**Newsy Notes
of Pendleton**

Brings Thirty Jersey Cows.
R. H. Stephens arrived in the city today with thirty more blooded Jersey cows from the Willamette valley. This is the second shipment he has brought in for disposal to farmers in this section of the state.

Market Enlarges Floor Space.
The Oregon Market, which recently opened for business on North Main street, is enlarging its floor space for the accommodation of its increased trade.

Cigar Store Increases Space.
The Griggs & Staigler cigar store which began business a few months ago, is forced to increase its store room and today workmen are enlarging the floor space in the rear.

Goes to Arrest Indians.
Deputy Game Warden E. F. Averill has been commissioned with the task of arresting a band of thirty Indians in Gilliam county, who have been killing deer out of season, and he left this morning for Heppner, from which city he will ride over into the zone of trouble. He will deputize several men to go with him for he realizes that it is no one man's job that he has undertaken.

Takes Journal Agency Again.
S. D. Taylor, who handled the Oregon Journal agency for Pendleton until two months ago, has again resumed charge of the delivery of that paper to its many local subscribers, Leslie Gibbs having resigned from the position.

Is 75 Years Young.
Case Matlock, well known pioneer resident and proprietor of the Pastime picture show is celebrating his 75th birthday today. Mr. Matlock is a native of Tennessee but has made his home here for many years.

House Is Robbed.
Almee Tariff, well known chauffeur, was made the victim of a burglar several nights ago. He and his wife had driven out in the country for the evening and during their absence their house on west Alta street was entered and ransacked, the thief getting away with fifteen dollars in cash. The police were notified but the visitor left little clue upon which to work.

Buckaroos Go to Pilot Rock.
Manager Jess Garrett and his Buckaroos left by auto this morning for Pilot Rock, where this afternoon they play their second game with the amateur team of that town. This will be their first game away from home and the fans will be interested in watching their performance under foreign skies. Tomorrow afternoon and Sunday they will meet the North Yakima speedy bunch on the local diamond and these contests promise to eclipse anything seen heretofore this season in home territory.

Waffles Land in U. S. Safely.
A telegram received this morning by relatives brings the news that Doctors Eldred and Clara Waffle landed safely in Charlestown, Mass., last night on their return from a year in Europe. After a visit of a week in Boston they will spend a week at the former's old home in Wisconsin and then go to Rochester, Minn., to take a two weeks' course at the famous Mayo sanitarium. They expect to arrive in Pendleton about June 1.

Babb Funeral Sunday.
Mayor W. F. Matlock today received news from Medicine Hat, Canada, to the effect that the funeral of the late W. H. Babb will take place in that city Sunday. Owing to the distance it will be impossible for local friends of the dead horseman to attend the service. However appropriate testimonials of sorrow and esteem will be sent by friends and by the Masonic order to which the dead man belonged.

Fraud Artist Caught in Valley.
Sheriff T. D. Taylor was today notified that W. E. Gilbert, who, it is alleged cashed bogus drafts upon the Taylor Hardware Store on April 27, had been arrested in McMinville and would be held until sent for. Gilbert, it is said, presented a draft for \$75 on the Dallas National Bank at the store last Saturday and secured money. Upon the discovery of its fraudulent nature, the officers were notified and immediately commenced a search which has been rewarded with the desired result.

Forger Known Here Arrested.
Chief of Police John Kearney has received notice that R. M. Miller, former traveling representative for the A. M. Kelley Broom Co. of Leavenworth, Kansas, and who was taken up here last March by the police pending an investigation of a draft which he had cashed, has been arrested in Dallas, Texas, on a forgery charge. Miller is also wanted in Walla Walla

and Dillon, Montana, on similar charges. His method of operation was easy while it lasted. From one city he would mail a draft to himself in care of a hotel in another city. Arriving at the later place, he would call for his mail, open it before the clerk, and ask to have the draft passed. Chief Kearney was suspicious of the man while here but a draft cashed at the Golden Rule Hotel happened to be a good one and he was released. However, his arrest has justified the chief's suspicions.

Fighting Spree Causes Arrest.
John McGowan conceived the idea that he was a "white hope" yesterday after putting a pretty good cargo of "joy fluid" aboard and this delusion led to a sentence of seven days in jail this morning. After creating a rough house in two local saloons and knocking one man down on the street, he ran afoul of the police and was jailed.

Will Change Road at Gibbon.
Hereafter, Pendleton people who drive to Wenaha Springs, will not be delayed by the two gates in the county road at Gibbon. Following an investigation made by the county court yesterday, the road will be changed so that gates will not be necessary. The Thorn Hollow road, however, will be left as it is.

Oregon Garage to Open Monday.
The New Oregon Motor Garage will be opened to the public next Monday morning as the workmen are now putting the finishing touches to the splendid new reinforced concrete building on Court and Garden streets built for garage purposes exclusively by W. F. Matlock. With its completion, Pendleton will have one of the largest and best equipped garages in the state. It will have a floor space of 1825 square feet and there is not a post in it to prevent the utilizing of every inch of it. Being L shaped, it will have entrance on both Court and Garden streets and its location is ideal for its purposes. Ben F. Trombley, the proprietor, states that he will run a strictly service garage, storing machines of all makes but at the same time maintaining the agency for the Cadillac and Overland cars. Up-to-date machinery will be installed in the repair shop and he will also equip a vulcanizing department with an efficient man in charge of it. Besides a full line of cars, he will carry a large stock of tires and sundries.
