ALL EUROPE MAY BE INVOLVED IN WAR; RUSSIA AND AUSTRIA MAY FIGHT WITHIN SIX MONTHS

Two Nations Have Eyes On Desirable Turkish Territory As a Result of Conflict in the Balkans

REVOLUTION IS REPORTED PENDING IN TURKEY

Losses in Present War Estimated as 1,000 on Both Sides—Greek and Turkish Fleet Expected to Come Together Soon—Turkish Official Predicts European War and Foresees Dire Results.

London, Oct. 21.—A gigantic war involving all Europe, instigated by a clash between Austria and Russia, was the alarming prediction of Kaimil Pasha, president of the Turkish council in today's issue of the London Chronicle. Lloyds insurance agency today is charging 15 per cent for insurance against war within six months between Russia and Austria. Both countries are standing ready to grab desirable Turkish territory as a result of the Balkan war.

Pasha declares the present war in the Balkans is a prelude of a general conflict. He declares that Austria will participate in the clash and other European powers will be forced to join, unless they care to stand by while Russia and Austria split the Ottoman empire.

A dispatch from Constantinople indicates a revolution is threatened in Turkey. Most of the Turkish governmenters scoff at the report that estimates of the slain on both sides in the Balkan war are today 1,000. The Turkish and Greek fleets are expected to come together soon. The Evening Standard's dispatch

from Constantinople says: The Turks surrounded a Montenegrin force crossing the river Boyana, killing 300 and recapturing several positions. Turkish officials, the Constantinople correspondent says, accuse the Montenegrins of using dum-dum bullets, shelling Turkish hospitals and killing the wounded at Tuzl and Berana.

GUNBOAT ARRIVES; TENSION RELIEVED

Vera Cruz, Oct. 21.—The United States cruiser Des Moines, in command of Captain Charles F. Hughes, arrived Saturday night. Yesterday an officer from the war ship visited General Felix Diaz and arranged an interview on behalf of Captain Hughes. General Diaz then visited the Des Moines, where the American captain and the leader of the new revolt had a long conference, the nature of which has not been divulged.

While the Diaz revolutionists hold the city and the federals have taken up positions on the outskirts there has been no coming together of the two opposing forces. The feeling of anxiety among foreign residents has been considerably relieved by the arrival of the Des Moines and it is considered probable that a battle, if it is fought, will take place beyond the city limits.

The German and Russian ministers to Mexico who arrived here on the steamer Serangencia, left Saturday for Mexico City on a special train supplied by General Diaz. The German and Russian consuls traveled with them part of the way.

In the firing Saturday night between the gunboats and Ulca fort, a man operating the searchlight on a gunboat was killed.

GASOLINE LETS GO; MANY ARE INJURED

Petaluma, Cal., Oct. 21.—Twenty-five persons were seriously burned here Sunday by the explosion of an automobile gasoline tank. The worst burns were about the victims heads and faces and it was regarded as remarkable that none were blinded. Those probably fatally injured are: James Mott, driver of the city hose cart and M. J. Hickey, fireman and city electrician.

Among those seriously burned is Mayor Wm. H. Sertman.

An instant after the explosion occurred on the main street the sidewalks were filled with shrieking maddened men beating at their burning hair and clothes. Those that were not injured tore off their coats and did what they could to smother the flames. Automobiles were impressed from every part of town for ambulance service and in half an hour the city's only hospital was fairly overwhelmed. Women brought bandages. All the doctors that could be reached volunteered their services.

The accident has not been explained and probably never will be. The machine was standing in the garage of J. A. Misner, with the engine dead, when it caught fire. The machine was wheeled to the street and an alarm rung in. The department turned on its chemical apparatus and a stream from the hydrant was turned.

MR. HALL DIES IN SPOKANE

News was received in this city yesterday by Mrs. Seth M. Richardson, sister of the deceased, of the death in Spokane of her brother, B. B. Hall, formerly a resident of this city and of Weston, which occurred Saturday after a lingering illness from Bright's disease. The funeral will be held Tuesday afternoon in Spokane and Miss Ella Richardson, niece of the deceased will leave this evening to be present.

The deceased was born in Iowa in 1858 but came to Oregon in 1888, making his home in Weston until 1900 when he removed to this city to act as deputy county clerk until 1904. He removed again to Weston in 1905, where he acted as cashier of the Weston bank until four years ago when he removed to Spokane.

He was married in 1898 to Miss Ordena Hildreth of Weston. Besides his wife and one small daughter he is survived by his aged mother, Mrs. Elizabeth Hall, of Weston, also three sisters and four brothers.

He was also prominent in lodge circles, being a member of the following orders: Masonic, K. of P., I. O. O. F. and Woodmen of the world.

He has a host of friends in Pendleton and Weston who will mourn his death.

HILGARD SAWMILL MOVED TO MEACHAM

Meacham is once again to be a busy lumbering town, according to advices reaching this city. J. D. Casey, the Hilgard lumber man, is moving his mill to that place and will commence operations immediately.

According to reports, Mr. Casey has secured enough timber about Meacham to insure a continuous run for eight years. He will employ only about thirty men during the present winter but as soon as spring opens up he will increase his force of men and run the mill to its capacity.

Mr. Casey is moving his family from Hilgard to Portland.

BOB MORGAN, MURDERER, CAPTURED

Condon, Ore., Oct. 21.—(Special.)—Robert Morgan, murderer of pretty Virgie Hart, who spurned him to accept another lover, is today a captive in the Gilliam county jail after eluding the officers and posess of two counties for four days. He was captured eighteen miles south of this city last evening at 5 o'clock by Sheriff Montague and three deputies.

Striking the trail of the fugitive yesterday after a baffling search of three days and four nights, the sheriff and his deputies in an auto caught sight of Morgan as he was walking along the road. Running up behind him until within 100 yards of him,

Sheriff Montague leaped from the chine and covered the murderer before he was aware of the proximity of his pursuers. The sight of the gun pointing at him took all thought of resistance away and he quietly submitted to being handcuffed. When searched, the same gun, with which last Wednesday night he shot down the young girl who would not be his bride, was found upon him.

He was brought back to Condon and lodged in the county jail before news of the capture became known. The officers declare there is absolutely no possibility of the jail being stormed by a mob bent on lynching the murderer.

ALL-STAR TEAM MAY BE FORMED

Prospects are good for the organization of an all-star football team to represent the Pendleton A. A. C. in two gridiron battles with the Multnomah eleven of Portland. Answering a call sent out by Manager Dudley Evans, several well known athletes met in the Commercial rooms yesterday morning to discuss the situation and it was the unanimous sentiment of those present that the challenge from the Portland club be accepted.

Among those present at the meeting were Glen Scott, former high school and U. of O. guard and tackle, Carl Engdahl, once star guard of the P. H. S. Clark Nelson, who played with Weston in the palmy football days of that town, Harry Krebs, manager and tackle of the Pendleton high team and several other high school players. Manager Evans declared he was authorized by James Sturgis, former O. of W. athlete and George Strand, former P. H. S. end, to voice their good wishes, and desire to be of active assistance.

A resolution was adopted that the local athletes be called in for consultation later in the week and a team be made up from the best men available, of which there is a considerable number, who weigh upwards of 180 pounds. It is believed that the team as it will be finally made up will average up well with the Multnomah club team in weight. A call will be issued for Tracey Baker, Herb Thompson, Jim Thompson, Jim Hill, Cliff Turner, Aubrey Graham, Carl Engdahl, George Strand, Glen Scott, Harry Krebs and the Pendleton high school team for a meeting. All are requested to be present at the Commercial club next Sunday morning at 11 o'clock.

JOHNSON WILL NOT LOSE PLACE

Sacramento, Cal., Oct. 21.—Reports that Governor Hiram Johnson, who has been absent from the state 60 days, was in peril of automatically losing the governor ship, was denied today. Under authority of the recent legislature, Johnson was given permission to be away from the state for more than 60 days, as the constitution allows the legislature to grant this permission. The governor was expected to be back by the end of September, but despairing of his return the state progressive committee began sending out its own speakers to carry out the governor's schedule in this state.

LARGE CROWD GREET LANE HERE SATURDAY; CANDIDATE MAKES VOTES

Though his coming had not been widely advertised and no band was out for crowd drawing purposes, Dr. Harry Lane, democratic candidate for United States senator, was greeted by a friendly audience that packed the city hall auditorium to capacity Saturday evening. It was a crowd composed of members of all political faiths and the reception tendered Dr. Lane indicates he will secure heavy support from this county.

After being introduced by Chairman Will M. Peterson, the senatorial candidate opened his talk by reminiscences of early life in Oregon and said that his mother was a member of a wagon train party that passed over the old Oregon trail which leads past Pendleton. The trip was made in the early 50's and the train met with many hardships. The doctor also spoke interestingly of his early life in Portland. He has been a resident of that place since it was a town of 3500 people.

Dr. Lane devoted most of his time to a discussion of economic affairs in which he set forth the perils that confront the county through the great inequalities in the distribution of wealth. He held that it is absolutely necessary that a readjustment take place or the republic will fail. He showed inequities of the high tariff and the evils that have resulted from

MAKES ATTEMPT TO SEE COLONEL

Chicago, Oct. 21.—An attempt to see Theodore Roosevelt was made at Mercy hospital shortly before midnight Sunday by Luis E. Molina, who gave his address as Bogota, Colombia, and said that he was a secret diplomatic representative of the Colombian government. He was stopped by the guard detectives and city police who were on duty.

Molina said his father is a senator of Colombia. He sent Colonel Roosevelt a postal card and wrote him a long letter containing accusations that the colonel had committed an atrocious crime in taking Panama from Colombia and hiding him because of the vengeance of God.

Molina was accompanied by two Mexicans who gave their names as B. Carollo and Esteban Moran. They said they had known Molina but a few hours.

Molina said he would go to New York on the same train with the colonel, and would see him there or would follow him to Oyster Bay. He exhibited a ticket to New York that would entitle him to travel on the train taken by the colonel. He also displayed a large roll of bills.

The detectives after questioning Molina permitted him to depart. Colonel Roosevelt knew nothing of the attempt to see him.

EDDIE WILL BE GIVEN A TRIAL BY A JURY

Los Angeles, Oct. 21.—Attorneys for City Prosecutor Guy Eddie, charged with a statutory offense, say today that a jury trial is the only thing to clear his name of a moral censor. The defense put up a hard fight to have the case dismissed.

ROOSEVELT LEAVES HOSPITAL; SAYS HE'S HAD "A GOOD TIME"

CROWD THREATENS TO LYNCH JACK JOHNSON

Chicago, Oct. 21.—Hanging a black faced dummy bearing the placard, "This is what we will do to Jack Johnson," a large crowd was dispersed by the police this morning. Authorities allowed the dummy to remain. A curt refusal to accept any bond that Jack Johnson might furnish to effect the release of Miss Lucile Cameron, a 19 year old white girl whom the fighter is accused of abducting, was made today by Federal District Attorney James H. Wilkerson. Miss Cameron is held as a material witness in a white slave case against Jeanette Dorr.

10,000 TICKETS SOLD FOR ROUND UP THIS YEAR

Figures received here by T. F. O'Brien, local O. W. R. & N. agent, from the passenger department of the road, show that according to a count made by the department 10,000 tickets were sold at O. W. R. & N. offices to the Pendleton Round-up this year. However this does not constitute a complete list of the passengers arriving over the O. W. R. & N. because it does not include any business arising on the Southern Pacific. It counts only the business on the O. W. R. & N. during the three days of the big show. Those who came to Pendleton in advance of the show are therefore not counted. Nor does the 10,000 include any of the people brought here by the Northern Pacific.

RYAN TESTIFIES TO COMMITTEE

Washington, Oct. 21.—Thomas F. Ryan, the New York financier was the first witness today before the senate campaign contributions committee. He gave his occupation as a "farmer," and testified that in 1904 he opposed the nomination of Judge Parker, favoring Senator Gorman of Maryland. After the nomination he testified adherents of Parker asked him to contribute.

"I contributed \$50,000 and later gave a small amount to the extent of \$100,000. Toward the end of the campaign the committee said the campaign for Parker would collapse unless it got more funds. Just before the close of the campaign every party debt was paid, and I contributed because I did not want to see the party disintegrated and disgraced. Every dollar was from me and not one dollar from a corporation or business interest."

Ryan declared he knew nothing about the 1908 contributions.

"Last year I thought any good candidate could be elected this time, excepting Bryan," he declared. "I was determined to aid anyone but him, because I thought he was a cloud on the party. I had no choice. I have known Harriman for 25 years and gave his managers sums aggregating between \$75,000 and \$80,000. Later Senator Bankhead of Alabama, mentioned that Underwood who gave the later \$30,000. He was not asked to help Clark or Wilson but would have done so.

George W. Perkins of New York, was the next witness and said his occupation was that of a "retired workman," adding that "at present he was working 18 hours a day to secure an eight hour law." He declared he did not know how the republican campaign fund in 1904 was raised, although he contributed between \$50,000 and \$75,000.

Thanks Nurses and Physicians and Waves His Hat at Crowds Gathered to See Him Depart.

ESCORTED TO HIS TRAIN

Colonel Is Feeling in Fine Shape—Praises Pretty Nurses for Their Care of Him and Says He'd Like to Stay—Wears New Suit of Clothes But Same Old Hat.

Chicago, Oct. 21.—Colonel Roosevelt started for Oyster Bay over the Pennsylvania line at 8:25 this morning. He was forced to walk a few steps from the hospital to the auto, and reached his private car exhausted. He waved his hat and smiled at the crowds. He was accompanied by Mrs. Roosevelt, Miss Ethel Roosevelt, Theodore Jr., and Mrs. Alexander Lambert, Scurry Terrell and Secretaries McGrath and Martin. Special correspondents were in the car ahead of the Roosevelt car.

The colonel was escorted to the train by 20 uniformed and plain clothes policemen, while 10 motorcycle officers were riding ahead. Before leaving the hospital he shook hands with the sisters, nurses and newspapermen. He said, "I had a good time here. You will not believe it, but I did."

He awoke this morning an hour earlier than usual, after a sound sleep.

Before leaving the hospital, the colonel thanked especially Misses Welter and Fitzgerald, his nurses, saying, "Girls if it were not for the fact that I'm going home, I would want to stay here where you could care for me. I want to give you something and you may choose from among the things I have with me." Miss Welter said, "I want your card." "I will give you two," replied the colonel. "Keep one and carry the other when you come to New York. I will be delighted to see you. Should I become sick I will certainly call for you girls."

When he left the colonel donned a new suit and army overcoat but wore the same hat as at the time of the shooting.

Valparaiso, Ind., Oct. 21.—Roosevelt was peacefully reading when he passed through here. The doctors are pleased with his condition. His impatience has disappeared and he felt he would stand the journey well to Oyster Bay.

Milwaukee, Oct. 21.—John Schrank, attempted slayer of Col. Roosevelt, continues to spend all his time writing in his cell. He flatly refuses to give any inkling of the substance of his writing.

SHOOTS WOMAN; WOUNDS HIMSELF

Eureka, Cal., Oct. 21.—To avenge an affront to a woman, George Clark of this city, shot and instantly killed Mrs. Chas. Baxter, mortally wounded her husband and then shot himself. He will die.

The tragedy took place yesterday at quarry at the Hammond engineering company near here, when Baxter refused to apologize for having refused to allow Alleen Shaw, a waitress whom he had discharged, to enter the cook house where the Baxters were cooking. Clark demanded the apology and when Baxter refused, Clark drew a revolver and shot him through the body.

Mrs. Baxter ran toward the door, but was dropped by a bullet in her side and died in a few minutes.

Clark went to a nearby bank house where the girl sat on the steps waiting for him. "I shot them for my little girl's sake," he said as he embraced her. They were standing on the steps of the bank house when a woman came from the cook shack and told them Mrs. Baxter was dead. Clark drew his revolver and pressed the muzzle against his breast. The young

LOCAL MAN ON DISABLED STEAMER

C. V. Daniel, wealthy farmer and chief local globe trotter, is a passenger aboard the ill-fated steamer Camino which met with trouble off the mouth of the Umpqua river. The steamer was disabled by the storm a few days ago and for a time fears were entertained for the safety of the ship, its passengers and crew. However, the latest advice is to the

effect the Camino has been picked up by another steamer and is being towed to San Francisco. Mr. Daniel left here several days ago intending to spend the winter in southern California. He left Portland aboard the Camino and the fact of his being aboard the wrecked steamer has caused his Pendleton relatives to feel much uneasiness for his safety.
