## STEAM ROLLER TO BE KEPT RUNNING

COMMITTEE WILL ALSO "RECOGNIZE" PRIMARY

New Rules Gives National Body Right to Say Who is a Bolter and to Fix Punishment, Which Will Mean Deposition.

Chicago, June 21.—Perpetuation of the "steam roller," so far as the national committee of the republican party is concerned and recognition of the direct primary plan of electing members of the committee were the two radical and apparently contradictory changes made in the rules governing the national committee by the rules committee of the convention. The Roosevelt members of the committee did not oppose either. They will, however, introduce a minority report to the convention insisting on a reduction of southern representation in the convention and upon the right of the various states to dictate the method and manner under which their representatives on the national committee shall be elected. In other respects the rules that governed the republican convention of four years ago were adopted, 22 to 6.

**Must Support Nominee.**  
The "steam roller" amendment provides that when any member of the committee bolts or refuses to support the nominee of the republican party, he shall be summarily deposed.

The committee then is empowered to name his successor. In the past the successorship was dictated by the state central committee of the state affected.

The rules committee, however, held that this would give to the state the opportunity to name to the vacancy a man holding precisely the same views as the member deposed. Therefore, it was decided that the power of appointment should be delegated to the committee itself.

**The Primary System.**  
Recognition of the primary system of election of members of the committee was collected in an amendment providing that when state laws provide for the election of national committeemen such election shall be considered a nomination to be carried into effect by the delegate from the said state. Under this change a state electing its national committeeman by direct primary vote would take from its convention delegation entirely the right to name any other nominee.

## MAYOR ORDERS POLITENESS.

Denver, Colo.—Mayor Arnold has issued a "politeness order" to every head of a department at the city hall. The order is as follows:

"In your respective positions you are representatives of this administration and occupy your position as a servant of the people. Every person, no matter how trivial his request may be, must be accorded a respectful hearing. Courteous and polite treatment of all is demanded. We will not tolerate short or cranky answers to your inquiries. Give the fullest information and publicity to all business under your supervision."

In sending the notice to the heads of the departments Mayor Arnold said that the order would be strictly and rigidly enforced with every head of a department, regardless of who that head may be.

## Ends Hunt for Rich Girl.

Often the hunt for a rich wife ends when the man meets a woman that uses Electric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach-bloom complexion and ruby lips result from her pure blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strength Electric Bitters give a woman and the freedom from indigestion, backache, headache, fainting and dizzy spells they promote. Everywhere they are woman's favorite remedy. If weak or ailing try them 50c at Koepfens.

## ESCAPES THE LAW OF EARTH.

Iola, Kan.—Anna Taylor, a young woman who is charged with highway robbery and who broke jail two months ago, will not answer for her offenses on earth. Sheriff Kerr found the fugitive at Emporia; but she is dying of tuberculosis. He ordered her release and she was taken to the home of her mother to await death.

## T. R. TO WITHDRAW FROM THE G. O. P.

IS WILLING TO HEAD A NEW PROGRESSIVE PARTY

Declares He Stands Ready to Lead a New Organization, If a Popular Demand Develops Among the Rank and File.

Chicago, June 21.—Colonel Roosevelt indicated last night that under certain conditions he might withdraw from the republican party to take the lead in the formation of a new party.

"If the people want a progressive party, I'll be in it," he said.

Some of the colonel's supporters urged his assistants to precipitate the crisis in the republican national convention at the earliest opportunity today. More conservative counsels finally prevailed and it was decided there should be no "bolt" from the regular convention. It was the plan of the Roosevelt delegates to make their last stand on the report of the credentials committee. If the 78 delegates, asserted by them to be fraudulent, are seated, the Roosevelt forces will remain in the convention until the end, but will not vote. It is their plan then to proceed to the nomination of the colonel in the Coliseum and claim regularity for him.

Colonel Roosevelt has not definitely committed himself to the latter part of this plan. He is considering the advisability of delaying action for several weeks and then to summon an entirely new convention. This would not be held until after the democrats have acted in Baltimore.

## Nomination Saturday.

The national committee itself marked time waiting for the committee on credentials to conclude its considerations of the contested delegates. The committee planned to work throughout last night so as to report to the convention when it meets at 11 a. m. It was predicted that the nominating stage of the convention might not be reached until late Saturday. A wide latitude of debate is to be allowed today in the convention.

Colonel Roosevelt said emphatically last night that he would make the independent fight for the presidency if he was convinced there was a popular demand for him.

"I shall have to see if there is a popular demand for me to run," he said.

## Not Yet Decided.

He added that the situation was such a kaleidoscopic one that it would be impossible for him to outline what he would do. It might take some time, he said, to ascertain the sentiment of the people and learn whether there was a reasonable basis for the formation of what he termed a "progressive party."

## BOY BLACKMAILERS AT WORK IN KANSAS

Sons of Prominent Citizens Are Suspected of Sending Black Hand Letters Demanding Large Sums of Money

Wamego, Kan.—An epidemic of Black Hand letters has broken out in this town. It is less than a year ago that a lad of 15 years attempted to extort money from L. B. Leach, a banker here, on a threat to kidnap his daughter. The youthful Black Handier was caught.

The perpetrators of the recent letters—there are two of them—have not yet been apprehended. The local authorities suspect as many as nine striplings, varying in age from 15 to 18, but the officers admit they are baffled in an attempt to catch the guilty ones. All of the boys under suspicion are of good families; the majority of them have never before been guilty of so much as poaching a tantalizing watermelon from a patch guarded only by a "scarecrow."

## Threaten to Kidnap.

Both letters were written on the same day, both sent to women and the handwriting of both is identical. As in the case of the Black Hand letters of a year ago, both threaten the children of the recipients. This time kidnapping does not seem to be the object of the youthful Black Handers. They turn rather to the threat of bodily harm to the women's children.

One of the letters was sent to Mrs. Jennie Sebring. It demanded that she place \$1,500 in currency in a tin can and hide the can and its contents behind a mile-post of a road near Wabunsee, a town eight miles south of here.

The second letter was addressed to Mrs. John Gullfoyle, a widow in comfortable circumstances. It demanded \$1,000 to be placed in the same place. Both letters were sent through the postoffice here. They set the following day as the time for compliance to the demands for money. No money was hidden in the spot designated, but officers watched. No one approached the hiding place. Since that time several of the boys under suspicion have been "sweated" but no definite clue to the lawbreakers secured.

## AMERICA IS BEACON OF CHINESE REPUBLIC

Bishop Bashford in Baccalaureate Address at University of Wisconsin Declares United States is Pattern of Latest Free Nation.

Madison, Wis.—Credit, or blame, which ever time shall attach—for the formation of the new Chinese republic must be given to America, and especially to its great men of history and to its great schools Bishop J. W. Bashford of China told the graduating class of the University of Wisconsin in his baccalaureate sermon. "America has sent forward missionaries, poured out money for schools and churches and hospitals and has nourished the famine victims until it has compelled the Chinese to love the very name of America above that of every other land on earth," he said.

"American schools, American industries, American commerce, American characteristics—all are the recognized high ideals of China, and they are the ideals upon which the new republic was founded. The name of Washington has come to mean in the new China what the name of Confucius meant to the old. It is cheered wildly whenever it is spoken in public places. So is the name of Lincoln. "Desperate as is the founding of a republic, the attempts of a fourth of the human race to establish self-government after the type held secure by Washington and Lincoln are

the greatest compliments ever paid to the United States, and they likewise involve the moral responsibility of America for the merit of the attempts.

"China has disregarded all European schedules of government and has taken for its use our bill of rights and our constitution."

## CHRISTIANITY GROWS IN JAPAN, SAYS FOREIGN PASTOR

St. Louis, Mo.—Christian Japanese girls have the best opportunities for marriage in Japan, the Rev. Kishiro congregation of St. George's chapel, in an address here recently.

Hayakawa, rector of St. John's Episcopal church, Osaka, Japan, told the "To show you the changed feeling of our nation toward Christianity," he said, "even the unbelievers prefer Christian girls. Japanese men are the same as in this country. They do not like to be bound themselves to Christianity, but they like their wives to have Christian religion.

"It is the same also in business. Christian men have better opportunities than unbelievers. Japanese mothers and fathers formerly did not want daughters to become Christians for fear they would not marry. Now they desire them to be Christians so they will marry. It used to be that they did not want Japanese boys to become Christians because they got no opportunity in business. Now they
