News of the Week as Told in County Press

It is a pretty hard jolt on the nerves of any man to discover another in possession of one's property and when a demand is made for its return to be laughed at by the robbers and threatened with a sound thrashing. This, however, is the recent experience of Leslie Demaris, who lives near the DeHaven school house above Milton. The first of the week some campers stopped over night near the Demaris place, and the next morning made an early departure, taking several shocks of hay from an adjoining field. The owner of the hay traced the thieves to the edge of the timber, where he found them feeding their horses. He demanded the return of his property, but being alone and unarmed against three men, he was laughed at and told to return and say nothing more of the affair, or he would be given a sound thrashing. The advice he was obliged to take, under the circumstances.—Milton Eagle.

—

In alighting from an automobile at her home last Tuesday night, Mrs. William Talbert slipped from the step of the machine and severely bruised herself. As she started to step to the ground the side door of the machine to which she was holding flew open and was the cause of her losing her balance.—Milton Eagle.

—

On account of poor health, Professor Wiley of the Athena public schools will leave soon for California, to remain several months. His place in the schools will be filled during his absence by his brother-in-law, Prof. Drew, at present principal of the high school at La Grande. Prof Wiley's Athena friends and patrons of the schools earnestly hope that he will fully recover his health and be able soon to return and take up his work here. Mr. Drew will arrive in the city tomorrow, from La Grande.—Athena Press.

—

On account of complaints of cracks in the walls of the public school building and the consequent fear in regard to the safety of the building, the school board, after an investigation, Tuesday afternoon, decided to adjourn school until expert inspection could be secured.

Dan May a contractor of Pendleton after inspection, advised the building be repaired before occupied again.

Architect Osterman of Walla Walla after thorough inspection, submitted a written report on the condition of the building, and acting on this, the board has decided the building is safe and school will open as usual next Monday morning The directors feel the building is safe for occupancy and that it is needless to vacate it under present conditions.—Athena Press.

—

Dudley Evans, manager of the Pendleton Athletic club, Pendleton, spent a few days in Pilot Rock last week visiting his friend, Marshal Jost. Mr. Evans formerly lived in Portland and is personally acquainted with Ben Selling who, in his judgment, will win with both hands down in his race for United States senator. Mr. Evans was accompanied by his wife and two children.—Pilot Rock Record.

—

Rev. R. J. Diven, a former Pendleton pastor who frequented this section on missionary work, sailed for Alaska from Seattle October 11 and will take charge of the mission field surrounding Petersburg, Alaska, under the Home Board.

Rev. Diven has been in Portland leaving a self supporting church there to take up his new work. His new location, Petersburg, is a thriving city of several thousand inhabitants who depend on salmon and halibut fishing for livelihood. The climate is about the same as at Seattle, but there as yet has been no church organization there.—Pilot Rock Record.

—

Announcement has been received here of the engagement of Miss Ollie Smith to Orville Rogers. The wedding is to occur the latter part of the present week in Portland

Mr. Rogers resides at Ellensburg, Wash., and was formerly connected with the Record here, while the bride-to-be was until last May an attache of the local telephone exchange.

Glen Rogers, a brother of the groom, left for Portland to be present at the wedding.—Pilot Rock Record.

—

Many farmers in this section refused 71 cents for bluestem wheat and are holding their grain for higher prices while others are selling and hauling their product to the local warehouses as rapidly as room can be made to receive it. Both warehouses are filled to capacity and cars for shipping are very scarce.—Pilot Rock Record.

—

The funeral of Dean Forsythe took place last Saturday morning from the Seventh Day Adventist church, the building being inadequate to hold the crowd of friends who wished to pay their last tribute of respect to the departed. The pall bearers were Bert Miller, Allan Mahes, John H. Brinker, Roy Bell, Chas. Bliss and Ben Nichols. The entire family were present with the exception of his sister Mrs. Sarl Smock who was unable to get here from Kansas. The floral tributes were both numerous and appropriate. Rev. W. W. Stewart of the East Side conducted the services.—Freewater Times.

—

G. J. Carter, an evangelist from Spokane, is holding a series of meeting at Bethel chapel this week which are well attended. Mr. Carter is a native of Newfoundland. On Friday evening he will give a lecture at the chapel on his experience and work among the Eskimos, also a review of his early life along the coast of Labrador. Everybody invited; no admission.—Echo's Echoes.

—

Indian weather prophets of the upper Columbia, including Sam Small, noted observer of the seasons, predict one of the most severe winters on record for the entire northwest. The Indians base their observations largely on the prevalance of wild geese and ducks on the lakes and rivers of the Upper Columbia basin. It is said these wild fowls are more numerous than ever before within the memory of red man or white. Their early appearance, too, is taken as an indication that winter will commence early. The thick plumage of the geese is a sure sign, says the Indians, that there will be much snow. In fact some snow has already fallen in the higher altitudes of the Columbia stretch.—Echo's Echoes.

NO INDIGESTION, GAS OR A SOUR STOMACH

"Pape's Diapepsin" Stops Fermentation and Makes Your Upset Stomach Feel Fine in Five Minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you. Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undivested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

MESSAGE TO WORKING WOMEN

All women work; some in homes, some in churches, some in the whirl of society, and in stores, offices and shops, tens of thousands are on the never ceasing treadmill, earning their daily bread.

All women, however, are subject to the same physical laws, and suffer alike from the same physical disturbances and weaknesses, peculiar to their sex. Every woman, no matter what her station in life, should remember that Lydia E. Pingham's Vegetable Compound is the great remedy for female ills, in which she should place her trust.

FARMERS NEGLECT GROWING OF FRUIT

Edmonton, Alta., Oct. 21.—"Every fruit growing district on the north American continent contributes its quota of tree and vine products to satisfy the demands of the people of Alberta, Saskatchewan and Manitoba," said C. W. Baxter, chief fruit inspector for the Deminion department of agriculture in the three prairie provinces, in an interview here today, adding among other things:

"Nowhere in all Canada is money spent more freely for fruits of all kinds than in the three provinces mentioned, nor do I know of any other districts where the people demand better grades. As a whole, they are lavish with their money, ready and willing to pay liberally for the best the markets afford. It appears that money is no object if the quality of the products is satisfactory."

Mr. Baxter said the farmers are so engrossed in wheat, barley, oats and flax, for which they receive handsome returns, that the possibilities in fruit growing are perforce neglected. Some attention is paid to mixed farming, including dairying, hog-raising and trucking, in central Alberta and other favored districts in the prairie provinces, but not what should be. He predicted that the time will come when, with closer settlement, the farmers will turn their attention to fruit-growing. There will also be more diversified agriculture.

"The Edmonton district especially is admirably adapted for the growing of Russian apples, a hardy variety suited to the extremes of temperature," Mr. Baxter continued. "The surrounding woodlands form a natural windbreak, the soil is fertile, warm and permanent, and contains the elements necessary to fruit growing. There is also a great future for small fruits of all kinds. Land is too cheap at present to force the growing of fruits, but it will come in time. Wheat growing anywhere is a speculation at best, while diversified farming is a business which grows from year to year.

GAME KILLED BY BAND OF INDIANS

La Grande, Ore., Oct. 21.—Indians from Fort Lapwai reservation in Idaho have been so free to cross into Oregon and kill Wallowa county game that two deputy game wardens have been spending a week driving them out. George Mitchell of Enterprise and W. E. Leffel of Joseph, hearing that the Indians were hunting in the eastern part of the county, went to the Biffly Meadow pasture, and then proceeded eastward to Snake river, striking it at the mouth of the Imnaha. They crossed the headwaters of several creeks and found traces of an Indian hunting party, but the aborigines apparently got wind of the coming of the state officials, and fled before them, back into Idaho.

Mr. Mitchell returned at the close of the week, but Mr. Leffel and Lyman Beecher continued the hunt between Imnaha and Snake rivers. Joe Clemmons of Buckhorn Springs reported that three Indians had crossed the Imnaha and had gone into the rugged country east of that river.

It appears there were at least two bands of Indians. The first was trailed in the ride from the pasture to the Snake river. There were at least two squaws in this party. The other party went southeast and may still be in this county. In this second party a prominent Indian named Phillip is supposed to be the leader.

Philip McFarland from the Idaho reservation ,took out a Wallowa county hunting license not long ago and got the legal limit of deer very shortly. He left the county then, but it is rumored he has done some hunting here since.

NOTICE OF STREET IMPROVEMENT

Notice is hereby given that at a regular meeting of the Common Council of The City of Pendleton held on October 9th, 1912, the following resolutions were adopted:

Whereas, the Surveyor of The City of Pendleton did on the 24th day of September, 1912, under direction and by requirement of the Common Council, file plans and specifications for an appropriate improvement of Main Street, in The City of Pendleton from the North end of the bridge across the Umatilla River on Main Street to the North line of Jackson Street; together with the estimates of the work to be done and the probable cost thereof, with a statement of the lots, parts of lots and parcels of land to be benefited by such improvement, and the percentage of the total cost of improvement which each of such lots, parts of lots and parcels of land should pay on account of the benefits to be derived from such improvement; and

Whereas, the Council has examined such plans and specifications and found the same satisfactory and the estimates therefor to be in accordance with the probable cost of such work; and

Whereas, the property recommended by the City Surveyor to be included within the boundaries of the district benefited is, in the judgment of the Common Council properly to be included within such improvement district, and no property is excluded therefrom which should properly be included therein; and

Whereas, the improvement of the hereinabove described portion of said Main Street with Gravel Bitulithic pavement is at this time necessary; therefore, be it

Resolved by the Common Council of The City of Pendleton that it is expedient to improve and it is hereby proposed to improve Main Street in The City of Pendleton from the North end of the bridge across the Umatilla River on Main Street to the North line of Jackson Street, by paving the same with gravel bitulithic pavement, such pavement to be made and laid down and the street to have curbs and gutters and all other things in accordance with and as shown in the plans and specifications for the improvement of said portion of Main Street, prepared by Geary Kimbrell, City Surveyor, filed with the City Recorder on the 2nd day of October, 1912, which plans and specifications are hereby particularly referred to; and be it further

Resolved, that the plans and specifications and estimates for such improvement, as prepared by the City Surveyor and filed with the Recorder of The City of Pendleton on the 2nd day of October, 1912, be and they are hereby approved and adopted; and be it further

Resolved, that the cost of making such improvement shall be a charge and lien upon all lots, parts of lots and parcels of lands to be benefited by such improvement, the owners of such lots, parts of lots, and parcels of land so specially benefited by such improvement shall be liable for the payment of the costs thereof; and be it further

Resolved, that an assessment district is hereby created to be known as Assessment District No. 21 embracing the property to be assessed for the payment of such improvement, which assessment district shall include all lots, parts of lots and parcels of land lying and being within the district bounded and described as follows:

Commencing at a point South 56 degrees 12 minutes West 162.3 feet from a point 45.63 feet West of the intersection of a Southerly projected East line of Main Street, Pendleton, Oregon, with the line between Sections 3 and 10 Township 3 North, of Range 32 East of Willamette Meridian, thence South 42 degrees 30 minutes East 80.5 feet, thence North 56 degrees 12 minutes East 173.3 feet, thence South 49 degrees 53 minutes East to the center of the channel of the Umatilla River, thence up the said center of the said channel to the Northerly projected East line of Main Street, thence following said Northerly projected East line of Main Street, North 23 degrees 36 minutes West to the North line of Jackson Street, thence along the said North line of Jackson Street West to the Southeast Corner of Lot 7, Block 8, Switzler's Addition, thence North to the Northeast Corner of Lot 9, in said Block 8, thence West to the Northwest Corner of Lot 4, Block 7, Switzler's Addition, thence South to the said Section line, thence along the said Section line West to the intersection with the Southerly projected West line of Jackson Street, thence South to the North line of land formerly owned by the Pendleton Manufacturing Company, thence North 56 degrees 12 minutes East to the place of beginning.

Resolved, that a copy of this resolution, together with the notice that the Surveyor's estimate of the proportion of the cost of said work be charged against each lot, part of lot and parcel of land, as on file in the office of the City Recorder, be published for a period of ten days in the East Oregonian, which newspaper is hereby designated by the Council for the publication thereof.

And notice is further given that the Surveyor's estimate of the proportion of the cost of said work to be charged against each lot, part of lot and parcel of land within the assessment district in said resolutions described is on file in the office of the City Recorder.

Dated at Pendleton, Oregon, this 10th day of October, 1912.

THOMAS FITZ GERALD,
City Recorder.

NOTICE OF STREET IMPROVEMENT.

Notice is hereby given that at a regular meeting of the Common Council of The City of Pendleton held on October 9th, 1912, the following resolutions were adopted:

Whereas, on the 11th day of September, 1912, a Resolution was adopted by the Common Council for the improvement of that portion of Johnson Street in said City lying between the North line of Court Street and the South line of Water Street, and since the adoption of said Resolution it has been discovered that there were certain errors in the areas and percentages and amounts of assessment against properties in Assessment District No. 20 which errors, however, have been now corrected as is fully shown by the plans and specifications and statements of assessments, and percentages, and description of property within said Assessment District, at this time on file in the hands of the Recorder of said City.

And Whereas, the Surveyor of The City of Pendleton has heretofore under direction of, and by requirement of, the Common Council filed plans and specifications for an appropriate improvement of that portion of Johnson Street in said City lying between the North line of Court Street and the South line of Water Street, which plans and specifications are marked as having been filed on September 11, 1912, together with the estimates of the work to be done and the probable cost thereof, with a statement of the lots, parts of lots and parcels of land to be benefited by such improvement, and the percentage of the total cost of improvement which each of such lots, parts of lots and parcels of land should pay on account of the benefits to be derived from such improvement; and

Whereas, the Council has examined such plans and specifications and found the same satisfactory and the estimates therefor as they now exist on file with the Recorder to be in accordance with the probable cost of such work; and

Whereas, the property recommended by the City Surveyor to be included within the boundaries of the district benefited is, in the judgment of the Common Council property to be included within such improvement district, and no property is excluded therefrom which should properly be included therein; and

Whereas, the improvement of the hereinabove described portion of said Johnson Street with Gravel Bitulithic pavement is at this time necessary; therefore, be it

Resolved, that said Resolution adopted on September 11, 1912, be, and is hereby revoked and annulled, and be it further

Resolved, by the Common Council of The City of Pendleton that it is expedient to improve, and it is hereby proposed to improve, Johnson Street in The City of Pendleton from the North line of Court Street to the South line of Water Street by paving the same with gravel bitulithic pavement, such pavement to be made and laid down and the street to have curbs and gutters and all other things in accordance with and as shown in the plans and specifications for the improvement of said portion of Main Street, prepared by Geary Kimbrell, City Surveyor, marked as having been filed with the City Recorder on the 11th day of September, 1912, which plans and specifications as they now exist are hereby particularly referred to; and be it further

Resolved, that the plans and specifications and estimates for such improvement, as prepared by the City Surveyor as they now exist and marked as filed with the Recorder of The City of Pendleton on the 11th day of September, 1912, be and they are hereby approved and adopted; and be it further

Resolved, that the cost of making such improvement shall be a charge and lien upon all lots, parts of lots and parcels of lands to be benefited by such improvement, and the owners of such lots, parts of lots, and parcels of land so specially benefited by such improvement shall be liable for the payment of the costs thereof; and be it further

Resolved, that an assessment district is hereby created to be known as Assessment District No. 20 embracing the property to be assessed for the payment of such improvement, which assessment district shall include all lots, parts of lots and parcels of land lying and being within the district bounded and described as follows:

Commencing at the Northeast Corner of Lot 12, Block 8, in the Original Town of Pendleton, Oregon, thence South 23 degrees 36 minutes East 300 feet to the Southeast Corner of Lot 7, of said Block 8, thence South 66 degrees 24 minutes West 219 1-2 feet to a point on the South line of Lot 6, Block 7 in said Original Town of Pendleton, thence North 23 degrees 36 minutes West 100 feet, thence South 66 degrees 25 minutes West 40 1-2 feet to the Southwest Corner of Lot 4 of said Block 7, thence North 23 degrees 36 minutes West 100 feet, thence North 66 degrees 24 minutes East 35 feet, thence North 23 degrees 36 minutes West 100 feet, thence North 66 degrees 24 minutes East 225 feet to place of beginning.

Resolved, that a copy of this resolution, together with the notice that the Surveyor's estimate of the proportion of the cost of said work be charged against each lot, part of lot and parcel of land, as on file in the office of the City Recorder, be published for a period of ten days in the East Oregonian, which newspaper is hereby designated by the Council for the publication thereof.

And notice is further given that the Surveyor's estimate of the proportion of the cost of said work to be charged against each lot, part of lot and parcel of land within the assessment district in said resolutions described, is on file in the office of the City Recorder.

Dated at Pendleton, Oregon, this 10th day of October, 1912.

THOMAS FITZ GERALD,
City Recorder.
