For Smaller Paper Money. Washington.—If the recommendation which Secretary of the Treasury MacVeagh will send to congress soon is adopted, the paper money of the United States will be reduced in size very materially and every denomination made uniform in design.

It is contemplated to make all notes 6 by 2 1/2 inches and to reduce the number of designs from 19 to 9. It is estimated by the secretary that the change in design would result in a saving to the government of more than \$500,000 annually. It was pointed out by the secretary that he could make the innovations with respect to the United States notes and certificates without congressional action, but that it would require legislative authority to change the design of the national bank notes.

It is proposed by the secretary to have a uniform national bank note, instead of the multiplicity of designs now in use by the 7000 odd national banks. The name or number, designating each bank, could be printed on the notes by a process separate from the engraving.

### DR. COE OUT FOR CONVENTION PLACE

WOULD GO TO CHICAGO AS ROOSEVELT MAN

Tells of Early Experience With Colonel—But Says He Will Abide by Vote of People on Presidential Preference.

Dr. H. W. Coe, one of the chief Roosevelt boosters in Oregon, is also candidate for delegate to the national convention to be held in Chicago. While here Dr. Coe is working in behalf of his candidacy and yesterday had the following to say regarding the race he is making:

"The matter of choice for president is one in which every citizen should be his own judge.

"I am urging the selection of Theodore Roosevelt. This because he has given me his friendship for a third of a century, and I have had a chance to know the man well. I conscientiously believe he is the best man now before the people.

"He is western, in many things. He has been with the common people, as a common man, and knows what the common individual needs, and if the average man is taken care of, and is prosperous, every one is prosperous. I am looking for active times. He is active and action is 'catching.' If he is chosen, people will take courage and at once begin to do business. Because he will be 'doing business.'

"While I am for Roosevelt, under our primary law, as a delegate, if I am sent to the Chicago convention, I become a sworn officer of the state, merely under instruction to carry out the will of the voters as they may express in their preferential choice, whether for Roosevelt, Taft or La Follette. I become a mere errand boy with nine others to follow the mandates of the sovereign state I hope to represent in the Chicago convention. I must and will give as loyal support to him who carries the head of the ticket, if he should be Taft or La Follette, as I will to Roosevelt, if he carries the state.

"It looks now as though the delegates will be split almost evenly between the candidates, so far as the individual choice of the several delegates are concerned, under the working out of the proportional representation brought about by the fact that the voter can vote for but one delegate.

"Locality, therefore, is having a good deal to do with the matter of votes for the delegates. The bulk of the Baker county vote of all factions will go to the Baker county candidate regardless of whom he favors. Wasco will divide her vote between her two candidates, and so on.

"Quite naturally, I am hoping for a large vote from Umatilla county, regardless of my personal preferences for president. Being the only candidate for delegate, living or largely interested in Umatilla county, on the republican ticket, and having made some sacrifices for this county, with much work for her interest still before me, I am looking for something more than an average vote here cast for the delegates, and of course shall greatly appreciate the same."

### Honest Statement of Well Known Citizen

An advertisement of Dr. Kilmer's Swamp-Root, which I saw in the St. Albans Messenger some time ago, induced me to give your remedy a fair trial. I was then suffering from terrible pains in the small of my back. The pain was usually greatest during the morning, and often when I attempted to arise from my bed I found I could not do so without the assistance of some member of my family. I am very grateful for the good your great remedy has done for me.

I thought I would have to use much more Swamp-Root than I did, in order to get well, but am absolutely cured of my kidney trouble and now without the slightest pain, after using only seven bottles. Was cured about six months ago and although I have been employed for the past forty-five years, have had no recurrence of the trouble or pain in the slightest degree.

I am doubly thankful for this and while now an old man, I again feel the strength of my youth, thanks to Dr. Kilmer's Swamp-Root. Many others also use it to as good advantage as I have.

Very truly yours,  
**JOHN FRAZIER,**  
St. Albans, Vt.

### FEARFUL BURNING ITCH WAS CURED

By Cuticura Soap and Ointment. Another Man Had Itching on Scalp. Hair Fell Out, Leaving Bald Spots. Now Hair Has Grown, Thanks to Cuticura Soap and Ointment.

"I deem it my duty to tell about a cure that the Cuticura Soap and Ointment have made on myself. My trouble began in blotches breaking out right in the edge of my hair on the forehead, and spread over the front part of the top of my head from ear to ear, and over my ears which caused a most fearful burning itch, or eczema. For three years I had this terrible breaking out on my forehead and scalp. I tried our family doctor and he failed to cure it. Then I tried the Cuticura Soap and Ointment and used them for two months with the result of a complete cure. Cuticura Soap and Ointment should have the credit due, and I have advised a lot of people to use them." (Signed) C. D. Tharrington, Creek, N. C., Jan. 26, 1911.

"I will say that I have been suffering with an itching on my scalp for the past few years. My hair fell out in spots all over my head. My scalp started to trouble me with sores, then the sores healed up, and crusts formed on the top. Then the hair fell out and left me three bald spots the shape of a half dollar. I went to more than one doctor, but could not get any relief, so I started to use the Cuticura Remedies. I tried one bar of Cuticura Soap and some Cuticura Ointment, and felt relieved right away. Now the bald spots have disappeared, and my hair has grown, thanks to the Cuticura Soap and Ointment. I highly recommend the Cuticura Remedies to all that are suffering with scalp trouble." (Signed) Samuel Stern, 226 Floyd St., Brooklyn, N. Y., Feb. 7, 1911.

Although Cuticura Soap and Ointment are sold everywhere, a liberal sample of each, with 32-p. book on the skin, will be sent post-free, on application to Poter Drug & Chem. Corp., Dept. 9A, Boston, Mass.

### SPRECKLES SKELETON.

Litigation Between Brothers May Bare It in Court.

San Francisco.—The decision of the state supreme court upholding the validity of the will of Claus Spreckles, whose estate is estimated at \$10,000,000, was followed today by the finding in the superior court of demurrers by John D. and Adolph Spreckles. The demurrers were to suits in which Rudolph and Claus A. Spreckles, successful legatees in the will contest, demanded an accounting.

Four suits for an accounting, previously filed, charge that the elder Spreckles took money from the fortune of his wife, Mrs. Anna Christina Spreckles, to give to John D. and Adolph, and the complainants asked the return of \$9,875,612, which they said was given the elder brothers during the period from 1897 to 1906, when Claus A. Spreckles was estranged from the three younger heirs.

It is intimated the defendants will demand that the plaintiffs file in open court a detailed statement of what caused the estrangement between them and their father.
