

PRISON OFFICIAL'S DISCHARGE EXPLAINED

HAD NEGLECTED DUTIES AT STATE PENITENTIARY

Governor West Appears at Institution, Finding Superintendent Not at Post of Duty and Lately Dignitary's Recall Follows.

Portland, Ore., May 6.—Some echoes of Governor West's new prison official "decapitation policy" were heard coincidentally with the governor's arrival from a visit to Hood River and Shellock.

It is likely the governor will consider the refusal of Superintendent James of the penitentiary, to accept a leave of absence without pay, as the resignation of that official. He intimated that if Superintendent James did not take his leave of absence today there would be a new superintendent in his place, a superintendent content to accept the honors of the office without salary. This kind of an appointment will be made if the law

is found to require a continuing of the position. In the meantime the penitentiary warden will discharge the administrative duties connected with the institution.

Governor West admitted that in asking Superintendent James to take a leave of absence without pay he was not actuated alone by motives of economy. He did not deny his vexation upon several occasions when he called at the office of the superintendent late in the working day only to find that that functionary was not on the job. He admitted also that when he found the superintendent was leaving 100 acres of rich land on the prison farm unproductive that it vexed him. It seems that the inability of the superintendent, not denying his good qualities, to meet the progressive ideas of the governor in the administration of prison affairs, also had considerable influence in the request that he take a leave of absence, which, now that the superintendent persists in staying, is to be construed as his resignation.

CARTOONS USED BY CHRISTIAN PASTOR

Those in charge of the services at the Christian church were especially gratified with yesterday's work as the attendance was good and the general interest very fine. The "morning service" is becoming more and more popular and but very few come late or go away before it is entirely complete.

Some very striking cartoons from the late Frank Beard, were used by the pastor in illustrating the morning lesson. The one which seemed to make the deepest impression was entitled "Pay Day," and showed the criminal in stripes, and the grafting policeman, the unfaithful preacher who failed to warn people of their sins, the society leader and card player—in fact a great hoard of common every day sinners with whom we are familiar even right here in Pendleton standing before Satan, who with a fringe of scorn is pointing significantly to the words, "The wages of sin is death." The master painting of Hoffman was also shown, as illustrating the power of wealth to seduce and lead astray even the young Mr. Holmes said he had been privileged to see the painting last summer while attending the International Sunday School Convention in San Francisco, and that it was insured for over a hundred thousand dollars. Its title is "The Rich Young Ruler." A fine illustrated song was also enjoyed by all. Much interest is being manifested, too, in the entertainment to be given at the church tonight to which free tickets were distributed at yesterday morning's service. A small admission fee will be charged all who do not hold tickets. The pictures to be used are upon the topic, "Seeing and Hearing," and are very fine. There were many strangers in last night's audience, and that they were cordially welcomed was shown by the remark of one man as he passed out, who said, "they nearly shook my arm off," and by another who attended both the services of the day and last night that he had not attended a more cordial church in the northwest. It looks like the church was attempting to live up to their motto, "Only Once a Stranger."

The pastor gave a very instructive and interesting sermon last night on "The Holy Spirit in Regeneration," and announced that he would discuss "The Baptism in the Holy Spirit" next Sunday night.

Helps a Judge in Bad Fix.

"At last I used Buckley's Arnica Salve, and was completely cured." Cures burns, boils, ulcers, cuts, bruises and piles. 25 cents at Koepfens.

GOES TO GUARD SEALS.

First Revenue Cutter Leaves Seattle for Bering Sea.
Seattle, Wash.—The revenue cutter Manning, first of the Bering Sea patrol vessels, sailed from Seattle for the north to guard the eastern section of the Alaska peninsula from Unimak Pass to Kodiak Island, until the fur seals enter Bering Sea, when the cutter will follow.

The Tahoma will sail in a few days and the McCullough and Bear will go later. With Russia, Japan and England co-operating with the United States it is expected that it will not be necessary to keep close watch at the rookeries, and the cutters will carry mail to fishing vessels, schools and missions, hold court at the settlements and do other useful work.

It is declared by naturalists that the seal herd in a few years will be as large as it was before the pelagic sealers began their slaughter.

THINKS CONGRESS "HORRID."

Admiral Sigsbee's Full Opinion Unfit to Print, He Says.
New York.—Rear Admiral Charles D. Sigsbee, speaking the other night at a dinner of the Old Guard, criticized congress in connection with the naval appropriation.

"In my opinion," he said, "the action of congress in cutting the naval appropriation was what a perfect lady would call 'horrid.'"

S.S.S. CURES OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germs; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S.S.S. cures Old Sores by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. When S.S.S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the discharge ceases, the inflammation leaves, and the place fills in with firm, healthy flesh. Under the purifying and tonic effects of S.S.S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use. are mosquitos. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite fails and the strength falls; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fretwell of Louisiana, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50c at Koepfens.
