NO. 7792

# MADERO IS FORCED TO RESIGN; DIAZ WILL SUCCEED HIM

## GEN. HUERTA WILL BE MILITARY DICTATOR OF MEXICAN REPUBLIC

Physicians Will Probably Have Madero Sent to Asylum Until After Peace is Restored.

### CITY REPORTED QUIET

Brother of Deposed President Is Reported to Have Been Executed by Order of Diaz—Strict Censorship Is Maintained Over All News From Mexico City.

Mexico City, Feb. 19.—The senate this afternoon accepted the resignation of Madero and then considered the selection of a provisional president.

Mexico City, Feb. 19.—It is not known whether Diaz or Huerta will be nominated by the senate as provisional president. There was some discussion among the members regarding the advisability of inviting Huerta to address the senate. It is generally understood that whether Huerta or Diaz is finally selected, De La Barra will be the next foreign minister.

Washington, Feb. 19.—No confirmation of the execution of Gustav Madero has been received by the state department up to a late hour this afternoon. The report is credited, however, as dispatches earlier in the day predicted he would be shot before night.

(Staff Correspondent, United Press.)

Mexico City, Feb. 19.—The Mexican congress today will formally accept the resignation of President Madero and elect General Diaz provisional president. Physicians will examine Madero and if the plans of congress are fulfilled he will be declared insane and sent to an asylum for criminals until peace is declared. Then he will be pronounced sane and banished from Mexico forever. Meanwhile General Huerta will act as military dictator, General Blanquet serving as military governor of the federal district, which includes Mexico City. The city is comparatively quiet today.

El Paso, Feb. 19.—Mexican refugees stated today that Governor Gonzales of the state of Chihuahua had built a fort on the hill commanding Chihuahua city, centering his loyal troops there and had proclaimed martial law. He forbids the newspapers to print anything about the Mexico City situation and has stopped train service from the north. Anti-American feeling in Chihuahua is growing.

El Paso, Feb. 19.—Private dispatches say that Gustav Madero, brother of the deposed president, was executed at Mexico City by order of Diaz. The report is unconfirmed.

Vera Cruz, Feb. 19.—Hundreds of American refugees here cancelled their bookings for passage to the United States when it was learned that Madero was deposed.

Galveston, Feb. 19.—Private messages declare that Gustav Madero was executed in Mexico City by order of General Huerta.

Mexico City, Feb. 19.—Correspondents for the press associations and newspapers all over the world pleaded vainly with officials of the Mexican Cable company to permit an adequate description of the scene in the capital during the ten days' battle be sent out. The officials refused.

### UNEMPLOYED INDIANS STARVING TO DEATH

Valdez, Alaska, Feb. 19.—Indians in the Tatitiek are starving because the Ellamar mine has changed from wood to oil for fuel. Members of this tribe relied entirely on what they made by carrying wood to the mine. Aid has been asked from Washington.

## INDICTMENTS EXPECTED AGAINST OFFICIALS OF WESTERN FUEL CO. ON CHARGES OF A CONSPIRACY

San Francisco, Feb. 19.—Criminal indictments against officials of the Western Fuel company, the coast branch of the coal trust, for alleged conspiracy to defraud the government by manipulating rebates on coal shipments, are expected to be returned

**BILL WOULD SUBJECT LANDS TO ENTRY**  
Washington, Feb. 19.—By the terms of a bill introduced in the senate by Chamberlain, all lands in Oregon which have been withdrawn or classified as oil lands will be subject to entry under the homestead or desert land laws.

### BRANDEIS SLATED FOR NEW CABINET

Boston, Feb. 19.—Brandeis will be secretary of commerce and labor in Wilson's cabinet if the Boston Post is to be believed. The Post made an announcement on what it claims is undoubted authority.

Trenton, Feb. 19.—Wilson declined to discuss the Brandeis report. He said: "Of course the Boston papers have no authority for the information."

### PENSION BILL HAS PASSED IN SENATE

Washington, Feb. 19.—The largest pension bill ever reported to congress carrying appropriations aggregating \$180,300,000, was passed by the house by a vote of 219 to 49, with an amendment which will make necessary an additional appropriation of more than \$1,000,000.

A small number of democrats, led by Representative Roddenbury of Georgia, made futile efforts to adopt amendments to bar pension roll veterans having incomes exceeding \$1,000 a year and not entitled to pensions on account of wounds or disabilities, suspended from the military service.

As reported by the committee the bill contained a paragraph providing that after July, 1913, no pension should be paid to a non-resident not a citizen of the United States except for actual disabilities incurred in the service.

### MACVEAGH DEFENDS TREASURY CIRCULAR

Washington, Feb. 19.—Personal defense of "Treasury Circular Number Five," which exempts national banks from paying interest on government deposits, was voiced before the house committee by Secretary of the Treasury MacVeagh today.

"The importance of adequate reserves far transcends that of getting a little interest," said MacVeagh. "The treasury is in the banking business and we must be careful of our responsibilities."

He said he opposed any plan which would compel the national banks to pay interest on government deposits.

### TAFT'S VETO IS UPHELD IN HOUSE

Washington, Feb. 19.—The house refused to override President Taft's veto of the Dillingham-Burnett immigration bill today. The senate yesterday voted to enact the measure over the veto.

Occasionally a young man marries a girl to reform her—thinking he can break her of the habit of pointing out every ice cream and oyster sign she sees.

## BOMB SHATTERS GEORGE'S HOUSE

### SUFFRAGISTS BLAMED

New Residence of Lloyd George at Walton Is Wrecked—House Was Receiving Finishing Touches and Was Unoccupied—Hatpins Are Found on the Floor.

London, Feb. 19.—The residence of David Lloyd George at Walton was wrecked by a bomb last night. Scotland Yard detectives are convinced suffragettes are responsible. The bomb was placed in the servants' room and shattered the walls of one side of the house and broke every window. The house had just been built and was receiving the finishing touches.

An unexploded bomb was found in the front room. Fresh automobile marks in the driveway strengthened the belief that suffragettes were responsible, knowing no lives would be endangered. It is reported a limousine occupied by two men and several women was seen near the residence. Two broken hatpins were found on the floor of the front room. Mrs. Emmaline Pankhurst denied that suffragettes planted the bombs. "There are plenty of persons besides the suffragettes," snapped Mrs. Pankhurst, "who have grudges against Lloyd George. Some of these may have avenged themselves."

### WILSON HAS BUSY DAY AT TRENTON

New York, Feb. 19.—President-elect Wilson came to New York last night after an exhaustive day's work at the state house in Trenton for a period of relaxation. It had been understood that he was to attend the dinner given here by the New Jersey state senate to its presiding officers, Senator James Fielder, who will succeed Mr. Wilson as governor of New Jersey on March 1, but he did not go. Instead he went to the home of a close friend, where he spent the evening and retired early.

### THREATENED WAR IS BELIEVED AVERTED

Paris, Feb. 19.—It is believed that the threatened conflict between Bulgaria and Roumania over the rectification of the frontiers has been averted, both sides having agreed to mediation by the powers.

### TO EXPLORE FAR NORTH REGIONS

San Francisco, Feb. 19.—To survey and chart the unexplored portion of the arctic circle along the boundary and north of Bank's Land, Wilhelm Steffensen, an explorer, and a group of scientists leave here on May 1, according to an announcement. They will remain in the far north for three years.

## MORGAN IS SAID TO BE STILL ILL

### STOCKS ARE DEPRESSED

Financial Interests in London Doubt That Health of American Financier Is Unsatisfactory—Morgan Is Under Care of Physicians—Condition Uncertain.

London, Feb. 19.—Financial interests persisted today in reporting that the health of J. P. Morgan is still unsatisfactory. Advice from Cairo state he is still under the care of physicians but hopes to sail for Italy at the end of the week. American stocks opened down one or two points in the market on account of the uncertainty of Morgan's condition.

## \$10,000 SUIT AGAINST CITY

After trying vainly for several months to secure an attorney to take the case, J. C. Goldbach, an itinerant jeweler, arrested here last May and imprisoned for four days in the city jail for selling merchandise without a license, today through J. A. Wilson, a Walla Walla attorney, filed a ten thousand dollar damage suit against the city of Pendleton, alleging false imprisonment.

Goldbach appeared upon the streets of Pendleton during the early part of last May offering jewelry to passing pedestrians. He was arrested on May 4 by Chief of Police Kearney and charged with a violation of ordinance No. 607 which regulates the business of transient dealers in merchandise and provides a license fee of \$5 a day. The specific offense with which he was charged was the sale of a bracelet to Clarence Kearney.

He pleaded not guilty and, after being convicted in police court, was sentenced by Judge Fitz Gerald to pay a fine of \$10 or spend five days in jail. He chose the jail alternative but was liberated after serving four days because of good behavior. At the time he was extremely wrathful and made numerous threats of retribution he would exact.

For some time past it has been known that he was seeking to bring suit against the city but had difficulty in engaging an attorney who would act for him. One lawyer came to Pendleton and after investigating the case declined to undertake it, it is said.

In his complaint, Goldbach alleges that he was confined to the jail unlawfully and maliciously and suffered a great deal because of his confinement with criminals. Ten thousand dollars would constitute a balm sufficient to heal his wounds he thinks.

City Attorney Carter, who prosecuted the plaintiff at the time of his trial, when notified of the action brought against the city was not greatly disturbed. He declared his belief that an attack would be made upon the constitutionality of the ordinance under which Goldbach was arrested. Practically all of the cities in the state have similar ordinances, according to the city recorder.

## FRIEDMANN TO TREAT NEW YORK CHILDREN

Southampton, Feb. 19.—Dr. Friedmann arrived here on his way to the United States.

"I expect to treat several hundred children in New York for tuberculosis," Friedmann said. "I shall also investigate the offer of Mr. Finlay to pay a million dollars for a cure of tuberculosis which will aid ninety five per cent of its victims."

## EDITOR WHO LIBELED KING COMES TO U. S.

New York, Feb. 19.—Edward Mylius, the British editor who served a jail sentence for libeling King George, was permitted to enter the United States by Federal Judge Noyes. Noyes ruled the offense did not involve moral turpitude and that the editor could not be classed as an undesirable citizen.

**Carmen Strike Ends.**  
Kansas City, Mo., Feb. 19.—The strike called in September, 1911, involving 11000 carmen employed on the Missouri, Kansas and Texas railroad came to an end at noon yesterday.

## STATE DEPARTMENT EXPECTS TO SEE NEW REVOLUTION STARTED

## LEADERS OPPOSED TO HUERTA AND DIAZ ARE UNEASY AND OUTBREAK MAY COME AT ALMOST ANY TIME

**FIRE DESTROYS ICE PLANT AT OAKLAND**  
Oakland, Feb. 19.—Fire destroyed the plant of the Union Ice company today. For a time it threatened the destruction of Chinatown, but was confined to one block. The plant of the ice company was wrecked. No lives were lost, but the damage is high.

### SOCIALIST MAYOR NOT TO RUN AGAIN

Berkeley, Cal., Feb. 19.—J. Stitt Wilson, socialist mayor of Berkeley has refused to be a candidate to succeed himself. In a statement he declared that during his term of two years he had been handicapped by a hostile council and that his plans for social betterment had been frowned upon.

## TAX MEASURES UP TO VOTERS

Salem, Ore., Feb. 19.—(Special)—Tax reform consumed part of the time in the senate today with the result that the two proposed constitutional amendments passed by the house were approved and ordered submitted to a vote of the people in 1914, the two amendments being only slightly changed from the two voted down in November, and have for their object the removal of all restrictions on the part of the legislature to classify property for taxation purposes and to fix the income or graduated taxes at its pleasure. As the law now stands the legislature has no power to pass a tax law, this restriction being imposed by an amendment adopted by the people. The senate killed the Calkins bill providing for the improvement of roads by an assessment of a tax on property frontage in proportion to the benefits derived. The bill was defeated yesterday but was reconsidered today and again defeated. The senate indefinitely postponed six bills. The house accomplished little before adjournment for lunch.

## HARD SURFACE ROADWAY PROPOSED AS A CONNECTING LINK BETWEEN PENDLETON AND BRANCH ASYLUM

A permanent hard surface roadway leading from Pendleton to the Branch hospital and bordered on each side with a row of stately shade trees, thus providing a shaded drive and walk between the city and the institution.

This is the latest improvement proposed in connection with the state hospital and while the scheme thus far is but in a tentative state there are many who hope that in time the plan will be carried out.

Roland Oliver, son of R. L. Oliver former owner of the branch hospital location, is an enthusiastic booster for the shaded highway. Talking of the idea today, he said: "A beautiful drive could be made of the road if the city and county after first improving the road will set out trees along the road. The pipe line runs along the road and water would be easily available for irrigating the trees. The city and county could cooperate in the work and the expense would be light."

Those who favor lining the roadway with trees point out that in the southwest where the country is here is semi-arid many highways are shaded and the trees make the roadways beautiful.

Another purpose that would be served by a hard surface roadway to the branch hospital is it would permit employees and visitors to make the trip to and from the city on foot much more conveniently than at present. Complaint is made by some of the employees that the rates charged by the local cabmen are exorbitant. A fare of \$1 is exacted for the trip one way and the luckless attendant who resorts to the use of a cab to make a trip to town and back is therefore forced to contribute \$2 for his or her ride. This is regarded as too luxurious for common people and the prices asked by the cabmen tend to make the employees remain at the institution. Some of the employees walk to town but the roads are not always in good shape for foot traveling. A hard surface roadway lined with shade trees would make the walk a pleasure outing.

Washington, Feb. 19.—The aftermath of the terrific struggle between Madero and Diaz for control of the government, which the state department said will be far more dangerous than the actual struggle, has begun. Secretary Knox is closely watching Generals Orozco, Salazar, Gomez and Zapata, revolutionary leaders who are reported to be opposed to Huerta and Diaz. If either remains long at the head of the government it is regarded as certain that a new revolution will terrorize the nation. The new regime will not be recognized unless President Taft is assured of its stability and its ability to insure peace and protect foreigners.

It is not believed probable here that the new government will restore normal conditions before the inauguration of Wilson. Meanwhile the vigilance of the state department will not be relaxed and the military and naval situation will remain unchanged.

Washington, Feb. 19.—General Huerta, head of the provisional government, wired President Taft the following today: "I have the honor to inform you of the overthrow of this government. The forces are with me and from now on peace and prosperity will reign throughout this republic."

## NO TIME SET TO ADJOURN

Salem, Ore., Feb. 19.—(Special)—No agreement is in sight between the senate and house as to a time for adjournment. While the organization of each house has decreed the session shall be prolonged over forty days, to deal with the vetoes of the governor, they disagree themselves as to the plan to be pursued. The house wants to stay with it continuously into the next week. Senate members want to go home on Saturday or Sunday and return after five or ten days to take up the vetoed bills.

**Big Loss in Fire.**  
North Yakima, Feb. 19.—An explosion in W. O. Brawley's bookstore caused a fire that resulted in a loss of \$45,000 to himself, the Richard Bayne Cloak House, John Ditter, grocer, and A. B. Pearson, variety store. Damage to the building was \$20,000.

**Visiting Hours.**  
Visitors will now be admitted to the institution on any days of the week save Saturdays and Sundays, says the superintendent. The visiting hours will be from 10 o'clock until 12 in the forenoon and from 2 o'clock until 4 in the afternoon.
