MOTHER OF LARGE FAMILY

Tells How She Keeps Her Health—Happiness For Those Who Take Her Advice.

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, Lydia E. Pinkham's Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house.

"I will say also that I think there is no better medicine to be found for young girls. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has helped her.

"I am always ready and willing to speak a good word for Lydia E. Pinkham's Vegetable Compound. I tell every one I meet that I owe my health and happiness to your wonderful medicine."

SUMNER MARRIAGE PLAN IS OPPOSED

Baptist Ministers Object to Dean's Proposal That Physician's Certificate Must Be Secured Before Ceremony Is Performed. Chicago, Ill.—Opposition to the plan adopted by Dean Walter T. Sumner in refusing to perform a marriage ceremony without a physician's certificate developed at the meeting of the Baptist ministers' conference at the Masonic Temple when the Rev. Dr. Melbourn P. Boynton, pastor of the Lexington avenue church, offered a tentative resolution supporting the plan.

Too Much Power for Doctors. "I do not know how it will remedy evils," said the Rev. C. C. Dixon, pastor of the Austin avenue church. "It looks like the plan places in the hands of physicians the laws governing marriages, which would not be right.

"We know how easy it is to secure permits, certificates and petitions, and would not physicians be subjected to all manner of temptations?"

"I do not see how it will work successfully until the state has charge of the entire matter and even then would that bring the desired result?"

"If that rule had been in operation at the time we might not have had an Abraham Lincoln," suggested a member in the audience.

"The purpose is," responded Dr. Boynton, "to put this proposition up to the state legislature. A few ministers cannot do it alone."

THINK LAW BREAKING IS NOT DISHONORABLE

(Continued from page 1)

of capital which impress and oppress our age? Can there be any other reason for the existence of the peculiar class of so-called lawyers, who work out the purposes of industrial burcauners regardless of the language of the law? Verily the letter killeth and the spirit maketh alive, and unless the spirit of the law finds restoration soon, the bells of doom will begin to toll for this republic.

The curse of our age is the lawlessness of our law enforcement. Expediency is given higher consideration than duty. Peace officers arrogate unto themselves both the enforcement and the construction of the law, with the result that in our cities vice is rampant, and too often triumphant, because the police force and the sheriff's office are conducted pursuant to the policy of some administration, and not according to the plain demand of the law. The statutes are broad enough, efficient enough, punitive enough to wipe out the unholy alliance between the lawless saloon and the bawdy house, to put an end to the traffic in virtue, and to eradicate both thieves and thugs. What is needed behind the law is the power of an aroused public sentiment, and officers who will enforce the law as they find it, not as politicians desire it. The Master declared that He came not to destroy the law but to fulfill it, and rest assured the prohibitions of the Mosaic code still constitute the final law of civilization, and the ten commandments cannot forever be disregarded, if the state shall endure.

Is money of more importance than human life in the second decade of the new century? "And think ye that structure shall endure which shelters the noble and crushes the poor?" Why is it that factory life is yet under the gloom of child labor, and that the sweat shops still find place? Beyond question there are strong men enough to do the work necessary to meet the demands of existence, with universal comfort and even luxury, by laboring not more than eight hours a day. We can afford to give to the women and children of the toilers the asylum of a home, and to throw around them the protecting arm of the state. Except for the unconscionable demand for cheapness and for extravagant profit, we would do as a matter of public interest, as well as of public duty. We have no true civilization yet nor shall we have while one lives in splendid luxury and another dies in terrible poverty, while the dollar rules and duty fails, while the right is prostrate and wrong triumphant. The spirit of the day fair play; and enthronement of the Golden Rule in the industrial life of the nation men shall say, "Behold the Lord of Hosts hath bared His arm, and lo, it is the arm of the avenger."

HEAVY RAINFALL BOON TO NEW CROP

Though the heavy precipitation of the wet season and the open spring weather have put a perpetual smile on the face of every wheat grower in the country, this same combination of weather conditions is giving some of the farmers in the light land section a little extra work to do. A great deal of the wheat has sprouted up in a rank growth and it is becoming necessary to narrow it in order to thin it out. This harrowing process, however, will prove a three-fold benefit for, not only will it thin out the grain but it will loosen up the ground and fill up the cracks which the rains and sun have made in the fields. The wheat is now up six inches or more and has a healthy color.

Practically the entire 1911 crop has now been transferred from the hands of the farmer to the buyer and prices locally are still remaining strong.

Have yourself fuel troubles by using our famous Rock Spring coal and good dry wood. Delivered promptly. Sam L. Burroughs, phone Main 5.

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. BRADFIELD REGULATOR CO., Atlanta, Ga.
