

WEATHER REPORT.

Fair tonight and Tuesday.

COUNTY OFFICIAL PAPER.

VOL. 25.

PENDLETON, OREGON, MONDAY, JUNE 10, 1912.

TO ADVERTISERS. The East Oregonian has the largest paid circulation of any paper in Oregon, east of Portland and nearly twice the circulation in Pendleton of any other newspaper.

CITY OFFICIAL PAPER.

NO. 7580

HANFORD TOOL OF CORRUPTION

Also a Judicial Pervert and Moral Bankrupt, is Charge Made by a Seattle Attorney.

GRAFTING IS INTIMATED

Declares United States Judge Allowed Enormous Fees to Lawyers and Then Became Their Partner in Venture; Thwarts 70,000.

Washington, June 10.—A bitter arraignment of Judge Hanford of Seattle, whom he characterizes as a "judicial pervert," moral bankrupt, tool of corruption and special privileges, was voiced here today by Attorney John Perry of Seattle, in an affidavit filed with Congressman Norris of Nebraska, which supplements the impeachment charges against Hanford made by Congressman Berger.

A large number of specifications of alleged misconduct are made in Perry's affidavit, most of which are included in the Berger resolutions. Perry declared that Judge Hanford violated his oath of office by refusing to give equal justice to rich and poor and he charges that Hanford is the tool of the Seattle, Renton and Southern railway company, is the agent of corrupt politicians and engaged the citizens from holding a recall election in Seattle March 17, 1911.

OFFERS HUSBAND FOR \$12.

Oklahoma Woman Ready to Give Up to Get Pension Back.

Washington.—You can buy a husband in Oklahoma for \$12. If you think you can't, ask Representative B. S. McGuire of Oklahoma. McGuire was informed that if he could arrange a separation his correspondent would agree to any terms.

81000 Verdict for Girl.

Murphysboro, Ill.—A jury in the Jackson county circuit court gave Miss Grace Schenk a verdict for \$81,000 against A. J. Hill, a farmer of Vergennes township. Miss Schenk is a school teacher in that township and sued Hill for \$5000 damages for slander.

She alleged that Hill visited her school and gave her a verbal lashing.

Mr. and Mrs. W. B. Mays returned Saturday evening from a week's visit with their son, Bert Mays, at Ellensburg, Wash.

PENDLETON COMMERCIAL ASSOCIATION JOINS IN FIGHT FOR FREE PASSAGE THROUGH CANAL

In response to a request from J. N. Teal, chairman of the Portland Chamber of Commerce committee on the Panama canal, the Pendleton Commercial club has joined the forces urging the United States senate to pass the house resolution which provides no tolls shall be collected at Panama and that railroad companies shall be barred from maintaining steamship lines through the canal.

In a letter to W. L. Thompson of this city, Mr. Teal asked that the subject be taken up by the Commercial club and the Oregon senators asked to favor the passage of the bill. As chairman of the committee on public policy Mr. Thompson took immediate action by writing to both Chamberlain and Senator Bourne endorsing the house resolution.

In his letter asking support of the anti-toll bill, Mr. Teal denounced the idea that tolls should be charged at Panama and also endorsed the feature of the bill which forbids rail-

CONVICT SLAIN IN PRISON RIOT

Many Others Wounded When San Quentin Guards Quell Mutiny With Shot, Steam.

GO ON A 'GRUB STRIKE'

Penitentiary Authorities in Restoring Order, Turn Steam in on Fighting Dinners, Blinding Them Before They Will Submit.

San Quentin, Calif., June 10.—A mutiny in the nature of a "grub strike" in the penitentiary here yesterday resulted in the death of one prisoner, the injury of two others who were shot by a guard and scalding of others by turning live steam into the dining hall where the mutiny occurred.

The dead and wounded were not ringleaders—only active demonstrators. H. H. Lynwood, a naval prisoner committed from Alcatraz Island last March for desertion and impersonating an officer, is the prisoner shot. He was under sentence of 6 1-2 years and had served time before at Salem, Ore. He was shot through the breast and died almost instantly.

Frank Taylor, a negro under sentence of 20 years for a robbery committed in San Francisco, and also an active rioter, was shot through the hand. He is not seriously injured.

The bullet sped through his flesh, struck the floor, and glancing upward wounded H. A. George, a prisoner who was trying to escape from the hurly burly, in the leg. Taylor and George are the only ones on the hospital list. The live steam did more to blind and frighten the men than actually to hurt them.

SOCIETY CIRCUS PROGRAM MAKING

While the local public has been working itself up over baseball and politics, the committee of Elks which has in charge the preparations for the big Elks' Circus for June 28 has been quietly working and they are now ready to say something that will make baseball and politics matters of secondary importance.

The following are the principal matinee events to be given in connection with the circus:

- One fourth mile running race, free for all.
One half mile running race, free for all.
One fourth heavy horse race, free for all, horses to weigh not less than 1400 pounds.
One fourth mile Shetland pony race, free for all.
Walk one-eighth, trot one-eighth, run one fourth mile race, free for all.
One fourth mile four horse chariot race, horses harnessed abreast.
One fourth mile four mule chariot race, harnessed abreast.
One-fourth mile low hurdle race, free for all.

Prizes will be given for best stallion, single drivers, pole team, gentlemen's saddle horse, ladies' saddle horse, driving tandem team, riding tandem team, two horse draft team, four horse draft team and six mule team.

CHILD BARELY ESCAPES DEATH IN CLOTHES CHEST WHILE POUTING AFTER A WHIPPING

Limp, unconscious, wet with perspiration and almost lifeless, the little three year old daughter of Mr. and Mrs. W. M. Knapp of 118 Court street was found Saturday evening in a clothes box in which she had evidently crawled while sulking from a chastisement administered by her mother earlier in the day.

Mrs. Knapp missed her little daughter about 4 o'clock Saturday afternoon and, after a search of the premises failed to reveal her where-

abouts, she summoned several neighbors and another search was conducted. Every nook and corner of the house was examined and the neighborhood was likewise subjected to a thorough search but for several hours, the efforts to find the missing child were vain and the mother was almost frantic.

Finally one of the searchers chanced to raise the lid of a clothes box in a bedroom of the house and, digging beneath the clothes, found the almost lifeless form of the little girl. It was at first thought that she had been suffocated and the mother was hysterical with grief but when medical assistance was secured, the child was revived and today is quite recovered from her experience.

AMERICAN MARINES ATTACKED BY CUBAN REBELS

Havana, June 10.—Reports, received here today from Santiago, say a force of negro rebels that were attacking a company of American Marines under Captain Mainfaring, were successfully repulsed. The marines were guarding the El Cuero mines. The marines suffered no casualties and it is impossible to ascertain the loss to the insurgents.

The negroes last night burned two villages in Oriente province and destroyed several large sugar plantations. Several rebels are reported to have been wounded when they attacked a party of Cuban volunteers, near Santiago. Quiet prevails here today.

LAND FRAUD CASE CONVICTION UPHELD

Supreme Court Postpones Other Decisions and Adjourns for the Summer

Washington, June 10.—The United States supreme court today affirmed the conviction of Hyde and Schneider of San Francisco, of extensive land frauds in Oregon and California.

Holding up the decisions in many important cases, including those of the Anthracite Coal trust of the Southern Pacific and seven state rate cases, the supreme court adjourned this afternoon till October 14.

Before adjournment the supreme court sustained the injunction granted by the commerce court, holding up the order of the interstate commerce commission, prohibiting payment by a dozen railroads terminating in New York of "lighterage rebates" to shippers transferring their own freight within the free lighterage zone of New York harbor.

Fire Reveals Treasure.

Wilmington, Del.—Firemen summoned near midnight to fight a blaze in the stable of George Older, discovered a hoard of money hidden in a small frame shack adjoining the burning building and immediately in the rear of the home of William Agster, a baker.

William Fincher, a member of Independence Fire company, had gone into the shack to see if there was any fire there. He found old stockings, bags, boxes and bundles of rags containing money in every denomination from a cent to a silver dollar.

He notified Fire Chief Moran, who had the treasure carried into Agster's house.

"Look out for the paper money, it is in the trunk," shouted Ogster to the firemen.

The firemen found the trunk and it required three to lift it. Agster refused to open it when it had been carried into his home and refused to explain about the money stored in the shack. Chief Moran estimated the sum he saw to be at least \$1000 to say nothing of what the trunk contained.

Wife Cared for Horses.

St. Louis.—Mrs. Ida Richter has filed suit for divorce against Charles H. Richter, Jr., alleging various indignities.

She says he compelled her to get up every morning at 4 o'clock and look after his horses. If she did not arise on time he forced her out of bed, she avers. She also asserts that he allowed her only fifty cents a day for a family of three, although he has a large income.

When she asked him for money to buy a new dress, he said her calico dress was good enough, the petition alleges. According to Mrs. Richter her husband objected to her reading. She says he destroyed her books and newspapers. They were married in February 12, 1909, and separated ten days ago.

To End Duelling in Army.

Berlin.—The clericals introduced a resolution in the Reichstag calling on the Imperial Chancellor to take steps to end duelling in the army, particularly the practice that makes it compulsory for an offended person to challenge or leave the army.

Pending this reform the resolution demands the observance of the imperial order of 1897 restricting duelling.

The resolution will be adopted, as the Clericals and Socialists demonstrated yesterday that they have a clear majority when co-operating.

SLEEPING FAMILY OF NINE SLAUGHTERED

Home of Prominent Iowa Merchant Blood Soaked; No Clue to Murderer

Des Moines, Iowa, June 10.—The bodies of nine persons with their heads crushed in with an axe, were found today in the home of J. B. Moore, a prominent hardware merchant of Villisca, Iowa, according to telephone messages from that place. The dead are Moore, his wife and five children, and two women whose names are unknown.

The bodies of the victims lay as if asleep and there were no signs of a struggle. No clue to the murderer can be found, although a bloody axe, which is supposed to have done the work, was located in an upstairs room, containing the bodies of Paul and Floyd Moore, ages 7 and 6 years respectively.

Moore had no known enemies. The police are seeking a relative of Mrs. Moore's sister, who it is believed can throw some light on the murder.

SMALL "AD" FREES A MAN.

It Proves That Suspect Found a Brooch and Did Not Steal It.

Chicago.—Charles Knight, after two months in jail awaiting trial for the supposed theft of a diamond brooch, proved his innocence by a small advertisement which he inserted in a newspaper.

Knight found the brooch in a restaurant. He was sick and needed money, so he pawned his find. With part of the money he inserted the advertisement announcing the finding of the brooch. In the meantime the pawnbroker had been notified that the property had been stolen from a Mrs. Artmueller. Knight borrowed money from his brother and went to redeem the brooch. He was arrested. When the court heard that Knight had repeatedly called to see if there were an answer to his advertisement he gave him his freedom.

MAMMOTH CROWD MEETS REMAINS OF DEAD SENATOR

Reno, Nev., June 10.—Accompanied by a congressional party headed by United States Senator Newlands, of Nevada, the body of the late Senator Nixon of Nevada, who died in Washington of spinal meningitis, arrived here early today. In spite of the earliness of the hour, the body was met by a mammoth crowd. A public funeral will be held tomorrow at two o'clock on the lawn in front of the Nixon home.

DIVORCE FOR HUSBAND BECAUSE WIFE SMOKES

San Francisco.—Superior Judge Graham went on record as being opposed to women who smoke cigarettes when he granted a divorce to Edward F. Huddleston, a foreman carpenter who lives at 1559 O'Farrell street. Huddleston charged his wife with cruelty.

The couple were married in May, 1911. Huddleston declared his wife has cursed him on various occasions and insisted on her right to smoke cigarettes. On one occasion he and his wife with a party of friends were dining at a local cafe. Mrs. Huddleston, much to his mortification, asked for a cigarette. He refused and, after expressing herself in unladylike words, she left the cafe.

Attorneys for the wife said there might be a possibility of a reconciliation. Judge Graham said he was opposed to a reconciliation if a woman insisted on smoking cigarettes when her husband objected.

FOUR INDIANA DELEGATES AT LARGE ARE GIVEN PRESIDENT

Taft Steam Roller Successfully Used in Postponement of California Contest

FIRST BALLOT WILL INSURE TAFT, SAYS HILLES

Dixon Denies Claim and Declares Many Supposedly Taft Delegates Will Scramble for Seats in the Roosevelt Bandwagon.

Chicago, June 10.—By seating four delegates at large from Indiana the Taft people have gained a material advantage as former Vice-President Fairbanks is one of the number. The latter has been selected for chairman of the resolutions committee, should Taft control the convention. The decision, seating the Taft delegates, was made unanimously. Every indication this afternoon is that the winner will control the convention by not more than half a dozen votes.

Both Taft and Roosevelt leaders are in secret session today. Rumors of desertions from both camps were denied by leaders of both.

BOISE-PENDLETON BATTLE TOMORROW

Tomorrow will usher in the baseball series which local fans have been anticipating these many days. The Boise Irrigators will arrive tomorrow morning to cross bats with the Pendleton Buckaroos for six games and interest in this succession of battles is at a fever heat.

The local boys have met the Irrigators only once before and split even on the series. Several of the games were the most sensational of the season going extra innings. Since then Gimlin has secured some additional players and the team demonstrated its strength last week by coping four of the series with Walla Walla, thus enabling Pendleton to take a seat with the Bears on the percentage summit.

Garrett is pretty well satisfied with the bunch he now has and, by keeping almost the same personnel since the opening of the season, he has been able to develop in it a machine-like movement which is more valuable than the playing of a galaxy of stars.

He is negotiating for another twirler and is in hopes that he will arrive during the series. Phil Knell will remain here this week to referee the games which insure the fact that they will be umpired from the umpire's box and not from the grandstand or players' bench.

Coast Ad Men in Session.

Portland, Ore., June 10.—The ninth annual convention of the Pacific Coast Advertising Men's association began here today. A delegation of seventy-six arrived from Spokane and also a number of others from other Pacific coast cities. No business was transacted today.

Light Men in Seattle.

Seattle, June 10.—More than twelve hundred delegates are in this city today to attend the convention of the National Electric Light association which begins a three days' session tomorrow. An elaborate program has been arranged.

Mr and Mrs. A. D Sloan were out-

going passengers on the west bound local this morning.

DETECTIVE BURNS WILL TESTIFY IN BRIBERY CASE AGAINST ATTORNEY CLARENCE DARROW

Los Angeles, Calif., June 10.—William J. Burns, the detective, arrived Sunday in Los Angeles to testify for the prosecution in the trial of Clarence S. Darrow, charged with jury bribery.

Not until the arrival of Burns did it become known that he would be a witness in the case as District Attorney Fredericks has stated upon several occasions that Burns had no connection with the case. The latter announced upon his arrival that his object in coming to Los Angeles at this time was to testify in the Darrow trial and that he would remain until the prosecution had concluded with him.

Mr. Burns declined to discuss the nature of the testimony he expected to give, but it is believed that it will consist of evidence concerning the alleged attempts by the McNamara de-

fense to corrupt witnesses who had been summoned to testify for the prosecution in that case.

Asked about statements made in court in the Darrow trial that he had attempted to implicate Samuel Gompers, president of the American Federation of Labor, in the corruption of jurors and witnesses alleged to have been practiced by the McNamara defense, Burns stated with a smile that he would tell all he knew when placed upon the stand. The Darrow trial will be resumed this afternoon with Bert H. Franklin again on the stand but his examination will probably be concluded after a few questions. Members of the prosecution announced today that he would be followed by P. J. Cooney, a detective formerly employed by the McNamara defense.
