SELLING IGNORES CORRUPTION STATUTE According to a dispatch from Washington, the statement of Ben Selling, candidate for the republican nomination for United States senator, shows he received \$3500 from "contributing friends" for campaign expenses, of which he spent \$2935 and \$565 from his own pocket. Inasmuch as the corrupt practices act makes it unlawful for a candidate to spend more than fifteen per cent of what his first year's salary would be if elected, which in this case would be approximately \$1125, friends of Judge Lowell, who complied with the law, spending only a little over a thousand dollars, are wondering how the Portland millionaire clothier will explain away his seeming violation of the law. Walter M. Pierce filed a statement of expenses aggregating \$781. O. P. Coshow submits a statement of \$469 expenditures. For sale, at a great sacrifice, a complete outfit of household furniture for living room, dining room and bed room, in famed oak and circulation walnut, used only seven months. 513 Lewis street. **Taxicab and Touring Cars.** 25 cents to any part of city. LIST OF SURVIVORS IS CUT TO 755 (Continued from page 1) shawi-enshrouded, illiterate and penniless peasant woman. **Millionaire and Peasant.** The stream of women with toddling infants or babies in arms, perhaps most of them to be widows, filed up from the cabins and over the side and away to life. The men—by far the greater part of them—remained to die, millionaire and peasant, and men of middle class, alike, bravely it must have been, sharing each others' fate and going down to a common grave. Of the survivors, what? Their story of peril and suffering, with the revelation they would furnish of what happened on board the steamer, remains to be told. How quickly they will be able to tell it to clear up all the mysteries of the incident, of which the limited carrying capacity of the Carpathia's wireless has left the world in doubt, seemed to depend entirely upon atmospheric conditions. If a freak garment shocks a woman she'll wear it sooner or later.

RUPTURE CURABLE Results Not Influenced by Age or Time Standing, Reports Expert. "Rupture is not a tear or a breach in the abdominal wall as commonly supposed, but is the stretching or dilating of natural openings, therefore subjected to closure," said F. H. Seeley of Chicago, now at the Pendleton hotel, who will remain in Pendleton this Wednesday and Thursday until 4 p. m. only. "The Spermatic Shield Truss will not only retain any case of rupture perfectly, affording immediate and complete relief, but closes the openings in ten days, producing results without surgery or harmful injections. All charity cases without any charge, or any interested will be shown the truss or fitted if desired."

LABORER DIES AT HOSPITAL. James McDonald, a man 71 years of age, died yesterday morning at the hospital as the result of lung trouble. He had no relatives in this part of the country but had been working on different farms on the reservation for some time past, at one time being employed by Jack McPhail. He applied to the hospital last Saturday for assistance and the sisters, realizing he was very sick, took him in and administered to him, but his affliction was too far advanced to respond to the curative efforts made. **MARRIAGE LICENSE IS ISSUED.** A marriage license was issued today to Henry A. Doan and Flora Dugan, both residents of this county. **1500 Hear Roosevelt.** Hastings, Neb., April 17.—More than 1500 heard Colonel Roosevelt speak here today. **WATER COLD; WOULD-BE SUICIDE CHANGES MIND** Chicago, Ill.—Tired of the life of a denizen of the lodging house district and despondent because of his inability to obtain work, Stanley Lies, 38 years old, attempted to end his life by jumping into the river from the Adams street bridge. He changed his mind, he said, on being dragged from the water because the water proved too cold. He was taken to the county hospital. Landing in the icy water Lies began to swim. He tried to reach the piling at the side of the river but the current carried him to Van Buren street bridge. There H. Wilkes, 3510 Lincoln avenue, threw him a rope. Grabbing hold of this he was pulled to one side of the river and then Policemen Bunn, Harren and Knap, who were attracted by the commotion pulled him up out of the water. At the county hospital Lies said that he had been out of work for several months and that he was despondent over this.

BRIDGE BIDS OPENED. At 2:30 this afternoon, bids for the construction of the ten bridges recently ordered by the county court for different sections of the county were opened in the presence of representatives of nearly all of the competing companies. There are probably eight or ten bids in all, eastern as well as western companies bidding for the business.

NOTED RUPTURE EXPERT HERE Seeley, Who Fitted the Case of Russia, Will Be at the Pendleton Hotel, Pendleton. F. H. Seeley of Chicago and Philadelphia, the noted truss expert, will be at the Pendleton hotel and will remain in Pendleton this Wednesday and Thursday only, April 17 and 18th. Mr. Seeley says: "The spermatic Shield Truss as now used and approved by the United States government will not only retain any case of rupture perfectly, affording immediate relief, but closes the opening in 10 days on the average case." This instrument received the only award in England and in Spain, producing results without surgery or harmful injections. Mr. Seeley has documentary references from the United States government, Washington, D. C., for your inspection. All charity cases without charge, or if any interested call, he will be glad to show the truss without charge or fit them if desired. Anyone ruptured should remember the date and take advantage of this unusual opportunity.

WOMEN'S LEAGUE WANTS SUFFRAGE At an adjourned meeting of the Pendleton Chapter of the A. W. L., held in the city hall last evening, a stand was taken for equal suffrage, the following resolution being adopted: Whereas, The American Woman's League stands for the advancement of womankind along all lines. Therefore Be It Resolved, that there be an amendment to our state constitution giving the vote to the women of Oregon. An interesting letter was read from Miss Ida Boyd, a former well known Pendleton resident who is employed in the interest of the league at University City, Mo.

THOUSANDS ENDORSE COCHRAN CANDIDACY Letters received by George T. Cochran, progressive republican candidate for congress, and present water superintendent for eastern Oregon, supporting his candidacy are measured in four figures. Born in Union county, and raised in eastern Oregon where he practiced law, Mr. Cochran knows every foot of the district he would be asked to represent. His platform hits a happy medium between standpatism and radicalism. Vote 38 X Geo. T. Cochran. (Paid Advertisement.) **INTERMARRY, IS YUAN'S ADVICE TO CHINESE RACES** Peking.—A manifesto issued by the president of the republic urges five races to amalgamate through intermarriage. General Sheng Yun, ex-Governor of the province of Shen Si, who early last month began a march on Peking, with a large number of troops, is irreconcilable, but is unable to continue the struggle, his Mohammedan allies having accepted Yuan Shi Kai's terms. Better Goods for Less Money

Hinkle Endorsed By Uren

Oregon City, Ore., April 17, 1912. Mr. O. D. Teel, St. George Hotel, Pendleton, Oregon: I am astonished to learn that anyone questions J. T. Hinkle's devotion to progressive peoples power laws. I know he was an active supporter of the initiative and referendum nearly twenty years ago and that he has consistently supported measures to increase the people's power ever since that time with his money as well as his voice. He was an ardent advocate of statement number one in the campaigns of nineteen hundred six, eight and ten. I sincerely hope the people of Umatilla county will send him to the legislature in spite of any such falsehoods that his enemies may invent and circulate. He can be relied upon to stand by the people against the interests in the legislature as well as out of it. W. S. UREN. (Paid Advertisement.)
