

DAY'S DOINGS IN LEGISLATURE AT SALEM

BILL PROVIDES FOR EXTENSION WORK AT OREGON A. COLLEGE

Salem, Ore., Jan. 18.—An annual state appropriation of \$31,000 with provision for further appropriations for extension and field work of the State Agricultural college, is included in a bill submitted to the state senate by Senator W. Lair Thompson.

Twenty-five thousand dollars of the proposed appropriation is for the general promulgation of agricultural college extension work, and \$8,000 of it is for the expenses and remuneration of two assistants to the state superintendent of public instruction.

It shall be the duty of these assistants to travel throughout the counties of the state and supervise and promote industrial work in the public schools, and promote industrial school fairs and school garden contests.

The bill also authorizes the county courts of the several counties of the state to appropriate funds for agricultural demonstration and field work in such county. These funds are to be provided by special provision in the annual tax levy or by the appropriation of county funds not otherwise appropriated. It is provided, too, that for each dollar so appropriated by a county, the state will appropriate \$2 in addition to the general appropriation of \$31,000.

The bill specifies that whenever federal appropriations for the work of agricultural extension are made, contingent upon the appropriation of a like amount by the state, the state shall appropriate the amount required.

The bill gives the state legislative right to accept the funds offered by the crop improvement committee of Chicago for agricultural extension work.

REQUIRES EMPLOYERS TO PAY IN CURRENCY

Salem, Ore.—Governor West's proposed measure to make it a felony for a saloonkeeper to cash a check will not be necessary if a bill framed in the interest of wage earners and introduced by Representative Upton is passed.

Upton's bill requires employers to pay wages in cash instead of by check,

WOMAN SICK FOURTEEN YEARS

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me.

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

BILL CREATES LOGGING COURSE FOR O. A. C.

Salem, Ore.—Representative R. W. Hagood of Multnomah, has introduced a bill to appropriate \$65,000 for a course of logging engineering, with the necessary buildings and equipment, at the Oregon agricultural college.

"The logging course opens up the new profession of logging engineer to the Oregon young man," said Representative Hagood. "Lumber, Oregon's greatest resource, should be marketed intelligently. There is a growing demand for competent foremen and superintendents and loggers generally will be glad to co-operate with the state college by giving students of the logging course vacation jobs so they can get practical experience, and at graduation give them a chance to show what they can do."

when the employe so desires.

"I realize the evils attendant upon the saloon as a cashier of checks," said Upton, "but I think this is a better solution of the problem. In most cases men do not go to a saloon by preference to get their pay checks cashed, but because there is no other place for them to go. Many big firms pay off on Saturday night, or late in the day, after the banks are closed."

The bill makes an exception in cases where the employe are not working in the same city in which the main office of the employing firm is situated.

PRIMARY FOES FAIL TO GET FAR WITH THEIR "TINKERING" METHODS

Salem, Ore.—The judiciary committee of the state senate indicated that it will give short shift to measures that seek to limit the exercise of the initiative.

Four measures fathered by Judge Stephen A. Lowell of Pendleton, were slaughtered without mercy, and will come from the committee with unfavorable report. Two of these measures deal with the corrupt practices act. Another proposed to authorize the appointment of circuit judge pro tem.

Most significant of all was one which would limit the number of initiative bills to be submitted at any one election to five, and the number of legislative amendments to two. This was emphatically turned down as of doubtful constitutionality and clearly inadvisable.

All of these bills were presented by Barrett of Umatilla, and were originated by Judge Lowell. Members of the committee plainly indicated that they are opposed to "monkeying" with the initiative. This in spite of the fact that several members of the committee have been regarded as stand-pat survivors. The committee is composed of Moser of Multnomah, chairman; Bean of Linn; Butler of Wasco; Carson of Marion; Dimick of Clackamas; McColloch, of Baker, and Thompson of Lake.

The ax also was applied to a bill by Smith of Josephine, who proposed that a measure defeated by a majority of 10,000 to 20,000 at one election should not be submitted again for six years, and that one defeated by 20,000 or more should not be permitted on the ballot for 10 years.

DEMAND FOR SWEEPING INVESTIGATION IS MADE

Salem, Ore.—A resolution calling for a thorough investigation by a joint house and senate committee of five members, not only of the penitentiary but of the books, accounts, management and conditions of other state institutions was introduced by Representative Lewelling of Linn.

The institutions named are the penitentiary, state insane asylum, state industrial school, state institution for feeble minded, school for deaf mutes, tuberculosis sanitarium and school for blind.

The committee is directed to report in writing by February 10, and is

IRRITATING COUGHS. DISTRESSING, DEPRESSING COLDS.

Surely and quickly yield to Dr. King's New Discovery. It soothes the inflamed and irritated bronchial tubes, stops the cough, in many cases instantly loosens the cold and aids expectoration. Don't be annoyed and suffer from coughs and colds. Take Dr. King's New Discovery and be cured.

"Owing to a severe cough and lung trouble I could not work at all for several months," writes Lewis Chamblin, of Manchester, Ohio. "Two of the best doctors could not help me. My weight ran down to 115 pounds. Dr. King's New Discovery cured me, and I now weigh 160 pounds."

"I am an old lover of your most valuable Godsend to suffering humanity—Dr. King's New Discovery,"—writes Jennie Fleming, New Dover, Ohio, "for it cured me of a dreadful cough of three years' standing. It was so bad that I would cough until I would be speechless, but, for the quick relief of your wonderful remedy gave me, it's worth more than all the remedies I ever used before."

Thousands have been helped in the same way, by Dr. King's New Discovery. It is not a new medicine, but one that has been used effectively more than forty-three years for the cure of coughs and colds. Your druggist will refund your money if Dr. King's New Discovery does not help you. Start taking right now. Sold by

LAW NEEDED TO PROTECT YOUTH

Salem, Ore., Jan. 18.—Declaring there is need for a law prohibiting "baby newsboys" on the streets, another raising the age limit to 21 years for night work in the messenger service, and that vocational education should be taught in the lower grades of the public schools, and that the appropriation of \$5000 for the commission's use should be doubled, the child labor commission has made its first biennial report since its creation 10 years ago.

During the last two years is the first time the commission has had funds with which to work. H. G. Kundert of Portland, is president of the commission and Mrs. Millie R. Trumbull is secretary.

"Much criticism has been directed against the commission for refusing permits to children under the age of 15 years for stores and factories while there is no interference of any kind with the newsboys of all ages, from 15 years down to the 'baby newsboys,' whose presence on the streets is a disgrace to any community," says the report.

The report points out that as the newsboy is not employed, but is his own merchant, a special law is needed to regulate him.

In securing the ages of children, the report says many parents deliberately falsify in the matter and even erase and alter the records in the family Bible.

The report says that but few children who come to the commission for a permit to go to work have any idea of what they can or want to do. They know only that they "want a job."

"It is equally rare to find a parent who knows anything about the work the child is about to undertake," the report declares.

To meet this need, the commission urges the necessity of vocational education in the schools. The commission also urges industrial education in the lower grades, especially in the city schools.

SAMUEL HILL INVITES LEGISLATURE TO VIEW HIS ROAD AT MARYHILL

Governor West and Entire State Family to be Guest on Special Train.

Salem, Ore.—Governor West and all the members of the legislature were invited by Samuel Hill to be his guest at his expense on a visit to Maryhill, Wash., to inspect his several varieties of good roads.

Mr. Hill, who is president of the Home Telephone company and an enthusiastic good roads booster, can show more kinds of road improvements at his Maryhill home than can be found in any other section of the United States.

His invitation suggests the eighth or ninth of February for the trip. The plan, if the legislature acts favorably on the invitation, is to leave Portland in a special train at 8 o'clock in the morning and return to Portland the evening of the same day. The entire expense will be born by Mr. Hill.

Mrs. A. R. Habor, of Crider, Mo., had been troubled with sick headache for about five years when she began taking Chamberlain's Tablets. She has taken two bottles of them and they have cured her. Sick headache is caused by a disordered stomach for which these tablets are especially intended. Try them, get well and stay well. Sold by all dealers.

BOWELS BAD, LIVER TORPID? CASCARETS

If Constipated, Bilious, Headachy, Stomach Sour, Get a 10 Cent Box of Cascarets—Take One Tonight.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have headache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good.—Never gripe or sicken.

given power to summon witnesses.

A resolution was also introduced asking president-elect Wilson to appoint a westerner, preferably an Oregon man, secretary of the interior.
