COLONEL ASTOR LAID AT REST

Remains of Millionaire Victim of Titanic Disaster, Buried Beside the Body of His Mother.

DIVORCED WIFE ABSENT

Ignores Special Invitation Sent by Young Widow; Will to be Read This Afternoon—Others Interred at Halifax.

New York, May 4.—The body of Colonel John Jacob Astor, victim of the Titanic disaster, was buried this afternoon beside that of his mother in Trinity cemetery at Washington Heights.

Mrs. Ava Willing Astor, Colonel Astor's divorced wife, did not attend the services, although she was especially invited by Mrs. Madeline Astor, the deceased's second wife.

In the funeral party were Mrs. Madeline Astor, her sister, Miss Katharine Force, her mother, Mrs. William Force and Vincent and Muriel Astor, children of the deceased millionaire.

The family will hear the reading of the colonel's will this afternoon.

Fifty-nine Buried.

Halifax, N. S., May 4.—Fifty-nine bodies of the unidentified Titanic victims have been escorted to their last resting place in three cemeteries.

Four bodies identified as having been Roman Catholics were buried with the rites of their church in Mount Olivet cemetery, and nine Hebrews in the Hebrew cemetery, with customary ceremonies.

The remaining 46 were interred in the Fairview cemetery.

A large plot of ground had been purchased by the White Star line and it is understood that the graves will be marked with a suitable monument.

At the latter cemetery 100 blue jackets with bared heads formed a square around the graves while the bodies were being lowered.

Protestant clergymen spoke and the Royal Canadian regiment band played the dead march from "Saul," and "Nearer My God to Thee."

Floral offerings contributed by the White Star company and other offerings were placed upon the graves.

UNCLE SAM REQUESTED TO OVERSEE PANAMA ELECTION

Panama, May 4.—The United States government has been requested to intervene in the presidential election in Panama to the extent of seeing that it is fairly conducted.

This fact was admitted today by President Arosemena. He said the directors of the Union Patriotica, the name given a party composed of President Arosemena and Pedro Adiazek, the official candidate for president, has asked for American intervention such as was accorded in elections of 1908.

The directors of the liberal and conservative parties also say they have requested the United States to see that the election is fair.

Some men never brag about themselves—and we don't blame them.

The regular May term of the eastern Oregon session of the state supreme court will open Monday morning in the local court house. The docket as prepared by Deputy Clerk Lee Moorhouse numbers thirty-seven cases but a good many of them are not at this time ready for trial. Of the whole number, but four were appealed from Umatilla county, these four being Little Walla Walla Irrigation Union, app. vs. Philis Irrigation company, resp.; Joseph Parrazo, app. vs. Women of Woodcraft, resp.; Emma Zenske, resp. vs. August Zenske, et al, app., and George W. Jones, executor, app. vs. Charles A. Hill, resp.

21,000 IN WOMEN'S MARCH

Largest Suffrage Parade in History Held in New York.

New York, May 4.—With nearly twenty thousand women and one thousand men in line, the largest suffrage parade in the history of the United States took place here this afternoon. Among the marchers were many men of Harvard, Yale, Columbia, and other universities, and half the men in the parade were members of labor unions. All are pledged to the suffrage cause.

The parade was headed by one hundred women on horseback, under the leadership of Mrs. Charles Knoblauch. Then came the "Old Guard" band playing Marseillaise.

Next followed members of the Women's political union, headed by Mrs. Harriet Blatch, followed by teachers and students of the suffrage cause, headed by Mrs. Florence Cabot.

Following in succession were various classes of professional women, including doctors, nurses, lawyers, artists and actresses.

Behind these were industrial workers, including factory girls and waitresses.

CHICAGO PAPERS ISSUE 4 PAGES

Striking Pressmen and Other Printing Trades Paralyze Publications

Chicago, May 4.—Four page editions were the best Chicago's big morning newspapers could do today. It is generally believed the pressmen will win the strike. Leaders are trying to enlist other printing trades in their aid.

The stereotypers joined the pressmen at midnight and other trades will probably quit before tomorrow morning, unless the publishers give in.

A few small riots were reported, where attempts were made to sell morning papers downtown, but no one was seriously injured. It is feared other riots will occur later in the day.

The papers appeared without any advertising, and only a few were distributed in the residence districts. None could be bought in the business section.

The Chicago Socialist, an afternoon publication, got out a morning paper and thousands of copies were sold.

SHRINERS ARRIVING IN ANGEL CITY

Los Angeles, May 4.—With several hundred visiting shriners already here for the Annual Conclave of Shriners, and ten special trains due to arrive today with 1500 more, the formal program for their entertainment was begun today. Special Shriner's trains carried hundreds of the fez wearers to the Santa Monica automobile races where special sections in stands had been reserved for them.

KENTUCKY FEUD AGAIN BREAKS OUT

Lexington, Ky., May 4.—While standing in front of his store at Crockettville, Breathitt county, Ed Callahan, Kentucky's most noted feudist and instigator of many fatal shooting affairs, was shot and killed from ambush. His slayer is unknown.

TWO LOUISIANA TOWNS FLOODED

Five Thousand Square Miles of Rich Farming Lands Ruined by Raging Mississippi River.

DAMAGE IS \$85,000,000

Over One Hundred Thousand Homeless and Will Be at Least Two Months Longer Is Estimated.

New Orleans, May 4.—Fordoche and Ravenwood, two prosperous towns of this vicinity, are submerged today. Great property loss, but no fatalities have occurred. Reports here today show that in various sections, five thousand square miles of Louisiana are under water. It is estimated the loss already has reached \$85,000,000 and later breaks will cause damage of \$25,000,000 more. The loss to rice growers is \$2,000,000, and to wheat, cotton and other crops, \$7,000,000.

At Baton Rouge a hard fight is being waged to hold the front levee. The grand bay levee, above New Roads, is in bad condition and even farther down are dozens of weak points.

Considerable alarm is felt for the people around Melville, in the Atchafalaya district, which is threatened by flood waters from every side. The people were moved out of the town this afternoon. The last news received from there said there was a possibility of not being able to save all those in the territory south of Melville, because of the lack of boats and failure of the victims to receive earlier warning.

Situation Is Serious.

The question of housing and feeding refugees is becoming more serious. The people of Louisiana and Mississippi have contributed thousands of dollars to the relief funds, besides great quantities of provisions and the federal government is disbursing several thousands of dollars worth of rations, but more funds will be needed than are in sight.

It is estimated that the flooded territory in this state and in Mississippi, where approximately 125,000 persons are homeless, will be covered by the water for two months.

BUCKAROOS AND YAKIMA IN BATTLE

This afternoon Jess Garrett's Buckaroos are bucking up against a stiff proposition in the North Yakima ring, who arrived this morning on the Northern Pacific, and win or lose, the same two aggregations of pit heavies will be pitted against each other tomorrow afternoon for the last contest before the opening of the league series.

The battery for Pendleton this afternoon as announced just before the game will be Osborne and Garrett and Wilson, while tomorrow it will be Hewitt and Pembroke. However, at the last moment Garrett may change his pitchers.

His line-up for this afternoon, aside from the batteries, will be the same as Thursday providing the North Yakima manager does not send in the first train of relief order will be shifted somewhat, so that it will be as follows: Messer, Robinson, Nadeau, Pembroke, Lodell, Augustus, Reeder, Wilson and the pitcher.

With the weather god promising a warm, bright day for the morrow, a record breaking crowd is expected at the Round-up grounds. Both the game this afternoon and tomorrow will start promptly at 3 o'clock.

Pasco Joins Closed.

Pasco, Wash., May 4.—At 1 o'clock this morning Acting Chief of Police William String and one patrolman made a raid on the city's tenderloin district and seven alleged disorderly houses, all in the city, were closed and the 23 inmates given the choice of either leaving the county on the first train or standing trial in the local superior court. To a person they decided to leave, and all are now engaged in packing up and getting their belongings together. The raid was unannounced and created a great deal of excitement in all parts of town.

Chief of Police Tom Caudle is now visiting in the east, and when asked this morning why the houses were "pulled," Mr. String said, "Oh, they just got a little too loud."

Indians Kill Canadian Officer.

Clinton, B. C., May 4.—Provincial Constable Dindness was shot and killed today near here by Moses Paul and Spintlam, two escaped Indian murderers, who killed a white man and Chinese last July. Constable Loring was wounded in the arm. Posses are in pursuit.

The higher criticisms of the drama usually come from the gallery gods.

REBELS CRUEL TO AMERICANS

Two El Paso Citizens Held in Juarez Prison Two Days and Subjected to Brutal Treatment.

HANG YANKEE 3 TIMES

Entire Revolutionary Force of Seven Thousand Men Being Concentrated for Siege of Torreon—Federalists Inactive.

El Paso, Texas, May 4.—Tales of appalling brutality toward American prisoners during twenty-four hours in jail at Juarez, Mexico, were brought here by C. W. Richards and A. E. Bently, two citizens of El Paso who were released from the Juarez jail last night. They declared the rebels hanged Bently three times, swinging him with his feet off the floor each time till he nearly strangled. Jose Orozco, a nephew of the rebel commander-in-chief, they say, beat Bently over the head with a revolver.

Rebels Take Offensive.

Jimenez, May 4.—The entire rebel army, numbering in the neighborhood of 7000 men, has assumed the offensive. Convinced that General Huerta to the federal leader, was determined to act on the defensive in territory selected by himself, General Pascual Orozco, the rebel commander in chief has set his army in motion across the desert.

That the government leader intends to make his final stand at Torreon seemingly was confirmed by the withdrawal of his advance guard from Comijos upon the appearance of Colonel Caesar Canales, with the vanguard of the rebel cavalry. There was no fighting and the rebel leaders jubilantly telegraphed news of their first "triumph."

Not only have the federal troops been withdrawn from Comijos, but it is reported that the small garrisons scattered along the railroad south of there are being called in. It is possible that some resistance may be offered at Mapimi, but the rebel leaders are convinced that the main engagement will be fought at the gates of Torreon. If announced plans are followed however the city will not be assaulted but will be besieged, Orozco believes that he has men enough to guard every passage in and out of the federal base.

The main body of the liberal army is encamped near Comijos. By Monday at the latest, it is believed, the rebels will be within firing distance of their main objective.

WILSON WOULD PUT BAN ON ORIENTALS

San Francisco, Cal., May 4.—In a telegram received here today by former Mayor Phelan, Governor Woodrow Wilson, candidate for the democratic presidential nomination, voices in no uncertain terms his attitude on the question of oriental exclusion and encroachment of Asiatic labor. The telegram was sent in response to a question as to his views, addressed to Governor Wilson in behalf of a large number of California voters.

Governor Wilson says he stands for a national policy of exclusion or restricted immigration, as regards Chinese and Japanese immigration. He says we can not make a homogenous population out of a people who do not blend with the Caucasian races, as their lower standard of living and labor will crowd out the white agriculturalists. In other fields also, Chinese and Japanese coolies are a serious menace.

"The success of free democratic institutions demands of our people," says Wilson, "education, intelligence and patriotism and the state should protect them against unjust and impossible competition. Remunerative labor is the basis of contentment."

"AUSTRALIAN MACK" IS FIGHTING EXTRADITION

New York, May 4.—United States Judge Hand today reserved his decision in the writ of habeas corpus proceedings by which John McNamara, of San Francisco, ("Australian Mack") is seeking to prevent his extradition to Canada where he is wanted on a charge of complicity in the robbery of the branch of the Bank of Montreal, at New Westminster, B. C.

BRYAN FOR PRESIDENT

Washington State Delegates May Stampede for Great Commoner.

Walla Walla, Wash., May 4.—Washington may be the first state to endorse William Jennings Bryan for the presidency this year. This is a result of a not unlooked for possibility in the democratic state convention which meets here Monday.

About one-third of the county delegations are uninstructed. The race between Governor Wilson and Clark is close. Neither has a majority of delegates to the convention.

A stampede of all factions for Bryan may be hailed as the most harmonious solution for the democratic situation.

INTERVENTION BY U. S. WOULD UNITE MEXICANS

Washington, May 4.—L. Guitierrez De Lara the Mexican socialist, today declares if the United States attempts to intervene in Mexico all Mexicans, federal and rebel, will unite and fight to the last ditch.

De Lara says that American engineers and firemen who struck because they were compelled to learn the Spanish language, were responsible for fomenting the present trouble.

MAYOR GETS DATA ON STREET PAVING

Queries Regarding Proposed Material Answered by Officials of Other Towns.

Mayor W. F. Matlock, on his own initiative, is trying to solve the paving question here in Pendleton and today received messages relating to the price of the gravel bitulithic and the merits of the Dolorway pavement. The mayor states that he is not fighting for any particular kind of pavement but has gone to the trouble of securing what information he could for the benefit of the citizens.

In a telephonic conversation with President Hill of the Warren Construction company last evening, and the mayor was advised that the company would reduce its price for gravel pitulithic from \$1.48 to \$1.45 per yard. Copies of the messages received by the mayor regarding Dolorway and which will be presented to the council at its next meeting, were given to this paper today by the mayor in the belief that the public will be interested.

The first received is from A. J. Sawyer, mayor of Ann Arbor, Mich., and reads as follows: "In my opinion Dolorway, while cheap in first instance, maintenance in city must be very expensive. The bitumenous top needs constant repair. Comes off in large patches and is not permanent. Washaway avenue pavement put down 8 months ago is being repaired in places."

The second is from R. S. Dulin, one of the Portland-city chemists. It reads as follows: "There has been no concrete pavement coated with coal tar or bitumen laid in Portland from my laboratory tests. I have concluded that this type of pavement is yet in experimental stage, and reports from eastern engineers strengthen my opinion that it is not permanent pavement."

The third is from C. E. P. Babcock, first assistant engineer of Buffalo, New York and is as follows: "We have had no actual experience with Dolorway roads. Might be willing to use it in some outlying streets for temporary purpose. Should be considered in class which name implies, dollarway. Permanency of coating depends upon quality of bitumen used as well as upon methods of application. Thin coat should not be used."

MARYLAND RACE NEARS FINISH

Four Presidential Candidates Beg for Votes and Each is Confident of Winning Victory.

T. R-TAFT FIGHT BITTER

Colonel Roosevelt Declares His Faction Must Be Given Three to One Vote to With—Denounced by President.

Baltimore, May 4.—Four candidates for presidential nominations—Roosevelt, Taft, Harmon and Clark—are today telling the voters of Maryland why the state's delegates should be instructed in favor of their candidacy.

The most interest is in the Taft-Roosevelt fight. President Taft started in early, speaking first at Hyattsville. At the same time Colonel Roosevelt addressed an enthusiastic crowd at Westminster. Both Taft and Roosevelt declare they will win. Politicians believe the contest will be close.

In addition to speaking at Westminster, Colonel Roosevelt addressed big crowds at Heymar, Frederick and Hagerstown. He will wind up his campaign tonight at Cumberland, in the heart of the coal mining district. President Taft's itinerary included Laurel, Aberdeen, Elkton, Belaire, Havre and De Grace.

T. R. Wants Big Vote.

Westminster, Md., May 4.—"People told me not to waste any time coming here," said Colonel Roosevelt, addressing a big audience here today. "They said we would get the votes of this section of Maryland, anyway. But I don't want merely to elect delegates. I want you to vote for us; four or five to one. We must have a three to one majority to win."

Taft Denounces Teddy.

Bayview, Md., May 4.—"I am a peaceful man and don't want to fight but when I fight, I fight hard," said President Taft in his speech at Hyattsville today. Then he launched into a bitter denunciation of Colonel Roosevelt.

"The innovator is abroad," said President Taft. "I must fight. The cause I represent is being injured by misrepresentations of me and my administration by Roosevelt. He is spreading the impression that if you nominate him he will abolish the bosses. Roosevelt was president for seven years. I would like to have some one tell me how many bosses he abolished."

At Laurel President Taft referred to Roosevelt again in a sarcastic manner, saying: "I tremble for the country were Roosevelt to die, with so much depending on his life."

Destroyers Return.

San Diego, Calif., May 4.—The torpedo boat destroyers Perry and Preble returned here today from a secret mission along the Lower California coast. The officers refused to give out any information of where they had been, saying they were ordered not to do so by Washington. It is believed that they went to Magdalena Bay.

Stranded Steamer Unharmed.

Portland, May 4.—The steamer Geo. R. Vosburg, which struck yesterday off Nehalem river, is high and dry today and little damage was done. The crew and captain remained aboard. The Vosburg will be pulled off at high tide by a tug. The barge Nehalem was carried over the bar by the wind and tide and is now safe in the river harbor.

TWO DAY VARIETY SHOW IS PLANNED BY LOCAL LODGE "BEST PEOPLE ON EARTH"

A two days show, which will equal the Montanari Festival of Tacoma, the Rose Carnival at Portland or the Golden Potlatch at Seattle is planned, outlined and dated for Pendleton in the immediate future and all that is wanted now is a name. The local herd of Elks is responsible for the venture and has arranged to pull it off at Round-up Park on the afternoon of May 31 and June 1.

"What's in a name," Bill Shakespeare says, intimating that there is nothing in nomenclature, but the Brother Elks think otherwise and so they are casting about for some suitable appellation by which to designate their show.
