### HIS CONSCIENCE HURTS.

Makes Amends and Asks to Be Forgiven for His Act.

Peabody, Kan.—W. E. Payton, editor of the Herald, has received the following "conscience" letter from a printer who was in his employ when operating the Florence (Kan.) Bulletin. The letter reads:

"You will probably remember that I worked for you as printer on the Florence Bulletin five years ago when I quit and left I took with me ten of your brass column rules. I sold them in Wichita for old brass. In that act I was a thief, but I have now been converted and I hereby confess the crime to you. I am willing to pay the penalty if you want to prosecute me. I want to clear my conscience of the crime and make it right as far as it is in my power, so I send you with this a draft for \$6. I think the rules cost 60 cents each. I ask your forgiveness for the crime and sin."

NOTICE OF SALE OF BONDS.

Notice is hereby given that sealed bids will be received by the undersigned up to the hour of 5 o'clock p. m. on the 8th day of May, 1912, at his office in the city hall in The City of Pendleton, Umatilla County, Oregon, for the purchase of improvement bonds of said city issued for the improvement of Cottonwood street from Water street to Railroad street and Webb street from Main street to Cottonwood street in said city, said bonds aggregating \$10,683.35, being twenty-one bonds of \$500 each and one bond of \$183.35, face value; bonds dated May 1st, 1912, bearing interest at the rate of six per cent per annum from date, payable semi-annually, maturing ten years from date but redeemable at the city's option at any interest-paying period at or after one year from date; each bid must be accompanied by a certified check for \$500.00 payable to the order of the mayor of said city, the same to be forfeited in the event that the bonds are awarded to the bidder and he refuses to take them, but to be returned to bidder if he be unsuccessful.

THOMAS FITZ GERALD,  
City Recorder.

### UNION REWARDS BRAVE BOY.

M'Alister, Okla.—As a reward for his bravery in warning miners at work in mine No. 5 of the Western Coal & Mining Co., at Lehigh, Okla., where fire broke out in the mine, resolutions were adopted at the convention of the United Mine Workers of America of the twenty-first district authorizing the setting aside of funds to defray the expense of educating Reifino Rodriguez, a Mexican youth.

Rodriguez ran through the workings shouting a warning to the workmen. As a result ninety-one of the one hundred men escaped from the mine before the fire gained headway.

### HOW TO WOO AND WIN.

St. Paul.—Nine distinct varieties of making love, each favored by a different nation, will be explained by members of the Cosmopolitan club, composed of University of Minnesota students from foreign countries, at meetings this spring.

Courtship customs, difficulties to be overcome by lovers and wedding ceremonies peculiar to their native lands will be described by students from Peru, Japan, Canada, China, India, Norway, Alaska and Persia. The American methods also will be explained.

The announcement has created a great deal of interest on the campus. Students not members of the Cosmopolitan club are wondering if it will be possible to gain access to the meeting.

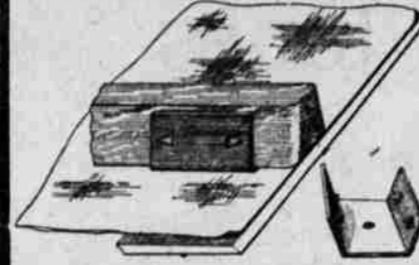

LADIES! HERE ARE THE STYLES FOR AUTUMN

Toledo.—Styles for autumn were adopted here by the National Cloak, Suit and Skirt Manufacturers' association. About one hundred manufacturers were in attendance. These are authorized:

Suit jackets will show a gradual rather than a radical increase in length, finger tip length (approximately thirty-two inches) predominating, the lengths to be based on the varying heights of women.

Skirts will continue on straight lines. The slightly raised waist line with the inner belting will continue in favor.

Separate coats will be full length and cut on straight lines. Some materials will be made in perfectly loose shapes, with or without belts, and others will be made in more shapely effects. The feature of the separate coats will consist of set in sleeves, deep armholes, sloping shoulders and high buttoning effects.

### Let the AKERS PATENT FASTENER reduce your draper troubles to a minimum this season

The fastener, which is illustrated here, is stamped from sheet steel, having two brads stuck up from each jaw which are driven into the stick when the jaws are set up.

This holds the stick as if in a vise. There are no rivets going through the stick to weaken or split it. We use the best No. 5 duck, straight grained ash sticks and first quality leather belt.

We guarantee the quality and we guarantee the workmanship.

These drapers will cost you no more than other makes and they will save you much time and annoyance.

Don't fail to use one on your Harvester or Header this season.

### A NEW INSTRUMENT

An attachment for hoe drills as illustrated here has two very valuable and important features which every progressive farmer will appreciate at once. They are made to fit any hoe, are easily adjusted and answer the double purpose of regulating the depth of sowing and at the same time presses the soil firmly around the grain thus insuring immediate germination.

Splendid results are obtained from their use.

## AUTO SOMERSAULTS; OCCUPANTS ESCAPE

(Special Correspondence.)

Athens, Ore., May 4.—While autoing on the Wildhorse road with a party of friends Thursday, the car driven by H. Wilson, of the firm of Alexander and Wilson of this place, ran off a high bank near here and turned completely over twice before it stopped in its plunge. All the occupants miraculously escaped injury but the machine was demolished.

The Athens track team left Friday evening for Baker, Ore., to take part in the Eastern Oregon track meet.

Those leaving were F. Payne, for the mile and half mile runs; G. Dudley, in the weights and 100 yard dash; McEwen in the sprints and low hurdles and E. Worthington in the sprints, low hurdles and quarter mile.

The Athens band will give open air concerts during the summer starting from the third of May until the 4th of July.

The Athens Hotel is receiving a coat of paint.

F. G. Beal of Milton was in Athens Tuesday.

Mrs. D. B. Jarman and children of Weston were Athens visitors Thursday.

F. G. Lucas of Weston transacted business in Athens Tuesday.

Death to the Locust.

Paris.—One of the biblical plagues of Egypt shortly will be wiped out by modern science, according to a paper read before the French Academy of Science here by Dr. Roux.

M. Deresme, a French scientist, has discovered a method whereby swarms of locusts can be banished quickly. The remedy is a microbe, fatal to locusts, a microbe easily "cultivated" in a laboratory, and just as easily "turned upon" the insects. The manner of doing this is extremely simple. All one had to do is to apply the microbe to one locust. This locust will carry the microbe along with it, infecting thousands of others as it hops or flies along. It quickly dies and (after the habit of the locusts) is eaten by the others. These in turn become infected and die, and so on.

After having watched the effect of the remedy in Mexico for some time, the Argentine government commissioned Deresme to try his hand in an infested district of that country. In eight days the pests were gone.

WOULD WOO MISS CROKER.

San Francisco.—Thomas Dore, gardener, 26 years old, who was dismissed from the employ of Miss Jennie Crocker about a year ago, was found hiding behind a statue in the

Asked by Henry Maler, superintendent of the Crocker estate, what he had to say at her home at Hillsborough, Dore said he wished to see Miss Crocker and offer his hand in marriage. He had read about the announcement of her engagement re-

cently, he said, but felt confident that he could induce her to change her mind and accept him. Dore was ordered off the Crocker estate and told that if he appeared again he would be put in jail. He is believed to be demented.
