with and flues of the range.
- When this damper is turned down the full strength of the fire is circulated beneath the entire bottom of reservoir tank.
- Open door balanced by spring neatly capped over and away from heat, which might weaken it.
- Opposite this point the clean out door is located and gives access to both flues under oven as well as back flues of range. Care taken to make this door air tight on every range.
- White aluminized oven shelf and oven door lining.
- Bottom of oven flue strongly braced and protected with thick asbestos board.
- Air space between oven bottom flue and the door.
- Division strip under oven, making two flues. Insures an equal distribution of heat under oven flues. Asbestos board lining.
- Range body one piece, without grate pulled out.
