

Our Return Privilege

Generally when a firm takes back merchandise and returns to the customer the purchase price they congratulate themselves upon their fair dealing, believing they have fulfilled every business obligation—and strictly speaking they have. Bond Bros. service, however, goes farther than this.

A return of goods here is sufficient reason for an investigation, for we are keen to know why a customer should be dissatisfied, to say nothing of being put to the trouble and inconvenience of bringing the purchase back.

Then we set about to find the weak spot in our organization and to make sure that the same thing does not occur again.

In other words, we strive to profit from our mistakes, and it is our constant alertness at all times to improve our merchandise and our service that has made Bond Bros. Styles so dependable and your dealings with us so satisfactory.

It is the reason why so few of our customers have occasion to make use of the return privilege—they get styles and value they prefer to keep.

There is a "Benjamin" Suit and Overcoat adapted to YOUR personality and guaranteed to fit YOU, at

HOW SPOKANE IS PRONOUNCED

Spokane, Wash., Dec. 6.—After two score years of teaching newcomers to pronounce Spokane with a short "a" residents of this city have received a decided shock in the announcement by Edward S. Curtis, noted Indian authority, that the "a" should be long. Battle lines are drawn closely and the argument waxed warmer as the days pass. Back east nearly all people call it "Spokane," with the "a" long, as in "cane." When they come west with this pronunciation they are frowned down as tenderfeet, and are educated to say "Spokane." Now comes the edict of the Indian expert, and orthographers and etymologists have had their two score years of peace shattered. Meanwhile, old timers are clinging tenaciously to the short "a," lest they be designated as tenderfeet by extremists. A board of arbitration has been suggested to settle the dispute.

CHURCH PROBLEM OF VILLAGE A BIG ONE

Chicago, Dec. 6.—The story of an Indian village of 262 inhabitants with 68 professed Christians and only twenty church members attempting to support three churches, was related at the federal council of churches here. Of the 68 Christians in the village, the forty-eight that were not members of the three local churches were distributed among nine denominations. It was said that no young man

STIMSON SCORES GRANTING VALUABLE WATER RIGHTS.

Washington, Dec. 6.—Addressing the National Rivers and Harbors congress, Secretary Stimson scored the promiscuous granting of valuable water rights to private industries and insisted that taxpayers should get the benefit of them. Poin-dexter is scheduled for an address this afternoon.

under 21 years of age was a member of any of the three churches. This case was selected as typical of church conditions in many small towns. Reports of state federations said it was conditions such as these that they were seeking to remedy.

50,000 SACKS OF ONIONS INTO RIVER

Stockton, Cal., Dec. 6.—Fully 50,000 sacks of onions grown in San Joaquin county will be thrown into the river this year, largely on account of the present low prices. Local growers and commission men defend this action by declaring that the yield has been exceptionally heavy and that there is an unusual amount of culls. Growers are offered from 30 to 60 cents per sack, according to quality. They state that it costs 10 cents a sack to dig them and that when rent and cost of production is charged against the crop they lose money at 30 cents. Only culls or unmarketable portion, they declare, is being thrown overboard.

Between 30 and 50 carloads of potatoes per day are being dug in the island district. Tubers are quoted at from 40 to 80 cents per sack, according to quality.

Growers declare that thousands of acres of spuds will not be dug.

DECLARES HUSBY TRIED TO TRADE HER OFF

Mrs. Asher at Vale Makes Complaint and Seeks a Divorce. Vale, Ore.—Mrs. Peary Asher, nee Moore, has filed suit for divorce in the Malheur county circuit court, in which she charges Huston Asher with cruel and inhuman treatment. A sensational allegation is injected into the proceedings, wherein she cites her husband's latest act, the one which finally decided to leave him, was an attempt on Asher's part to trade her to one Manuel Smith, Smith to take Asher's position as her master. The couple were married in Ontario, Ore., August 9, 1911, and Mrs. Asher still resides there.

There are more crazy men than crazy women—probably because the latter change their minds so often.

MANY BOYS AND GIRLS WILL GO TO COLLEGE

Spokane, Wash., Dec. 6.—Of 50 boys and girls in the mid-winter graduating class of the Lewis & Clark high school in Spokane, 43 have announced they will attend college. Washington state college and the University of Washington will draw many, one will go to Oxford, England, and others to various colleges in the east and west. The condition that obtained a few years ago, when a majority of the boys took up law and medicine, has been reversed. Seven will study agriculture, five engineering, one medicine and one law.

To Investigate Shooting. Seattle, Dec. 6.—Federal Marsh Majoby has begun an investigation of the shooting of Henry Booker, a non-union laborer, at the Renton coal mines. Booker was hit by a half spent bullet penetrating the walls of his room in a hotel.
