NO. 7405

ASTOR, STRAUSS REMAINS FOUND

"Coffin Ship" Announces that Sea Gives Up Bodies of Millionaire Titanic Victims.

STEAMER REFUSED AID

Donkeyman on Steamer California Declares That Vessel Was Only Ten Miles Away When Distressed Ship Called for Help.

New York, April 26.—The bodies of John Jacob Astor and Isador Strauss, New York millionaires, who perished in the Titanic disaster, have been recovered and embalmed, according to a wireless message received today from the "coffin ship," Mackay-Bennett.

California Refuses Aid.

Washington, April 26.—Ernest Gill, a donkeyman aboard the steamer Californian, testified before the committee conducting the senate investigation today that the Californian ignored the distress signal sent up with rockets from the sinking Titanic.

"I was on deck Sunday night," said Gill. "I saw lights on a big vessel going at full speed about 10 miles away. The officers could not have heeded seeing it."

Gill said the whole crew discussed the action of the captain in not going to the rescue and he said he expected to lose his job as a result of testifying.

A message to Senator Smith said that Captain Lord and Wireless Operator Smith of the liner Californian, were being held in Boston, having been served with subpoenas. Vice President Franklin of the White Star line, denied that he objected to these men testifying, saying the company only wanted their depositions taken in Boston so the men could sail this afternoon. Senator Smith insisted that they come here from Boston.

PILOT ROCK MAN MYSTERIOUSLY LOST

Does anyone know the whereabouts of Adolph Kruger of Pilot Rock? If so they can dispel the uneasiness which is seizing upon his friends who have not heard from him for a month and who are at a loss to account for his strange absence and silence.

Kruger, who has been making his home with Joseph Baylor at Pilot Rock for some time past, left home on March 13 for Pendleton, having received a letter from Germany stating that a wealthy uncle had died and left him a sum of money which was being sent to him and which was due to arrive about March 25. It is known that he arrived here and drank more or less heavily but the last trace that has been found of him is from a man who declares he saw him walking on the railroad track towards the asylum four weeks ago today.

Kruger started for Germany a year ago, it will be remembered, but only got as far as Salt Lake City when he was made the victim of a confidence man and relieved of his entire purse. He returned to Pilot Rock then. His friends now fear that he received his money expected from the old country and has again become the victim of persons who care more for gold than for the methods of getting it. The only other theory entertained as tenable is that he did not receive the money as expected and, in a fit of despondency, committed suicide. Inasmuch as, when under the influence of liquor, he was heard to threaten to take his own life if he failed to get the money.

HE IS THE NERVEIEST TRAMP.

While Family is Absent He Takes Possession and Lives in Style. Leavenworth, Kan.—When caretakers for the house on Miami street formerly occupied by Colonel and Mrs. Benjamin H. Cheever, and now owned by Mrs. Cheever, entered they found that a tramp had taken possession. The house is richly furnished and with the absence of the owner has been without a tenant except the tramp.

He had slept on the spotless linen in the massive brass beds, washed his hands in marble basins, waited with his brogans on the oriental rugs, eaten from silver plate and drunk from cutglass goblets.

Cans of imported dainties were robbed of their contents and cob-webbed bottles were taken from their musty hiding places in the cellar bins.

PREACHER-MURDERER DODGING DEATH CHAIR

Boston, April 26.—Attorneys for Rev. C. V. T. Richardson the Baptist pastor who killed his sweetheart, Avis Linnell, by poisoning her, today made an appeal to Governor Foss for clemency, saying the pastor-murderer was insane when he committed the crime. He is under sentence to pay the death penalty May 19.

U. S. SENDS SHIP TO RESCUE YANKEES

Orders for National Guard to Get Ready for Service Starts Intervention Talk

Washington, April 26.—The United States army transport Buford was ordered today to leave San Francisco Sunday for the west coast of Mexico to take aboard a number of Americans who are reported to be cut off from communication with the outside world and said to be at the mercy of Mexican rebels.

Expect Intervention.

San Diego, April 26.—It is believed here that American intervention in Mexico will come soon. Orders have been issued by Adjutant General Forbes of the National Guard of California that the fifth and eighth companies of coast artillery be recruited to full strength or seventy men each. Orders have also been issued for all officers and men to be prepared for service.

Major Fay, commanding the San Diego companies, said there is no doubt that the United States is seriously considering intervention in Mexico.

Warships Move.

San Pedro, Calif., April 26.—The cruiser Maryland and torpedo boat destroyer Whipple cleared San Pedro shortly before noon today and headed south, presumably for San Diego. The Maryland is known to be heavily provisioned and coalled. It is rumored here that the officers expected orders to proceed to the west Mexican coast.

GENERAL GRANT IN LAST RESTING PLACE

New York, N. Y., April 26.—To the firing of a solemn salute, escorted by troops of veterans of the Grand Army of the Republic, the body of General Frederick Dent Grant, late commander of the eastern division of the United States army and son of the late President U. S. Grant, was buried today in the cemetery at West Point military reservation.

Services were held in the chapel of St. Cornelius, Captain, Governor's Island, with Chaplain Edmund Smith in charge, assisted by Bishop Fallows.

President Taft, Vice-president Sherman and high officers of the army attended the services.

17 DOGS FIGHT POLICEMEN.

Two Officers Have Battle of Their Lives in Cellar Full of Canines. St. Louis, Mo.—Their uniforms were almost torn from Patrimen M. J. Comer and Patrick Dolan when they battled with seventeen dogs in the cellar beneath the home of Mrs. George Thompson at 5096 Columbia avenue.

Two of the dogs were killed by blows from baseball bats which the patrolmen used to protect themselves with. Later it was found three additional dogs had been injured so severely that they had to be shot.

Mrs. Thompson telephoned the police that all the dogs in the neighborhood had invaded her cellar. Comer and Dolan reported to the mounted district police station that they had engaged in one of the worst fights in their careers.

DIVORCE AND LICENSE TO WED ON SAME DAY

Renó.—A few hours after the decree divorcing her from Thomas R. Mumford, golf player and club man of Los Angeles, San Francisco and New York, was signed, Mrs. Elizabeth Bliss Mumford was married here to Frank I. Towle, a wealthy San Francisco business man.

The wedding occurred in Mrs. Mumford's apartments. Only a few fellow members of the divorce colony attended. Justice of the Peace Lee Davis read the service. A wedding supper followed and the couple left on the night train for San Francisco. The groom's present were all diamonds, valued at several thousand dollars.

Towle, who is president of the Towle Maple Products Company of San Francisco, secured the license shortly after the decree of his future wife had been signed. Towle gave his age as 25 and the bride's as "over 21."

NEW SENSATION IS PREDICTED

Arrival of Mabel Warner's Father is to be Followed by Startling Charges in Will Fight.

IDENTITY UNQUESTIONED

After Twenty-five Years Brother of Man Whose Property Causes War, Returns and Denies Signing Papers Offered as Evidence.

All doubt of the truth of the announcement recently made by Mrs. Mabel Young Warner that her father, supposedly dead for more than a quarter of a century, is still alive, vanished yesterday with his arrival from his farm at Cadott, Wisconsin, and now the people who for eight years have been growing accustomed to startling developments in the famous fight over the estate of J. W. Young are preparing themselves for more sensations. If Mrs. Warner makes good her promises, they will not have long to wait.

Michael R. Young, older by 25 years than when he left Pendleton, but still active despite his 68 years of age, arrived here at 10:30 yesterday morning and the recognition between him and his daughter was mutual, though he did not at first know his son, Fred Young.

He has come with the announced intention of taking up his daughter's fight and, inasmuch as his name appears to a number of documents in the records without authority from him, so he claims, his appearance may alter the present status of the long battle.

Reported Dead.

Michael R. Young was believed to have died at the Good Samaritan Hospital in Portland of typhoid fever some twenty-five years ago and a newspaper clipping, chronicling his demise, was sent to his daughter, who was at the time attending the Catholic school in this city. Until two months ago, his children were unaware that the report was erroneous and were surprised almost to believe when they received a letter from him.

Upon his arrival here he declared he had never been to Portland in his life and is at a loss to account for the report.

FALL ON NAIL KILLS BOY.

Rusty Puncture of His Hip Finally Develops Lockjaw.

South Bethlehem, Pa.—Suffering terribly, little 11-year-old Robert E. Berg has died at his parents' home here of lockjaw. Several days ago the lad, while playing at the South Bethlehem Brewery, fell and landed on his side on a rusty nail. The nail penetrated the hip a considerable distance, but the wound was healing nicely, and all danger was thought to have passed, when suddenly tetanus developed.

CHISELS A POWDER KEG.

Workman, Opening It, Causes Explosion Fatal to Him.

Pen Argyl, Pa.—While trying to pry open a keg of powder with a chisel in the quarry of the Albion Slate company today, John Marando accidentally set off the explosive and was terribly maimed. His left leg was blown off and his body badly mutilated. He was taken to the Easton hospital in a dying condition.

Steamer Sunk.

Seattle, Wash., April 26.—United States marine inspectors Whitney and Turner will make an immediate investigation of the ramming of Colman dock last night and sinking the steamer Telegraph by the steamer Alameda, with a view of fixing the responsibility.

COMMERCIAL CLUB TO TAKE HAND IN ENDING OPPOSITION TO STREET PAVING

Efforts are to be made by the Pendleton Commercial club towards getting the Byers company and other demonstrators on East Court street to withdraw from opposition to the macadamizing of the street from the mill race to the east edge of the city where the road connects with the county highway which is to be macadamized. At a meeting of the board of managers at luncheon today the subject of East Court street betterments was up and after the topic had been discussed the president named W. L. Thompson, Dr. F. W. Vincent and Clarence Bishop to treat with the demonstrators in an effort to get them to forego their opposition. It was set forth that since the county is improving the roadway beyond the city limits it is squarely up to the city to improve that part of the street leading in

S. S. DELEGATES BUSY 2ND DAY

Late Arrivals Bring Number of Attendants to Total of About Three Hundred.

FUNDS GIVEN FOR WORK

Nearly Twelve Hundred Dollars is Subscribed to Further Campaign in State With Local People Giving Liberally.

With the number of attending delegates greatly augmented by late arrivals from many counties, the second day of the eastern Oregon convention of the state Sunday school association is even more successful than the first and every session is increasing the enthusiasm of members in their work, indicative of zeal being inspired by the speakers is the fact that at the morning meeting when pledges were asked for the carrying on of the state work during the coming year, the response was so generous that \$1186, more than twice the amount subscribed last year, was contributed.

Last year Umatilla county headed the list in the amount of the contribution and this year raised her donation \$75, making it \$209. Union county delegates, not to be outdone promptly pledged \$219 while the other counties without exception increased their previous contributions. \$214 was pledged by individuals and this amount is in excess of the personal donations at the McMinnville convention just closed, a fact which greatly elates the local workers.

Ivan B. Rhodes, secretary of the state Y. M. C. A., conducted a devotional hour this morning and set a very high note for the session. Fred E. Kelley, Miss Harriet Moorehouse, A. A. Morse and General Secretary C. A. Phipps spoke on "Indications That Indicate," while E. C. Knapp also made a short address. One of the interesting features of the meeting was a graded lesson parliament conducted by Mrs. Clara G. Esson and which was contributed to by Dr. J. D. Springston, Mrs. C. H. Bidwell, Mrs. Mary Foster Bryner, Howard N. Smith and Mrs. J. W. Wilkins. At the end of the discussion, the consensus of opinion was that an up-to-date Sunday school will use only the graded lesson.

The Umatilla county officers met at a noon luncheon to lay out plans for the year's work and S. G. Rogers of Milton was chosen to lead the efforts.

Tonight Ivan B. Rhodes will address the convention on "Boys' and Girls' Work," and, as this promises to be one of the most helpful talks of the sessions, everyone in Pendleton is invited out to hear him.

Other Business Yesterday.

Yesterday afternoon's session went according to program with the exception that E. C. Knapp was substituted for B. F. Kemler for an address on "How to Build up a School." Mr. Kemler not having arrived until today. One of the most interesting as well as unique features of the whole convention was the talk made before

(Continued on Page 2.)

Would Extradite Banker.

Chicago, Ill., April 26.—Extradition proceedings in the case of Dr. William Beattie Nesbit, former president of the defunct Farmers Bank of Toronto, accused of making a false statement concerning the financial condition of the bank, were started here today.

Two Cross Channel.

Dover, Eng., April 26.—Aviator Hammel, with Miss Davis as a passenger, ascended from Hardelet, France today, crossing the English channel and continuing toward London.

COULD BE SON-IN-LAW SLAYS PORTLAND WOMAN

Portland, Ore., April 26.—Mrs. Marguerite Bellaire, proprietor of a dyeing-cleaning establishment here, was shot and killed in her shop by Lou Whitlock. The shooting followed a quarrel, resulting from Mrs. Bellaire's refusal to allow Whitlock to marry her 15-year-old daughter.

OLYMPIC GIVES UP ATTEMPT TO SAIL

Striking Stokers Arrested and Arraigned on Charges of Mutiny at Sea

Portsmouth, Eng., April 26.—Two days of trouble, following the demands of three hundred stokers of the liner Olympic for more life boat protection, resulted today in the abandonment of the liner's voyage to New York after fifty deck hands joined the walkout, refusing to work with non-union stokers.

The Olympic, with her hold filled with non-union stokers, finally struck today, but the deck hands struck, boarded a tug and left the ship.

The Portsmouth police arrested the strikers on a charge of mutiny. The Olympic was then ordered back to South Hampton, abandoning the trip. The passengers were transferred to other vessels.

Later it was announced that the Olympic would be held here indefinitely till a proper crew is obtained. The strikers were arrested and arraigned in police court, charged with unlawful disobedience.

The striking deck hands were remanded to jail to await procedure on a mutiny charge.

BALL SCHEDULE MAY BE CHANGED, JULY

Walla Walla wants to change the schedule of the Tri-state league so as to have games in Walla Walla between Pendleton and the Garden City team during the week of July 4 and four officers of the newly formed league leave for Boise tonight to attend a meeting of the league officials. Those going are J. T. Crawford, Walla Walla, director, Secretary Brown of the Walla Walla Commercial club, L. G. Frazier, local director and Jack Keefe, secretary of the league.

At the meeting to be held in Boise the Walla Walla delegation will also ask for a 25 cent admission for games to be played in their town. The rule as adopted calls for a 50 cent admission everywhere with no extra charges for grandstand seats.

CAST-OFF STOCKING A BANK.

Rag Cutter in Mill Finds \$50 in Silk Hosiery.

Pittsfield, Mass.—Mrs. Mary Murphy, a rag cutter in the Rising paper mill, at Mousatonic, was cutting up old hosiery for paper stock when, in a silk stocking, she felt a small roll, which proved to be \$50 in \$10 bills.

Some wearer of the silk hose had made the stocking a purse and forgot all about the money when the hose was discarded.

Mrs. Murphy is a widow and the find is to her a big blessing.

"MOONSHINE" STARTS FIRE.

Bottle in Saloon Window Acts as Lens to Sun's Rays.

Vancouver, Wash.—Sun shining through a round bottle containing "moonshine" whisky started a fire in a liquor store window.

The rays were concentrated by the lens-like liquor contained on crepe tissue paper with which the window was adorned and a merry blaze was under way when discovered by B. H. Wolfe. The paper was burning nicely when snuffed out by the proprietor.

The fact that the liquor was pure white permitted the passing of the sun's rays and the generation of the heat.

SHOWS NERVE THEN FAINTS.

Neighbors Revive Woman Who Foiled Thief in Her Home.

Camden, N. J.—At the point of a revolver Mrs. Mary Borich of Master street and Ferry avenue compelled a thief to drop some jewelry he had stolen after he had engaged board at the house and then hustled him into the street. Hardly had the thief disappeared before the woman fainted, but soon was revived by neighbors. Early in the day a well dressed youth who gave the name of Stanislaus Sobliski, was directed to a room upstairs. Mrs. Borich later became suspicious and caught him in the act of taking jewelry from her room.

A sympathetic man usually sympathizes with himself more than with others.

TEDDY BEATS TAFT, MISSOURI

Supporters of Colonel Control Convention and Win 14 of 26 Delegates—Ends in Row.

STANDPATS TO CONTEST

With Four Delegates Instructed for Their Man, Supporters of President Will Carry Fight Into the National Convention.

St. Louis, April 26.—Beaten at every turn by Roosevelt men in the Missouri republican convention which adjourned early today, Taft men declared they would hold a convention later in the day and send a contesting delegation to the Chicago convention.

When the convention adjourned the lineup stood: Instructed for Roosevelt, 14; for Taft, 8; contested, 10; unchosen, 4.

Roosevelt supporters had complete control of the convention. Peremptory instructions were issued, ordering the delegates at large to use every honorable means to advance Colonel Roosevelt's candidacy. Eight delegates at large, each with half a vote, were selected.

Taft adherents charge Roosevelt men with bad faith, saying Governor Harley, the state Roosevelt leader, agreed before the convention opened that delegates would not be instructed. Governor Harley denies this.

After the close, Roosevelt men controlled the convention and Taft men held a rump convention and elected contesting delegates at large.

They also adopted resolutions condemning Governor Harley whom they charge with bad faith in promising before the convention that no delegates would be instructed and praising the Taft administration.

COUNTY TRACK MEET ATHENA TOMORROW

Confident of duplicating their record of the past two years, Pendleton high school's track athletes will leave in the morning for Athena, where they will participate in the annual county meet. Many of the other students as well as faculty members and townspeople will also go up for the occasion for this will be the principal athletic meet of its kind in Umatilla county this year.

Pendleton will be represented by a strong aggregation. Gordon and Houser will essay to capture points in the 50, 100 and 200 yard dashes, while Houser will also compete in the broad jump. Fee and Hampton are the star men in the jumps and hurdles, while Fee, Hinderman and Jordan will participate in the weight events. McDonald and Haw are the local entries in the quarter mile while the former with Fennell and Oscar Ferguson will be the contestants in the half mile. Williamson and the Ferguson brothers are listed to try for places in the mile. Clark Dunlap will appear in the low hurdles with Fee. The relay team will be composed of Gordon, McDonald, Haw, Houser and Dunlap.

The graded schools will also have their best athletes entered in the second and third class events, and, altogether, the afternoon promises to be filled to the limit.

In the evening the annual rhetorical will be held and Pendleton will also have a full quota entered there. Paul Fennell has been selected to represent the high school in the oratorical contest.

Taft Leaves Massachusetts BUT WILL RETURN MONDAY

New York, April 26.—President Taft arrived here today for a brief respite from his political campaigning in Massachusetts. He attended the funeral of General Frederick D. Grant and delivered the principal eulogy.

Tonight he will address a rally at Newark, N. J., where he will probably attack Colonel Roosevelt again. He will speak at Philadelphia Saturday evening.

At Brockton Monday.

Brockton, Mass., April 26.—Chairman Keith of the city republican committee, announced this afternoon that he has arranged for President Taft to return here Monday night for a final speech in his Massachusetts campaign.

JOHNSON ON LA FOLLETTE'S TRAIL THROUGH CALIFORNIA

Los Angeles, April 26.—Senator LaFollette commenting on Governor Johnson's following him through southern California on a speaking tour in behalf of Roosevelt, said: "In legal procedure it is preferable to speak last in debate. It also gives a person a chance to distort arguments and pass over cold facts. Johnson's trip causes me no worry."
