TOO OLD TO TEACH AT 30.
Pretty Swiss Teacher, However, Successfully Appeals Against the Rule.
 Geneva.—The members of a scholastic commission sitting here believe women are too old to teach after 30 years of age, and in the government schools, beginning at once, teachers are to be dismissed on reaching this age. A popular and pretty teacher, who is about to be dismissed on reaching this rule, took legal action and appealed to the general council, which promptly decided in her favor.

LIBRARY NOTES.

The following library laws are published by request of the library board:
 Penalty for Defacing Books. Section 4254. Whoever willfully or maliciously writes upon, injures, defaces, tears, or destroys a book, plate, picture, engraving, map, newspaper, magazine, pamphlet, manuscript, or statue belonging to a law, city, or other public or incorporated library, shall be punished by a fine of not less than \$5.00 nor more than \$50, or by imprisonment not exceeding six months.

Penalty for Detention of Books. Section 4255. Whoever willfully or maliciously detains any book, newspaper, magazine, pamphlet or manuscript, belonging to a law, city, or other public or incorporated library for thirty days after notice in writing from the librarian of such library, given after the expiration of time which by regulations of such library such book, newspaper, magazine, pamphlet, or manuscript may be kept, shall be punished by a fine of not less than \$5.00 nor more than \$25, or by imprisonment not exceeding six months; provided, that the notice required by this section shall bear upon its face a copy of this section.

The following is the report of the librarian's work for the month beginning March 1, 1912, as submitted to the library board at their regular monthly meeting April 15.

Accessions for the Month.
 There were very few accessions for March; eleven books of fiction were turned over to the free shelves of the adult department from the Civic Club rental collection, one book, Froissart Stories, which was ordered some months ago, was received and added to the children's department, and six volumes of encyclopedia were the gift of Mrs. Lee Teutsch.

Registrations.
 The file of new borrowers continues to grow from month to month; the total number of new cards issued for March was 37, ten of these were children; there were two deposit borrowers registered for the month, but no non-resident or country cards were issued. The number of new borrowers registered for March, 1911 was 22, showing a gain of 5 registrations for 1912.

Circulation of Books.
 In spite of the fact that many books have been retained in the library for the use of the students, which under ordinary circumstances would have been circulated, the circulation has more than held its own. Children's department, 221 non-fiction, 369 fiction; total 590. Adult department, 291 non-fiction, \$10 fiction; total 1101. Combined totals 1691, the total number of books issued for March, 1911 was 1417, showing a gain of 274 books for March 1912.

Reading Room Use.
 This has been without question the banner month in the history of the library, so far as readers and students attendance is concerned, the estimated reading attendance being 893. It would have been impossible for any righteous thinking person to have visited the reading room many evenings during the past month, and gone away thinking that the library was not doing a good service in the community or that the city was appropriating funds from which it was not receiving proper returns, not if student work and study for mental development is to be considered a factor in the city's progress.

We had \$16.75 on hand March 1, \$8.18 was collected in fines for the month and \$6.75 was expended for desk supplies and other minor expenses of the library, leaving on hand \$18.18.

The Rental Collection had \$40.42 on hand March 1. \$10.71 was collected during the month and \$10.70 was expended for books, leaving a total of \$40.43 on hand April 1.

Respectfully submitted,
 LOTTIE L. FLECK, Librarian.

Honest Statement of Well Known Citizen

An advertisement of Dr. Kilmer's Swamp-Root, which I saw in the St. Albans Messenger some time ago, induced me to give your remedy a fair trial. I was then suffering from terrible pains in the small of my back. The pain was usually greatest during the morning, and often when I attempted to arise from my bed I found I could not do so without the assistance of some member of my family. I am very grateful for the good your great remedy has done for me.

I thought I would have to use much more Swamp-Root than I did, in order to get well, but am absolutely cured of my kidney trouble and now without the slightest pain, after using only seven bottles. Was cured about six months ago and although I do heavy work in the shop where I have been employed for the past forty-five years, have had no recurrence of the trouble or pain in the slightest degree.

I am doubly thankful for this and while now an old man, I again feel the strength of my youth, thanks to Dr. Kilmer's Swamp-Root. Many others also use it to as good advantage as I have.

Very truly yours,
 JOHN FRAZIER,
 40 Edward St. St. Albans, Vt.

Powers, well known to me as a reputable citizen of this community for the past thirty years and fully entitled to credit and make oath that the foregoing affidavit by him signed is true and correct.
