SURGEON ACCUSED OF AUTO STEALING PUZZLE TO POLICE

Philadelphia, Pa.—Ever since the publication of the news of the arrest of Dr. Allen F. Gentry, a graduate of the University of Pennsylvania, on a charge of stealing automobiles, there has been a steady stream of motor car owners to detective headquarters at the city hall, each caller anxious to get trace of a missing machine.

The extraordinary charge against Gentry is that he stole automobiles and spirited them off to a workshop of his own at Mirrostown, N. J., where he transformed them into different looking cars and then sold them to purchasers of second hand cars.

Gentry, who is the son of a former prosperous West Philadelphia physician is a prisoner at city hall, where he will be detained several days while detectives are completing their investigation. Already he stands indicted for the theft of a White Steamer car, the property of F. K. Mears of Oak Lane. Mears has identified and recovered his automobile. The police say the man has stolen several scores of automobile in this city and elsewhere.

The police say that Gentry, whom

DOG KILLED BY TRAIN WORTH \$200, COURT DECIDES

Chicago—Whether a dog was exercising "ordinary care and diligence for its safety" when killed by a train, and its value, were points which Judge Newcomer was called upon to decide.

C. R. Barrios, 1608 West Kinzie street, was given judgment of \$200 against the Chicago, Milwaukee & St. Paul railroad for the killing of Oakwood Jehu, an Alredale terrier. It was the largest judgment ever given in the municipal court for "personal injuries" to a dog.

Judge Newcomer decided: That the dog was using ordinary care and diligence.

That a fair valuation of the canine was \$200.

The fact that this Alredale terrier once, "single handed" killed a timber wolf, as related by Barrios in his testimony, entered into the decision of

the court. Before rendering his decision, Judge Newcomer examined several books of pedigrees and read authorities on the values of various specimens of the different branches of the canine family.

Numerous experts testified, placing the value of Alredale terriers from \$500 to \$1000. Barrios himself testified he had refused \$500 for Oakwood Jehu and told stories of the animal's prowess.

The evidence was that the dog was being led by a boy in the employ of Mr. Barrios, and when crossing the Milwaukee tracks at Elston and North Fifty-first avenues two months ago, as a train was approaching, the boy dropped the chain and ran, the dog standing on the track and being run over and killed.

Judge Newcomer held that the dog was "exercising ordinary care and diligence" in that it was in the charge of the boy, and the fact that it did not scurry to safety did not show that he dog was stupid, but that it probably was an obedient animal, and no doubt was struck with terror when deserted by the boy and was paralyzed by fright.

AT THE PICTURE SHOWS

Orpheum. An exceptional good program for Tuesday's change. Four full reels of the best pictures.

1. "The Pipe." Vitagraph. A good wife is a jewel; a pipe is a consolation, an emblem of peace. If a man must smoke let him do it at home. Keep him and peace in the family. Mr. Marshall P. Wilder in the role of "Sherlie Komes," the detective, is a feature in this film.

2. "The Insurgent Senator." Edison. A story of politics and love. The theme is timely and vital, while the settings and in fact the whole atmosphere are wonderfully real. Mary Fuller and Marc McDermott play the leading parts.

3. "The Anonymous Letter." Pathe. A married woman is fascinated by a young man and makes an appointment with him. Her sister discovers the plot and persuades her sister to renounce her new friend. To do this the married woman calls on him, is followed by her sister. The sister sees this, manages to get to the rendezvous and saves all parties. Napurkowska, the Russian dancer, plays in this film.

4. "The Albertos." Pathe. A very clever vaudeville stunt which will please the most exacting.

5. "The Cattle King's Daughter." Essanay. A stirring drama of old Arizona days. An absorbing western story that is made convincing by good work on the part of the players. Anderson's part is in his usual vein, romantic out law, but he plays it with his usual excellence and wins his usual favor with his audiences.

The Pastime.

The home of Good pictures. Tuesday's change of program.

"Lonesome Robert." Essanay. Feature. A plot based upon wireless telegraphy. This gripping, enthralling drama, teems with live thrills and an undercurrent of pathos that moistens the eye and causes a lump to stick persistently in one's throat.

"Pushmobile Races." Vitagraph. A new sport. "Push it along; it's a good thing!" The races are exciting and you want to get in the parade. The races are exciting and you want to get in the parade. A feature of this film is the presence of Miss Florence Turner, "The Vitagraph Girl." She takes part in one of the races and greets all her friends in a special salute and "howdy."

"The Secret of the Miser's Cave." Kalem. A picture that has in a large measure the elements that are popular. The saving of the girl from the villain and the rescue of the man in the cave. All these parts are well acted and quite convincing.

"His Little Sister." Lubin. A western farmer, full of good laughs. The boys had seen little sister's photograph taken years before and expected her to look like it. Well—she disappointed them.

"Burnt Cork." Vitagraph. Minstrel shows are always popular. This is a good one and funny, too.

"That Chicken Dinner." Lubin. A comedy with a clean-cut story of the trials befalling two tramps.

The Cosy.

Wednesday and Thursday, another pleasing program, the kind you like to see.

"The Coward." American. Lively western with an exciting man hunt as one of the chief events. For years the coward had been exasperated by his companions until one day he killed his man. Pleading for his life the coward bravely performed a humane and heroic act and proved his courage and bravery.

"Blighted Lives." Solax. A young man in great need of money appeals to a friend for aid. The man, his unsuspecting river in love, sent him a check and then accused him of forgery. In a great trial scene he is found guilty and sent to prison, while his rival won the girl. The ending is dramatic in the extreme.

"Shriners Parade at Rochester." Eclair America. Views of an elaborate parade and ceremony that is very interesting.

"Gaumont Weekly." \$7,000,000 fire in Houston, Texas, Pennsylvania R. R. wreck, Maine heroes honored, Laurence, Mass., children march in New York, boats go down in flame, Mardi Gras week in New Orleans, Floods in England, Taft at Washington's tomb, championship skating contest on ice in Berlin, Paris fashions and many other events.

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give you money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance. Special Agent, Pendleton Drug Co.

are mosquitos. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite fails and the strength falls; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fretwell of Luca, N.
