## THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, and itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give you money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance. For Sale by Pendleton Drug Co.

Washington, Dec. 11.—Sen. Clapp, the militant progressive from Minnesota, prides himself upon one unbreakable senate record. He is the champion long-distance caucus "dissenter."

"It has been four years since I went to a party caucus," he said. "I was in a republican caucus the last time, but never again.

"I don't believe in secret caucuses, or conferences. I think the senators and representatives are servants, not masters, of the people. I think the master should know what his servants are doing in his house—as a general rule, at least. Of course, in time of war, it might be necessary for the protection of the nation to
