

# S.S.S. CURES OLD SORES

If an old sore existed simply because the flesh was diseased at that particular spot, it would be an easy matter to apply some remedy directly to the place that would kill the germs; or the diseased flesh might be removed by a surgical operation and a cure effected. But the very fact that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid cause which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open cesspool for the deposit of impurities which the circulation throws off. S. S. S. cures Old Sores by purifying the blood. It removes every trace of impurity and taint from the circulation, and thus completely does away with the cause. When S. S. S. has cleansed the blood, the sore begins to heal, and it is not a surface cure, but the healing process begins at the bottom; soon the discharge ceases, the inflammation leaves, and the place fills in with firm, healthy flesh. Under the purifying and tonic effects of S. S. S. the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be doubly benefited by its use. ## NEW K. OF P. HOME PLANNED, HERMISTON

(Special Correspondence.)  
Hermiston, Ore., June 21.—A committee of Knights of Pythias members of lodge No. 197, Hermiston, has been appointed to receive prices on lots for the purpose of building a castle hall. It is the idea to purchase two lots near the business part of Hermiston. The trustees will be given authority to purchase whatever property the lodge decides upon. A. L. Larson has been elected chancellor commander for the ensuing term.

The following homesteaders have made application to make final proof under the three year homestead law: Mrs. Mary E. Stewart, 10 acres; N. D. Loughlin, 10 acres; Fred Welles, 20 acres; Ed Lovett, 10 acres; Howard Illey, 20 acres; Clarence Wight, 20 acres; and William Lonsborn, 20 acres. It is expected that about thirty will make final proof in the next three months. Patents, however, will not be issued for this land until the water rights are paid in full.

Clarence K. Bland arrived home this week and for a few days he will have charge of the H. M. Co. during the absence of John Donovan. Mr. Donovan expects to take a few weeks' vacation about the time of the Elks' convention at Portland.

Walter B. Hinkle has purchased a new automobile of the Fisher agency.

## A Remedy No Family Should Do Without

No matter how healthy a human being may be it is safe to say that not many months are passed without some obstruction of the bowels, in other words, constipation, even if only temporary. The bloating, dull feeling may start after the evening meal. If a laxative is not taken that night it is certain that sleep will not be sound, and you will awake unrefreshed.

Hence, it is important for you and for all the members of your family that a good, reliable laxative be always kept in the home for just such emergency. It is sure to be needed, and when needed you want it at hand. No family that is careful of its health can do without such a remedy. But the question of which remedy to have on hand is also of vast importance.

The laxative most highly recommended by the majority of intelligent Americans as being best for babies and grownups is Dr. Caldwell's Syrup Pepsin. It is a liquid

laxative tonic, mild, and never gripes. Is effective on robust people and can be given with safety to an infant. Children like it because of these gentle qualities and because it is pleasant to the taste.

It is the best all-around remedy you can have in the house for any disorder of the stomach, liver and bowels, and many people like Mr. W. J. Wigner, Alma, Colo., and Mrs. Albert E. Guest, Messer, Colo., say they would as soon go without the necessities as without Dr. Caldwell's Syrup Pepsin.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

## R. STANFIELD LOSES 600 SHEEP; POISONED

Baker, Ore., June 21.—John G. Hoke is in receipt of a letter that states that 600 head of sheep have been poisoned at the range on upper Burnt river recently. The sheep were the property of Robert Stanfield, large sheep holder of Pendleton.

According to the letter and what information that can be ascertained the sheep were poisoned by some one who premeditated the deed. The sheep were poisoned with strychnine salt spread over the range. Though the work was done nearly a week ago there has been no trace of the criminal since. The authorities said when called up about the matter that they had not been notified and consequently could not enlighten the owners. The wool men are much interested in the problem and intend to make every possible effort to put an end to these actions.

Mr. Hoke also lost 15 head from his band the other side of Medical Springs June 3. They were shot by some one riding in that country.
