2. "His Daughter." Edison. A father who leaves home on the account of his nagging wife, secures a position as head waiter in a restaurant. His daughter follows suit a few years later and is taken there to dine by a theatrical star. She is recognized by her father in time to prevent a false marriage and a happy family reunion follows.

She is taken into Ida's home and Bob falls in love with her. She favors Hugh and he soon forgets about Ida. OWNER OF ANIMAL TIED TO PROFESSOR'S DESK WON'T TAKE HER BACK.

Newark, Del.—Unforeseen complications confront the students in Delaware college who led a cow up the stairs and tied her to the desk in one of the lecture rooms at night.

The college authorities not only threaten punishment, but the owner of the cow refuses to take the animal back.

When the janitor of the administration building reported for duty next morning he found the second floor of the structure to be inhabited by sheep, chickens and other small animals and the cow was tied to a professor's desk.

U. S. TARS ON HERO LIST.

Three Sailors on Destroyer Paul Jones Premier by Meyer.
Washington.—Three members of the crew of the United States torpedo destroyer Paul Jones have been officially commended by Secretary Meyer for bravery in a recent explosion on that vessel. Two of these men, Gus Smerick and John J. Eberlin, entered the fire room immediately after the explosion and groping their way through the hot steam, "speeded up" the blowers. The third, S. A. Goodson descended into the fire room, turned on the blower and crawling around a boiler, rescued a shipmate who was on the floor.

AT THE OREGON THEATRE

Musical Comedy.
With the cast and chorus complete the big musical comedy which will be staged by Sandberg and Battle under the auspices of the Royal Order of Moose, to be given Monday and Tuesday nights, April 8 and 9, is gradually taking form and promises to be equal or better than any musical comedy presented here in some

time. Regular rehearsals are being called and when the play is produced at the Oregon theater the local talent will present work that would be creditable to professionals. The play is novel and full of humorous situations. There is plenty of good catchy musical numbers and solos. Great pains have been taken by the producers in the selections of costumes all practically oriental in design and those will present a pretty stage picture.

The stage settings are new and original, being made especially for the show. There will be great electrical effects, including five large electric swings and other features.

There is an aeroplane act that is bound to catch the public fancy in connection with the scenery representing a tropical island. There are a number of new faces among those participating and the producers are promising a treat to all theater-goers. Some new talent has been unearthed and the principals and chorus are getting down to hard work that will produce the best results.

Notice B. P. O. Elks.
At a regular meeting of Pendleton lodge No. 288, B. P. O. Elks, to be held April 4, 1912, there will be installation of officers and a smoker and refreshments given by the house committee. All members are urged to be present.
