### WHOLE DOG MADE USEFUL.

Poundmaster to Utilize Every By-Product of His Trade. Oroville, Cal.—John Rich, who has been chosen poundmaster to succeed the negro wonder Allen Cannon, has mapped out a plan for making much money. First, he gets 50 cents a dog from the city, next he intends to skin the animals and sell the hides for leather. The meat he will crush and the oil extracted he will sell. He declares that this has been found a genuine cure for consumption and that there is a big demand for it. The flesh is to be used to feed his chickens and the bones will be crushed for fertilizer. Thus every bit of the mongrel has a value.

### BRAIN WORK NOT HARMFUL.

Professor Says Worry of New Century Not Causing Insanity. Kansas City.—Brain fag from overwork is not making nervous wrecks of Americans as some "alarmists" insist, and the stress and worry of the new century is not driving Americans insane, according to Dr. Charles K. Mills, professor of neurology in the

The Landrys at the Grande.

University of Pennsylvania, who addressed the annual reunion of Pennsylvania alumni here. "Mere brain work does not hurt," Dr. Mills said. "Where the mind is equipped and capable men may be at work all day and half the night. Embarrassment, worry and dissipation cause nervous breakdowns. No thought every harmed a man who was worthy of it."

The child had just gotten out of bed and was playing around the kitchen when the mother went to a neighbor's for a few moments. During her absence the child got hold of a pitchy stick of wood and poked it into the fire, the pitch dropping off onto his nightdress, which was burned entirely off him, inflicting burns from which he died within two hours, suffering excruciating agony. The only other person in the house at the time of the accident was the child's 3-year-old brother. The mother was not gone over five minutes.

## OFFICIAL HUNTER TRACKING COUGAR

(Special Correspondence.) Gibbon, Ore., April 3.—S. W. Purdy has been here the last week with his hounds hunting cougar. On last Tuesday his dogs struck a fresh cougar track, a quarter of a mile up Rhine creek from the house of John Thompson and tracked it for three days. Mr. Purdy being on foot and unable to keep up with his dogs, had to wait their return. There has been several other large tracks seen by Mr. Purdy but the tracks are too old to follow. It is believed within a few days the cougars will return, going back to their range in Bobsled canyon and Mr. Purdy expects to return to Pendleton with a cougar or two. John Thompson and son Dolfay went to Pendleton Thursday. The Misses Johnson and Cargill of Reed and Hawley mountain, spent Sunday on the river. Fred Pittman and family have returned from a two weeks visit with Mrs. Pittman's parents, Mr. and Mrs. G. W. Mitchel of Weston. George Brace returned Saturday from Athena and will pasture his horses this summer, having secured Grouse mountain, near Wenaha stock.

### NINE OUT OF TEN SKIRTS IN "HUB" HIDE BOW LEGS

Cambridge, Mass.—Nine out of every ten women of Boston are bow-legged or knockkneed, says Mrs. Lilla Viles Wyman, a teacher of fancy dancing.

Fashionable Boston is shocked and to cap the climax, Miss Anna Benson Rees, a society belle of Kentucky, who is visiting in the Hub, says that when it comes to big feet Chicago has nothing on some of the Boston belles and debutantes for possessing large pedal extremities.

Mrs. Wyman says: "Nine-tenths of the women of Boston are bow-legged or knockkneed. The average knockkneed girl is but slightly affected, her knees bulging inwardly just the least bit. There are others, however, whose condition is worse. Their knees bulge inwardly until they almost touch. Such a pair might be called spavined legs. Such defects spoil what otherwise would be well formed legs. They lack symmetry, and such is the fate of a majority of the girls and women.

"Fewer girls wear tights on the stage today than five or six years ago. This is due to the change in fashions and it may be attributable to so many of them being knockkneed.

"In my opinion perfect shaped legs are those that turn outward from the hips and are symmetrical with small ankles and calves that expand gracefully. The knees should be straight and the thighs well rounded. Such legs may be fat or lean, but above all they must have straight knees to be considered well formed.

## AFTER LONG SUFFERING

### These Two Women's Health Restored by Lydia E. Pinkham's Vegetable Compound—Read Their Own Statements.

Cheneyville, La.—"Some time ago when in poor health, suffering from feminine ills, I began to take Lydia E. Pinkham's Vegetable Compound and Liver Pills. I soon felt better and gained in strength and flesh. A gradual improvement continued as I took the Compound, and from 120 pounds I now weigh 155, and feel that my life has been prolonged. "I deeply regret that I did not know of your medicine long before I did. Friends often speak of the wonderful change in my health, and I tell them that your medicine did it."—Mrs. J. W. STANLEY, Cheneyville, La.

Distressing Case of Mrs. M. Gary. Chicago, Ill.—"I have used Lydia E. Pinkham's Vegetable Compound for backache and it has certainly made a new woman of me. After my first baby was born I was left a perfect wreck. I was so weak I could hardly do my household duties and suffered with an awful backache. But since I have used your Compound the pains in my back have left me and I am strong again. "My mother used it also through Change of Life and speaks very highly of it. You can use this letter any way you wish. I think it is only fair for one who has suffered as much as I, to let others know of your great remedy."—Mrs. M. GARY, 2958 N. Ridgeway Ave., Chicago, Ill.

"Few women possess such a perfect pair of legs. I dare say that if twenty-five of our society women were to give a calisthenic exhibition it would be discovered that probably but one or two would have perfect legs."

### Terrible Suffering

Eczema All Over Baby's Body. "When my baby was four months old his face broke out with eczema, and at sixteen months of age his face, hands and arms were in a dreadful state. The eczema spread all over his body. We had to put a mask or cloth over his face and tie up his hands. Finally we gave him Hood's Sarsaparilla and in a few months he was entirely cured. Today he is a healthy boy." Mrs. Inez Lewis, Baring, Maine. Hood's Sarsaparilla cures blood diseases and builds up the system. Get it today in usual liquid form or chocolate tablets called Sarsatabs.
