BURBANK DENIES HE'S DEAD.

Hongkong Cables to Know If Plant Wizard Perished on Titanic. Santa Rosa.—Hongkong, China, had a report that Luther Burbank had been drowned on the steamer Titanic. Consequently a cablegram was received here asking whether Burbank had been a victim of the big liner's collision. The message of inquiry came while Burbank was alive and well and at work in his conservatory here. He laughed at the inquiry. There was evidently a confusion of names in the list sent across the Pacific.

CARNEGIE HERO CASH TO GIRL WHO SAVES TWO

A 13-Year-Old Child Shamed Men by Cawling Out on Ice and Drawing Drowning Playmates to Safety.

Chlopee, Mass.—The bravery of Josephine Picrowski, the 14-year-old girl who rescued two playmates from drowning and nearly lost her own life in a vain attempt to save a third, has been recognized by the Carnegie Hero Fund, which has awarded Josephine \$2000 and a bronze medal. In February, 1911, Josephine, then 13, was sitting in her home when the loud barking of her dog attracted her attention. Going to a window she saw three little schoolmates, who had attempted to cross the Chicopee river on the ice, struggling in the water. Josephine had removed her stockings and shoes to try her feet. Without hesitation she ran barefooted to the water's edge where half a dozen were offering the drowning children suggestions, but lacked courage to attempt to save them. She made her way carefully over 130 feet of unsafe ice and lying full length on it, extended her hand to one playmate and drew her out of the water. She drew a second girl out of the water and barely missed the third, who was drowned. Meantime Josephine's dog had barked so loudly that the attention of more men, more courageous than the first comers were attracted and Josephine and the rescued girls were assisted ashore.

Works in Cotton Mill. Josephine has two brothers and two sisters. Since the rescue her father has died and it has become necessary for her to work in the cotton mills. She will give up work and resume her studies at school. Her ambition is to become a bookkeeper. There is a mortgage of \$1000 on the Picrowski home and Josephine hopes that some arrangement can be made whereby \$1000 of the \$2000 awarded her can be used to pay the mortgage. "I could learn a lot faster without any mortgage on the house to worry me," she said.

WIFE SEES HUSBAND DIE IN PISTOL DUEL

Jealous Spouse Fires on Woman's Escort and Both Men Are Killed.—Stops Buggy and Orders Its Occupants to Get Out of Range. Wheeling, W. Va.—Stepping out from behind a clump of bushes on the National road near Colraine, Ohio, Earl Shaffer, 45 years old, drew a revolver and held up a buggy in which his wife, stepson and Phillip Smith and Lucy Viol were riding. Shaffer ordered the women out of the rig and, while they stood on one side of the road, he started firing at Smith, whom he accused of winning his wife's affections.

Smith, who is 25 years old, drew a revolver from his pocket and the two men emptied their guns and then fell over in the road mortally wounded. Both died en route to the hospital. Threatened to Kill Smith. For several days the police of Martins Ferry, Ohio, have been expecting the duel between the two men, as Shaffer on several occasions has threatened to kill Smith on sight and both went heavily armed.

Mrs. Smith stated that she was aware of the fact that her husband intended shooting Smith if he ever saw her with him, so they hired a surrey and wit her stepson, Bob Scott, and Lucy Viol, aged 16, they started driving to Colraine for a turkey dinner on a road far from the Shaffer residence. But in some manner Shaffer learned that they were driving to Colraine and lay behind a clump of bushes to ambush them.

A third revolver was found in the road with one shot fired. The Martins Ferry police have arrested Mrs. Shaffe and are of the opinion that she fired the shot that sent one of the men to his death. But whether she took sides with her husband in the final stand or with her lover is not known. The girl and stepson have also been arrested.

The appetite flies and the strength falls; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fretwell of Luconia, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50c at Koeppe's.

Gordon, of Chicago, slashed Cameron across the throat with a putty knife, severing the jugular vein and causing death in a few minutes. The killing occurred behind the bars of the Macon county jail in the presence of twenty or thirty other prisoners. Both men were vagrants. When arrested officers took a dirk and a razor from Gordon. They think he had concealed the putty knife in his shoe.

BUILDING FALLS WITH APPRAISERS

Astoria, Or., May 2.—While viewing the ruins of Monday morning's fire, a party of insurance men, consisting of Brenham Van Dusen and F. L. Warren, of Astoria, with W. G. Lloyd and H. G. Goodell of Portland, representing the insurance companies interested, with a view to adjusting the losses caused by the fire, narrowly escaped instant death. The party was inspecting the rear of the Barker building and stepped out on a balcony in the rear of the third story, when they were precipitated to the floor, 18 feet below, the floor which gave way, turning completely over and coming down on top of them. Mr. Van Dusen had an ankle dislocated and his face badly cut and bruised; Mr. Warren had one of his ankles badly sprained; Mr. Lloyd's wrist was sprained and he suffered a number of bruises, and Mr. Goodell escaped with a bad shaking up. Physicians were summoned and the injuries attended to. Mr. Van Dusen was taken to his home in an automobile and is resting easy. Dr. T. O. Withers, an optician, who was with the party, narrowly escaped falling with them. He saw the floor giving away just as he was about to follow them on the balcony.

Mrs. Kirby was divorced once before in 1899. She married James Guess in 1910. He filed complaint for divorce, in which he alleged that she had treated him "mean". The divorce was granted on her cross-complaint, in which it was alleged that Guess had been guilty of cruel and inhuman treatment, abandonment and neglect. Kirby also had been married before and had been divorced. He is thirty-six and she is thirty-seven years old.

PASTOR OF SPIRIT CHURCH

HAS "TALK" WITH STEAD Psychists Hear "Message" From Titanic Victim; No Lifeboats, Says Shade.

Chicago.—A message purporting to be a psychic communication from the late W. T. Stead, famous British writer and hero of the Titanic wreck, was recited to 150 members of the Church of the Soul in the Masonic Temple. The medium was Cora L. V. Richmond, who prefaced the recital by saying she had known Stead since 1870 and had seen him frequently in Europe. The last visit was at the time of the Hague conference in 1907. "There is no claim that Mr. Stead is actually speaking," she said, "His message has come to your pastor and she gives it in the exact words which it came."

PUTS BAN ON "PUPPY LOVE."

W. C. T. U. Lecturer Calls It Unfit for Children to See. San Jose, Cal.—All the world loves a lover—except Mrs. Florence Lake, state lecturer of the W. C. T. U.

Mrs. Lake was one of the speakers at the county W. C. T. U. convention at Morgan Hill and was discussing the environment and associations of children. Among other pointed features of her address was a paragraph

in which she said: "Children should not be in the same house with lovers and newly married people."

Mrs. Lake believes that "puppy love" has no good place in the home of a child and that therefore the very young should not, with the natural initiative, be allowed to see the antics of lovers and newly weds.

SHIFTS WIVES FOR CAKE.

Macon, Ga.—Richard Davis, Jr.'s inordinate fondness for cake is responsible for his divorce and remarriage on the same day. Incidentally he got his cake at the hands of the second Mrs. Davis.

At 12 o'clock Davis appeared in the divorce court, dressed as if he was going to a party and obtained his divorce. At 6 o'clock that evening Davis was in matrimonial chains again, his partner being Mrs. Lena Hugely, but this time there was a cake condition attached to the marriage. Davis told the jury he and his wife

fell out about sweets. One day he brought home with him a dozen eggs and asked her to bake him a cake. When he handed over the eggs she slammed them back at him with a force that smeared his face and ruined his clothes.

PLAN UNIFORM FOR "GRADS."

Kansas City, Mo.—No heartaches will mar the future commencement exercises in Kansas City, Kan., high schools if the plans of the council of clubs for simplicity of dress among graduates is adopted.

The club women adopted a design for a simple white dress that is to be submitted to a board of education. If the board agrees with the women the daughter of the wealthiest man in town and the daughter of the laborer will be dressed alike when they receive their diplomas.

"Many poor girls are deterred from graduating because other girls in the class dress so much better," said one of the club women. "Often the best students sit in the back row in order to give the daughter of some wealthy man a better chance to display her gown."

Pastor Swallows Teeth.

Altova, Pa.—The Rev. I. A. Matters, pastor of the Methodist church at Marrinsburg, swallowed his false teeth. The plate lodged midway between the throat and stomach. An operation was necessary to remove it.

But the man who falls isn't necessarily a failure; perhaps he tried the wrong thing.

Both Tempting and Healthful

Cottolene-made Pastries

Indigestion is the cause of most human ills; lard—which is made from hog-fat—is oftentimes indigestible. Cottolene is more healthful, more wholesome and goes one-third farther than lard—therefore, is more economical.

Being made from pure, vegetable oils, containing no hog-fat, Cottolene makes food which agrees with the stomach and aids rather than retards digestion. Don't be talked into using some of the many imitations.
