## PIPPINS DROP GAME TO BUCKAROOS YESTERDAY

There wasn't really much class to the game yesterday, anyway, not regular class despite the fact that the Buckaroos got through the nine frames without an error. The Pippins were not in any kind of form, due doubtless to the fact that the delay in the arrival of their train prevented them from getting proper warm up practice. At any rate their loose fielding, together with ineffective pitching by the strapping, Pugsley, enabled the home squad to advance one notch higher in the win column, the score being 10 to 4.

Osborne was on the firing line for the locals and was weak in only one inning, the third, when he filled the bases with two walks and a single and then allowed two more safe ones to register four runs.

Pendleton started off with a trio, bumping Pugsley's slants for four safe ones. Rader led off with a single, but was caught at second, when Robinson hit the ball to Naughton. Robbie was safe, however, and took third when Reid hit safely to left. Both were scored when Pembroke singled and Lodell's double to center was good for third score of the inning.

A couplet was added in the second. Osborne beat out an infield hit and Rader was safe when Fitchner dropped his drive. Both moved up on a wild pitch and registered when Reid delivered his second hit of the game. La Grande's four came in the third as recorded above, but in the fourth Pendleton crawled up another notch when Augustus hit over first, stole second and third and scored when Vaughton muffed up a slow one.

Reid added another in the fifth when he hit safely again, stole second, took third on Lodell's bunt and hit and dashed for the plate when it was momentarily uncovered.

Reid was also largely responsible for three taken in the next for, with two on and two down, he hit a three-bagger down the first base line and scored when King made a bad throw to catch him at third.

There was no more scoring thereafter, the players sacrificing their chances of scoring in order to get the game over, some of them having a grouse feed awaiting them.

## BOISE FIGHTS HARD BUT LOSES GAME

Boise, Idaho, Aug. 21.—After experiencing a terrible slump while at Pendleton last week the Irrigators returned home determined to make a final effort to land second place ahead of the little Oregon city. They tried hard, tied the score several times and when death came in the ninth, they were fighting—but could not come back. Johnson, that heartless outgardener of Walla Walla dashed the last hopes of the home team when he made a sensational catch of Pope's long fly.

Errors lost for Boise in the early stages. Twice the Irrigators tied the score, but went to pieces again in the eighth and ninth, then with men on Johnson copped Pope's fly and the game was over. Box score:

## DIAMOND DUST

Let's take six straight. It's too late in the season for charity.

Tiny Leonard sure got his bumps yesterday and likewise did Smith.

Pugsley is only a kid, hardly out of his swaddling clothes and may develop into something of a slab artist yet.

Garrett didn't show up quite like a Ty Cobb in the outfield yesterday. He let two hits get past him so that they were good for three sacker.

King made a bid for immortality when, with two down and the bases full in the third, he rapped out a three sacker and cleaned the bags.

Reid had his bat stored full of hits yesterday and in four times up he delivered himself of four safe ones. One went for a couple of extra bags and sent in two scores.

It was Nadeau who was on the sick list yesterday. It has been so long since Pendleton has had all of her players in the game that the memory of the fans runneth not to the contrary.

The game yesterday was an hour late in starting, owing to the delay in the arrival of No. 17. The Pippins entered the game without much warming practice, which probably accounts for their poor showing.

It is almost a different team that La Grande has here this week. Naughton is short was the only one recognized in his position and King and Luttrell were the only other two who were here on the last occasion.

If Pendleton had had Berger or some other equally good third pitcher all through the season, the pennant would be well within her grasp. Until Berger was secured, Osborne and Garrett were the only reliable twirlers in Buckaroo uniforms.

Augustus had more sport on the paths yesterday. After stealing second off the catcher, he promptly purloined third while the pitcher held the ball. Pugsley was so amazed by the audacity of the theft that he forgot to throw the ball until too late.

Maybe Jamison didn't show up very well in the box with Boise, but he is sure a well in the outfield. His regular position is on the first sack, though, and he may appear there today if King relieves McBride behind the bat.

Ford was caught trying to pull something behind the ump's back yesterday when in the first he started for second before Pembroke had caught King's high foul. The ump, however, saw the move and when Lodell called for the ball to first, the Pippin second sacker was promptly called out.

We have to admit it. Starkell is the best thing in the line of umpires that has been here this season. He may be wrong in some of his decisions, the best of them are, but he is absolute master of the game and that counts for a whole lot with both players and fans. Hats off to the big fellow.

Reid showed a nice piece of headwork when he took third on Lodell's bunt hit and, then, with the ball in the third baseman's hands beat it for the plate when he saw the catcher had run out to back up third. Pugsley endeavored to cover the rubber and almost succeeded in getting Reid, but was bowled over and in the mixture of flying legs and arms, the ump could tell whether the runner was tagged or not.

Come to think about it, Pendleton is the only team in the league that has maintained anywhere near the same personnel through the season. Outfielder Reid and Pitcher Berger are the only two faces in the lineup that were not there in the opening game. Boise only has one man, Mays, who started in an Irrigator suit and La Grande has not a single one. Walla Walla still has half of her initial squad and it is to be noticed that the two teams that have changed the least are highest in the percentage column.

If you sit in a cool draft when you are heated and get a stiff neck or lame back, you will be looking for something that will ease the pain. Fix your mind on BALLARD'S SNOW LINIMENT and don't be talked out of it because it is the best pain relieving liniment you can get anywhere. Price 25c, 50c and \$1.00 per bottle. Sold by A. C. Koepfen & Bros.

## AUTO NOTES AND NEWS.

The good roads boosters of Connecticut are planning to build a highway from Port Chester to New Ha-

A device has been put on the market in France intended to do away with all hand-pumping of tires. It is operated by the automobile motor and is mounted directly on the chassis. # Tom Moore Cigar

Made in 10c and 2 for 25c sizes

The Little Tom measures up with its parent the Tom Moore in every particular. Just half the size and half the price, with all the richness of tobacco—all the fragrant smoking quality—all the surprising value which makes it unequalled in the 10c field.

Little Tom Cigar 5¢ - Tom Moore Cigar 10¢

Made of the same delightfully mild, well-cured leaf and with the same high grade workmanship—genuine 10c quality in a 5c cigar.

"Tom Moore when you have the dime. Little Tom when you haven't the time."

Half the Size, so Half the Price.

HEMENWAY & MOSER COMPANY, SEATTLE, WASH., DISTRIBUTORS.

ven, then ultimately extend it through the state.

Much public opposition has developed in Mississippi to the automobile license tax imposed by the last state legislature. Thus far only 297 machines have been registered, and it appears that the majority of owners will wait until the new law is tested.

The Ohio State Highway commission and the Ohio Good Roads federation have started a three-months' campaign in the interest of good roads building. The primary object will be to influence voters of the state in adopting the provision of the Ohio Constitutional convention of issuing \$50,000,000 bonds for improvement of roads. The matter will be voted upon at a special election to be held on September 3.

Nearly 23,000 licenses for motor cars have been issued by Wisconsin, an increase of more than 3,000 over the corresponding period a year ago. In addition, more than 4,000 motorcycles, \$2 annually, making total receipts over \$120,000.

After more than a year's work motor car owners of Selma, Ala., feel that they are assured a model road which will span the state from Georgia to the Mississippi line. The road is to start on the Alabama side of the river just opposite Columbus, Ga., and will extend through Montgomery, Selma, Uniontown, Faunsdale, Demopolis and on to the Mississippi line near Meridian.

A device has been put on the market in France intended to do away with all hand-pumping of tires. It is operated by the automobile motor and is mounted directly on the chassis. It should prove feasible it may prove the way to maintaining an average higher pressure in larger sized tires—a most desirable feature of mo-

seems to be the only thing to solve the problem of carrying persons to the cool woodland, which is nearly a mile from the entrance of this huge playground. The plan is to carry children free of charge and adults at a nominal fee.

There is a proposition before the Pittsburg council looking toward the spending of \$100,000 for public automobiles for use in the city parks. There has been much objection to the running of a trolley car line through Schenley park, and the automobile

Your discretion might look like cowardice in another.

## SCROFULOUS TROUBLES

No truth is more forcibly manifested in physical life than the old saying "like begets like;" for just as the offspring of healthy ancestry are blessed with pure, rich blood insuring good health, so the children of blood-tainted parentage inherit a polluted circulation which fosters a chain of scrofulous troubles. The usual sign of a scrofulous inheritance are swollen glands about the neck, weak eyes, pale, waxy complexions, sores and ulcers and general poor health. These symptoms are most often manifested in early life, though sometimes maturity is reached before the trouble breaks out. Treatment should be commenced at the first indication of Scrofula for it may get beyond control if allowed to run unchecked. S. S. S. is the very best treatment for Scrofula. It renovates the circulation and drives out all scrofulous matter and deposits. S. S. S. goes to the bottom of the trouble and removes the cause and cures the disease. Then it supplies the weak, blood with healthful properties. S. S. S. is made entirely of roots, herbs and barks, and is an absolutely safe remedy for young or old. Book on the blood and medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## What Shall be Your Table Beverage?

In warm weather one should be very careful not to overeat. It is advisable to cut down on your consumption of solid foods. Liquid nourishment is better, because liquids are more readily digested.

## Use KLOSTER BRAU Beer

It is the finest food beverage known. Containing as it does splendid food elements—the malt of barley, and choice Bohemian hops—there is a substantial amount of nourishment in it. Therefore it should be your table beverage. Unlike tea, coffee and other drinks, it is really a part of the meal, because it is a beneficial food. And you'll enjoy it immensely. Just have us send you a trial case.

Alfred Schneiter Office Saloon

## SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand on Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles.

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint. I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

"Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women. It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times. Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs. Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

N. B.—Write to: Ladies' Advisory Dept., Carter-Vesco Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.
