RICHESON MUST EXPIATE CRIME

Last Hope of Cheating Justice by Murderous Preacher Has to All Appearances Vanished.

IS SANE, SAY EXPERTS

Betrayer and Slayer of Nineteen Year Old Choir Singer Can Expect No Clemency from Massachusetts Governor or Pardon Board.

Boston, May 14.—Rev. C. V. T. Richeson, slayer of Avis Linnell, arrived at Charleston State Prison from his cell in the city prison at 3 o'clock this afternoon. He was taken immediately to the death cell where he will remain till he is executed.

Boston, May 14.—Rev. Clarence Virgil Richeson, once the pastor of the fashionable Baptist church at Cambridge, must die for the murder of his nineteen year old sweetheart, Miss Avis Linnell, whom he killed with cyanide poison.

All hope for the unfrocked minister was abandoned today when the last two of a corps of four celebrated alienists who have been examining into Richeson's mental condition, reported to Governor Foss. It became known that only one of the entire number of specialists expressed any doubt that the minister was accountable for his crime.

Governor Foss intimated that unless both of the final-reports of the alienists declared strongly that Richeson is insane, he would not interfere with the execution and it is almost a certainty that the executive council will not interfere.

Mother of Victim Talks. Hyannis, Mass., May 14.—Let Richeson escape the electric chair and the world would not seem right. I prayed and I know I am right when I say Richeson should pay the penalty. With these words Mrs. Linnell, mother of Avis Linnell, the nineteen-year-old girl who was poisoned by Rev. C. V. T. Richeson, in her home, denounced the unfrocked minister.

DEFENDER OF CAMERON DAM MUST SERVE LIFE SENTENCE

Madison, Wis., May 14.—John F. Dietz "defender of Cameron Dam," today was denied a retrial of his case by the state supreme court. Dietz was convicted of killing two deputy sheriffs and was sentenced to life imprisonment.

TRI-STATE LEAGUE BASEBALL SEASON OPENS HERE TODAY WITH PENDLETON, WALLA WALLA

"Play Ball" sounded from the Round-up diamond at 3:30 o'clock this afternoon and the large crowd which had gathered in the grandstand settled in their seats to witness the formal opening of the season in Pendleton. The day is ideal, the grounds perfect and each team went into the contest with the determination to win manifest in their actions.

Manager Garrett is himself pitching the opening game for the Buckaroos while the Walla Walla management had slated Strand, the Bears' best bet, to oppose him. These two twirlers pitched the opening duel of the initial series and the game proved to be the best of the six served up to the Garden City fans, Strand winning his game by a two to one score. However, Garrett won his second game of the series while Strand was batted so hard that he threw down his glove and walked out of the box.

Walla Walla enters upon the series considerably strengthened by the addition of several new men. Pitcher Pittman and Infielder Rochoon have been secured from the North Yakima aggregation and the club has sent to Portland for Clyde Park, a pitcher and outfielder, who formerly lived in Walla Walla and who is a nephew of Judge Joe H. Parkes of this city.

At a meeting of the directors of the Walla Walla club held yesterday morning, Catcher George White, who has been field captain of the Bears, was chosen manager of the club as well, and from now on he will have

HIS NAME IS 'ANTHONY'

With Report of Youngster's Existence Comes Announcement That Wife of Stanford White's Murderer is Anxious to Settle With Family.

Pittsburg, May 14.—Neighbors of Mr. and Mrs. Charles Holman, stepfather and mother of Mrs. Evelyn Nesbit Thaw, declared that Evelyn and her alleged two year old son "Anthony" have been at the Holman home near here for a week.

They declared they have seen Evelyn and a baby together several times in the Brooklyn home of the Holmans.

Detective Roger O'Mara, of Pittsburg, who assisted Harry Thaw in his attempts to obtain his release from Mattawan insane hospital where he was committed following the shooting and killing of Stanford White, still denies Thaw's paternity of the child and declared today that the reports of the child's being seen in the neighborhood were untrue.

Would Quit Harry for \$15,000.

New York, May 14.—Efforts to cut loose forever from Harry K. Thaw, slayer of Stanford White, are being made here by Evelyn Nesbit Thaw. Content with the companionship of her 21 months old baby boy, who was born in Europe, Mrs. Thaw announces her willingness to abandon the \$5000 yearly income she has been receiving from Thaw, provided he gives her a lump sum of \$15,000 and allows her her freedom.

VOTE IN CALIFORNIA PRIMARIES HEAVY

San Francisco, Cal., May 14.—A heavy vote is being cast in the California primaries today. In San Francisco it is estimated 106,000 votes will be cast. It is the first general election in California in which women were entitled to the ballot and the women showed keen interest and thousands are voting.

Supporters of Roosevelt, Taft and La Follette and Clark and Wilson, all asserted their candidates would win today.

John W. Stetson predicted that Roosevelt would carry the state by 75,000 plurality or 25,000 majority.

R. H. Dewitt, representing the Clark forces, predicted Clark would carry every county in the state.

Rudolph Speckies was confident La Follette would win.

Colonel Charles M. Hammond, a brother-in-law of Roosevelt, and a leader of the Taft forces, said California would give Taft a "very handsome majority."

Rancher Ropes Deer in Current of Mountain Stream

Rescues Animal From Hounds, Presents It to State

To lasso a full-sized deer in the middle of a swift flowing stream with both the deer and horse swimming was the feat performed yesterday by Dave Bonifer, well known Gibbon rancher. The captured animal has been turned over to Deputy Game Warden E. F. Averill, who will in turn present it to State Game Warden Finley, and it is probable that the little animal will be liberated in the Wallawa county reserve where the Oregon herd of elk was recently paced.

Bonifer's feat was not the result of an attempt to hunt deer out of season but was in the nature of a rescue. The little animal, a yearling doe, had been chased over the hills by dogs and had finally waded out into the waters

VOLCANO MENACES CITY

Buildings Destroyed at Guadalajara, Mexico; People Desert Town.

Mexico City, May 14.—Four earthquakes in rapid succession today, led to the belief that the volcano below the city of Guadalajara is about to erupt. Four buildings were engulfed today and nineteen damaged while steam and sulphur fumes issued from cracks in the earth. Guadalajara is virtually deserted, the people believing the city will be swallowed up.

THIRTEEN MINERS DIE IN EXPLOSION

Two Others Rescued After Spending Many Hours in Poison Gas Fumes

Ironwood, Mich., May 14.—Thirteen miners who were entombed in the Norrie Iron mine today by a gas explosion, are known to be dead.

Two other men, the last of the crew of fifteen which was caught by the explosion, were rescued at noon. They stated that their comrades succumbed to the gas fumes which permeated the mine.

The dead were all members of the night shift. They became alarmed at a partial cave-in, in the pit where they were working. Frightened they ran to an adjoining room, according to the survivors, and the walls of this room collapsed, burying the victims.

The explosion blocked the shaft with debris and it is feared the lower workings of the mine are burning.

Work on all nearby properties has been suspended while efforts were made at rescue.

Relief work was extremely dangerous, owing to the belief that more explosion might occur at any time.

SOCIALISTS GRILL AMERICAN LANDLORDS

Declare Conditions in This Country Are Worse Than Ever in Ireland

Indianapolis, May 14.—Thomas Hickey, who was delegated by the national socialist committee to investigate the single tax question, reported to the national convention today, denouncing land ownership in the United States and declaring that "landlordism is eclipsing even the infamous Irish methods and cause most of the trouble in America. He discussed the single tax in detail.

Followers of William D. Haywood promised today to support the party heartily, despite the fact they lost in their attempt to control the convention committees.

Bitter denunciation of Francisco Madero, president of Mexico, was made by Francisco De Lara, a Mexican who came to this country to try to prevent the United States from intervening in Mexico.

De Lara said Madero lied when he said he was for the people. He declared that Madero and his family, are among the biggest landlords in Mexico.

He said the suggestion that American lives and property are endangered is a lie and a part of a propaganda to have America intervene.

HAMLEY WILL GIVE FIRST PRIZE SADDLE

The well known firm of Hamley & Co. will this year construct and present the prize saddle for the Round-up championship bucking contest. Arrangements were made between the directors of the wild west show and the firm this afternoon to that end.

The members of the firm have not yet decided just how expensive their saddle will be but declare that it certainly will not be under \$250.

At the first Round-up, they presented the championship saddle which was won by Bert Kelley and last year they presented the saddle which was first prize in the wild horse race. It was won by Sid Seale of Arlington. Both were masterpieces of the craft and the directors feel sure that the one which will be contested for this year by buckaroos from all over the country will be a marvel of workmanship.

FRISCO FAIR A TAFT MACHINE

Governor Johnson Says Exposition Funds Paid For Western Trip of Secretary of State Knox.

BITTER FUED STARTS ENTERTAINED AT LUNCH

Difference in Expense of Washington Campaign as Declared by Board and Governor is Over One Hundred and Sixty Thousand.

San Francisco, May 14.—"All officials of the Panama Pacific exposition except President Moore, today adopted \$5000 paid out of the exposition funds for the private car which carried Secretary of State Knox over the greater part of his western trip."

This charge was made by Governor Johnson who also alleged that the exposition is being used as a political machine in behalf of Taft's candidacy. The feud between the governor and officials of the exposition has reached a very acute stage.

President Moore said he did not discuss the matter because he did not wish to be drawn into a controversy but he said, in regard to Governor Johnson's other charge—to the effect that the exposition officials are withholding an itemized expense account of the money expended during the Washington campaign—that the book is always open to the public.

He said the books would show whether the governor is right in his declaration, that \$275,000 was expended in Washington or if the officials' statement that \$117,694 was expended is right.

TAFT AND T. R. ARE BATTLING IN OHIO

Belair, O., May 14.—The battle between President Taft and Colonel Roosevelt for Ohio's delegation to the national republican convention at Chicago, started in earnest today with the arrival here of Roosevelt. Taft and Roosevelt crossed each other's path at several towns today but missed meeting each other.

Roosevelt spoke today at Bridgeport, Martins Ferry, Steubenville, Wellsville, East Liverpool, Rochester, Youngstown, Niles and Alliance.

In a speech delivered here Roosevelt declared that President Taft should benefit by the presidential primary as he had openly disapproved of the people having a right to express their preference for presidential candidates.

Roosevelt plans to visit every congressional district in Ohio, excepting that which includes Cincinnati, the home of Taft, and the first and second districts. He will travel 1749 miles in Ohio.

AGRESSOR AND DEFENDER BOTH HEAVILY FINED FOR FIGHT AND CARELESS SHOOTING

Convicted after a trial this morning in police court of disturbing the peace and quietude of the city of Pendleton, Al Richardson and Thomas Williams, the two big negroes who yesterday afternoon had a fistie altercation in front of the Hotel St. George, during which a revolver was discharged, were given the alternative by Judge Fitz Gerald of paying fines or taking a sojourn in the jail. Richardson was sentenced to pay a fine of \$40 or spend twenty days in jail, while a sentence of fifty dollars fine or twenty-five days in jail was imposed upon his adversary.

The burden of the testimony was to the effect that the two men had quarreled earlier in the day and that Williams had approached Richardson's bootblack stand later looking for trouble; that an altercation had ensued and during the exchange of blows a revolver had fallen to the pavement and was discharged, the bullet passing through a window of the barroom. As to who owned the gun, the testimony was conflicting. Richardson claimed the other negro
