Explaining Things In Brief

A few lines of explanation are here necessary so the people will know and appreciate the value of this sale. Conditions compelled us to dispose of this stock of drygoods, furnishings and shoes in the shortest possible time, and we fully realized that only the most drastic reductions, such as have never before been presented to the public could accomplish this result. This store has been established for years and has always catered to the public by handling high grade goods only and the people well know such considerative methods, never making any assertions or statements without strictly stating the truth, and during this our last sale in Pendleton we will as here-to-fore live up to our reputation. Our stock consists of the very best merchandise but our time is limited now and it cannot be our concern of how much the merchandise will realize, the task before us means the utter disposal of this mammoth stock, there is but one avenue to success. Let the goods go for what they will bring at this Public Sale.
