Alexander's Department Store Gives "S & H" Green Trading Stamps With all Cash Purchases

The Alexander Department Store

Agents for Onyx Hosiery, Nemo Corsets, Munsing Underwear, Fownes Gloves, Sorosis Shoes and Standard Patterns

DRY GOODS DEPT. CLOTHING DEPT. READY-TO-WEAR DEPT. SHOE DEPT. GROCERY DEPT.

Our stocks are fairly complete in this department. In the piece goods we've received the heavy novelty suitings and cloakings. The new winter stocks of underwear in ladies' and children's garments have arrived also. We want you to see the new fall merchandise and are only too willing to show, whether you care to buy or not.

STEIN-BLOCH suits for men; Sophomore Overcoats; Becker Mayer WOOLY BOY Suits for boys; new mixtures, new styles and no better make in the land. It takes all of this to make good clothing what it should be and costs no more.

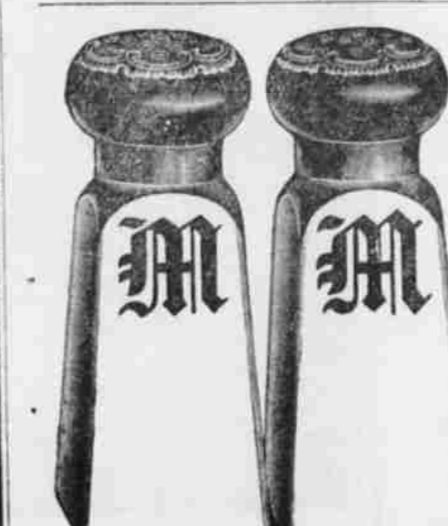

This popular department has been a record breaker so far this season. We've had what women want, which speaks for our crowded alteration room. Blue serge suits in plain mantel-tailored styles and the popular brown mixtures are the big sellers. Coats made of heavy novelty cloaking with big roll collars and deep turn-back cuffs.

Sorosis shoes for women; Buster Brown, Blue Ribbon and Red Goose school shoes for children. Lines that any woman knows of and when you buy these you run no risk of inferior makes as is so often the case in many lines on the market. Insure protection and buy standard lines.

None but the best in our modern Grocery department. Vegetables fresh every day, fruits in every kind that the market affords, both local and express shipments. We also try to give you the best possible service and if you don't get all these it is far from our principle.

Shoes for the Entire Family at Popular PRICES
