

# CATTLE MARKET SHOWS WEAKNESS

## DECLINE OF FIFTEEN CENTS AT PORTLAND

Due to Recent Increase in Receipts—Hog Market Maintains High Price—Sharp Break in Lambs—Wheat Advances.

(From Wednesday's Journal.) There was a weaker feeling in the cattle trade at North Portland and sales were made this morning that would put prices practically 15c lower than yesterday. The best offerings of the morning did not bring more than \$6.80 and perhaps a nickle more than this could have been obtained for something extra select. Stocks that would have brought \$6.85 at North Portland this morning would have sold the first of the week for \$7.

## Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

heavily from Montana for supplies recently, but little more stock can be expected from there during the remainder of the season.  
**Few Cattle Remain.**  
But few cattle remain unsold at Montana points at this time. About 10 days ago, it is stated, about 2000 head were available for the market, but quite a large per cent of these were sold since then.

Very liberal shipments of stock are expected on this afternoon's livestock train over the O.-W. R. & N. company. The estimates run from 40 to 50 cars, but all classes of livestock are included. Cattle are due from Oregon, Washington, Idaho and Montana on this train.

The weaker feeling in the cattle trade here is not reflected by conditions east of the Rockies, for at most points the market is not only being held firm, but is in many instances higher than during recent days.

**Hog Market is Maintained.**  
The market for hogs is being maintained with tops selling early in the day as high as \$8.30. There was a fair showing of supplies in the yards but all were in small lots.

Elsewhere the hog trade is weak and the differential between North Portland and points east of the Rockies is expanding.

**HE CAN'T GET DAMAGES; HIRED BY "WRONG MAN"**  
Coal Company Lets Employe Work, But Isn't Liable When He Is Hurt.  
Pottsville, Pa.—The Reading Coal and Iron company won a big legal victory the other day when Judge Koch decided that mine foremen have no authority under the law to employ men, and that as the agency of the foremen cannot be established, coal companies cannot be held liable for accidents to such men. The law gives such power to superintendents only, the court held.

The plaintiff, Ludwig Rapsch, was a miner at Phoenix Park colliery, who contrary to the custom, was hoisted with the swinging door of the car at the back end. When the door suddenly opened he was thrown out of the car and badly hurt.  
Rapsch had been allowed to ride in the car, but the court threw out his claim for damages because the order permitting Rapsch to go into the mines came from the foreman.

**100,000 CATTLE DEAD ON COLORADO RANGES**  
Stock is Dying of Starvation in the Eastern Part of the State.  
Denver—Secretary E. K. Whitehead of the Bureau of Animal and Child Protection estimates the loss of cattle in eastern Colorado at not less than 50,000 head and believes that a careful survey may run the total as high as 100,000 head.  
"Hundreds are still dying on the ranges and the skinning of fallen carcasses has become a regular business," he says. "The stock find no nutriment in last year's grass, which has been leached out by the months of snow and rain. The new grass, when it comes, will kill rather than save the cattle, which are too weak to stand fresh feed."

"From the little town of Fowler alone 2000 hides have been shipped, which gives an idea of the extent of the industry.  
"William Lang of Cheyenne, recently acquitted of a charge of allowing cattle to starve, will lose three-fourths of his herd of 4000. The aggregate loss throughout the eastern counties will be in excess of 50 percent, according to reports which have reached this office."

Secretary Whitehead has nearly a hundred new applicants for seed, or money with which to buy seed, for destitute dry farmers.

**WOMAN ARRESTS ROBBERS.**  
Plucky Station Agent in Oklahoma Covers Two Men With Shotgun.  
Asp, Okla.—Armed with a shotgun, Mrs. J. D. Koontz, who is station agent and telegrapher for the Santa Fe here, captured two young robbers and held them until Sheriff McGee of Perry could get here and take charge of them.  
The two young men were recognized by Mrs. Koontz, who had heard their description being sent over the wire. When they arrived at the depot with heavy-laden suit cases, Mrs. Koontz suspected they were the men charged with recent robberies in Pawnee, Okla.  
She wired for the sheriff, then grabbed a shotgun and covered them before they could protect themselves.

**PRISONERS GET TOO FAT.**  
New Brunswick, N. J.—The board of freeholders here is considering a petition from Sheriff Bollschweiler stating that the county prisoners now under his care are getting too fat, and begging for the installation of a number of bucksaws to be used for reducing the weight of the afflicted men.  
"An idle life and good living is too much for some men," urges the sheriff.  
"Sawing wood is just what they need. Perhaps, too, the use of the bucksaw will help me to get rid of a lot of regular boarders who come back on some new pretext or other as soon as their terms expire. The jail has to support some of these men ten months out of every twelve."

**FOND OF BOTH SPOUSES.**

**\$100 REWARD, \$100.**  
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

of his two wives. The only exception is that the plan be agreed to by wife number two, who is now among the living.  
The rather strange requests of the will have just become public. In it Shortz directs that he be laid to rest at the family plot at Forty Fort, alongside of his first wife.  
He directs that the graves be so arranged that reservation is made for the body of his second wife, Christina Shortz, and that she be buried next to him if she desires such arrangements.

The remaining portion of the will directs that the property be sold at once and one-half of the proceeds given to his wife and the balance divided among the children of his first wife.

**Man Battles With Eagle.**  
Glenns Falls, N. Y.—Milton Steves of this city was nearly killed in a fight with a bald eagle this week near North Creek lumber camp. He was rescued badly wounded, by a fellow lumberman.

Steves came upon two eagles devouring the carcass of a calf and shot one of the birds. Before the could reload his gun the other eagle attacked him. He struck at the bird repeatedly with his rifle butt, but the eagle although one of its wings was broken, was getting the best of the battle when a hunter killed the eagle with a club. The bird weighed seventy-five pounds and measured nine feet from tip to tip.

If you cough all night you get no rest, nor does anyone else in the house. Keep within reach a bottle of BALLARD'S HOREHOUND SYRUP. It is then easy to stop the tickling which causes the cough, when ever it appears. Price 25c, 50c and \$1.00 per bottle. Sold by A. C. Koepfen & Bros.

# Weak Heart

Many people suffer from weak hearts. They may experience shortness of breath on exertion, pain over the heart, or dizzy feelings, oppressed breathing after meals or their eyes become blurred, their heart is not sufficiently strong to pump blood to the extremities, and they have cold hands and feet, or poor appetite because of weakened blood supply to the stomach. A heart tonic and alternative should be taken which has no bad after-effect. Such is Dr. Pierce's Golden Medical Discovery, which contains no dangerous rootics nor alcohol.  
The ingredients, as attested under oath, are Stone root (Collinsonia Canadensis), Bloodroot (Sanguinaria Canadensis), Golden Seal root (Hydrastis Canadensis), Queen's root (Sillimaria Sylvestris), Black Cherry bark (Prunus Virginiana), Mandrake root (Podophyllum Peltatum), with triple refined glycerine, prepared in a scientific laboratory in a way that no druggist could imitate.

This tonic contains no alcohol to shrink up the red blood corpuscles; but, on the other hand, it increases their number and they become round and healthy. It helps the human system in the constant manufacture of rich, red blood. It helps the stomach to assimilate or take up the proper elements from the food, thereby helping digestion and curing dyspepsia, heart-burn and many uncomfortable symptoms, stops excessive tissue waste in convalescence from fevers; for the run-down, anemic, thin-blooded people, the "Discovery" is refreshing and vitalizing. Stick to this safe and sane remedy, and refuse all "just as good" medicines offered by the druggist who is looking for a larger profit. Nothing but Dr. Pierce's Golden Medical Discovery will do you half as much good.

## WIDOWER MARRIES NURSE.

Wilkesbarre, Penn.—While in Plymouth borough a few months ago Andrew G. Raub of Luzerne, one of the wealthiest men of this section, was run down by an automobile.  
At the hospital it was found that both his arms and legs were broken. Miss Leona Maude Carle of this city was his nurse. When Raub improved he went home and the nurse attended him there. During his illness their acquaintance grew to love and they were married as soon as he was able to leave the room.  
The bridegroom is a widower about 50 years of age, and his nurse-bride is 20 years old.
