SPORTS

Langford Beats McVey.
Sydney, N. S. W., April 9.—Sam Langford, the American heavyweight, yesterday defeated Sam McVey of California in a 20-round fight on points.

Langford and McVey fought in the stadium before 15,000 spectators and after a hard contest in which honors were fairly even until the last few rounds, Langford succeeded in reversing his defeat at McVey's hands on December 26 last.

The betting was ten to nine on McVey. The fight opened at a fast pace. In the second round Langford landed three heavy rights on the body in a clinch at which McVey protested and the police interfered, barring kidney punches in the clinches. Langford had somewhat the better of the first few rounds and the betting veered to five to four in his favor. Both men put up a savage fight and the referee constantly was engaged in separating them.

By clever sparring McVey managed to keep his stronger adversary off until after the seventeenth round, when the furious pace began to tell on both. Langford was in the better condition at the end, although not good enough to land a knockout.

The spectators cheered the referee's decision and obviously were delighted at what they considered a hard fought and fairly won battle.

HARMON AND CLARK TOOLS OF INTERESTS

UNDERWOOD ALSO IN SAME LIGHT IN PRESENT RACE

Three Presidential Possibilities Are Being Used Against Governor Woodrow Wilson, Who Is Feared by Wall Street.

Washington, D. C., April 9.—(Special.)—That big business interests opposed to the nomination of Gov. Woodrow Wilson for president have combined to use the candidacies of Speaker Clark, Governor Harmon and Chairman Underwood to defeat the New Jersey leader can no longer be doubted by any unprejudiced observer, in the light of recent occurrences. As long as the combinations of the "allies" were made up in secret there were many democrats who refused to believe that such an alliance was made possible, but now that the movements of the federated "allies" are being made in the open all doubts are dissipated.

The announcement of the transfer of the Clark and Harmon support to the Underwood cause in Florida was made from the headquarters of the Missouri and Ohio aspirants, according to the Associated Press reports. Secrecy is no longer maintained.

The desperate straits of the anti-Wilson campaigners have caused them to abandon all caution and the division of territory among the anti-Wilson candidates, the combination of forces and the general cooperation are exposed.

The only inference that can be drawn from this condition of affairs is that the backers of the other candidates recognize the fact that Governor Wilson is the only candidate who has nation wide support; that it is impossible to defeat him in a national struggle; and that the only hope of preventing his nomination lies in a combinatin of several weak candidates, no one of whom appeals to a national following, but each of whom depends altogether on a sectional support—Underwood in the south, Clark in the west and Harmon in the east. In referring to the combination of the democratic candidates opposed to Governor Woodrow Wilson, the Atlanta Journal, one of the most influential democratic journals in the country, thus comments upon the "allies":

"In their effort to fool the people and thus prevent the nomination of Woodrow Wilson, the special interests are employing one of the oldest tricks known to political craft.

"They have divided the country into three parts, into each of which they have introduced local candidates—Clark in the west, Harmon in the east and Underwood in the south. By this device they hope to divert or split the strength of the one truly national and truly popular leader. They

know that not any one of their special candidates could command a following in the country over. They recognize the folly of opposing Woodrow Wilson in the national field. And so they are endeavoring to catch scattered delegations here and there, trusting that thus they may deprive him of the necessary two-thirds vote in the convention.

"This scheme has been called by various names. The Wall Street Journal delicately describes it as an 'understanding.' Others have referred to it, with unconscious humor, as 'a courteous agreement.' In some quarters it is known as 'the presidential trust.' And again, it has been termed 'the Clark-Harmon-Underwood alliance.'

"Getting down to plain speech, however, we can find no truer name for this trick to deceive the voters of the party with empty campaigns and meaningless candidates than to call it a three-shell political game, just such as fakers at county fairs have played so often to wheedle money out of unsuspecting onlookers.

"However unawares the three candidates themselves may be of the design for which they are being used, the fact remains that each of them is ready serving but one purpose, and that is not his own nomination, but the defeat of Woodrow Wilson.

"In Georgia, as elsewhere, the special interests have opened their three-shell game and are ballyhoosing for the vote to bite.

"A vote for Mr. Underwood, admirable man though he is so far as his

own personality is concerned, would amount simply to a wild bet on a matter of pure chance.

"If the democrats of this state want their votes to count, if they want to choose a candidate who really has a chance of being nominated and of being elected, it behooves them to hold aloof from a game in which they are bound to lose and which, at best, offers them merely a guess and a hazard.

"Surely, the people of this state are not going to bite at a trick as old almost as trickery itself. They will not sacrifice their influence in the national convention to a candidate who has nothing to hope for himself and who offers no promise of success to the electorate.

"Woodrow Wilson is the only real candidate in the field, the only one who presents a certainty of the nomination and of leading the party to victory."

"Our baby cries for Chamberlain's Cough Remedy," writes Mrs. T. B. Kendrick, Rasca, Ga. "It is the best cough remedy on the market for coughs, colds and croup." For sale by all dealers.

"I will agree to let you have my daughter on one condition."

"What is it?"

"That you deposit to my credit an amount sufficient to pay her expenses when she gets ready to go to Reno.
