STUDENT OF U. OF O. IS NOW GRANDMOTHER

University of Oregon, Eugene, Ore., March 21.—The first co-ed. in the history of the University of Oregon, so far as known, to become a grandmother, is Mrs. Ella A. Stearns, who returned from Portland where she visited the son of her daughter, Mrs. Stanley C. G. Smith, born Monday evening. Mrs. Stearns, as a university co-ed, is registered in the university school of journalism, carrying a regular course, although at the same time she serves as house mother at the woman's dormitory.

Although Mrs. Stearns is the only university student to be a grandmother, she was not the only one to be a mother. Several of the students this year are married men and women with children. Charles Loundagin, a 35-year-old father of two children, wears a green freshman cap.

\$17,000 TO BE EXPENDED ON THE WENAHIA RESERVE

Payroll During the Summer Will Be Over \$1200 Each Month.

Walla Walla, Wash., March 21.—More than \$17,000 will be expended in Walla Walla by the United States government in the year 1913 for the upkeep of the Wenahia forest reserve, according to an approximate estimate made by Forest Supervisor J. M. Schmitz. The above sum includes the salaries of forest employees, the monthly payroll for whom is \$18.65 during the winter and \$1200 during the summer. When the fire season is particularly dangerous, many extra men are maintained, which would add hundreds of dollars to the payroll during the dry season. In addition to the payroll on which nearly a score of men are listed, there will be much building of trail, road, telephone line and fencing, for which work day laborers will be utilized.

The expenses were kept under \$17,000 in 1912, and if the fire season is not dangerous this year the sum expended will not exceed that amount this year. From the present outlook the Wenahia will not experience much fire danger this year, though conditions may be reversed before the passing of another month.

The revenues from the reserve will be in the neighborhood of \$10,000. It is derived from the sale of timber and from the pasturage of stock. Twenty-five per cent of this sum will be turned over to the state to be expended for roads and schools.

SAYS MADERO AND SUAREZ MURDERED

San Francisco, March 21.—Colonel Manuel Blanco Alcaide, publisher of a Mexico City paper, who arrived here on the steamer Acapulco, from Salina Cruz, Mexico, asserts that he is "in a position to prove" that the late president Francisco I. Madero was shot to death and Vice President Jose Pinos Suarez strangled in the palace on the night of February 23 and their bodies taken away to the prison in an automobile.

"The reported assault by the guard was merely a farcial ruse and a part of the plot."

Colonel Alcaide described himself as an intimate friend of Madero. His paper, the New Era, which supported the Madero administration was wrecked in the fighting that resulted in Madero's overthrow.

GAYNOR WARNED AGAINST BECKER IN 1911

New York, March 21.—Letters read before the aldermanic committee investigating police graft showed that Mayor Gaynor and Police Lieutenant Waldo were warned against the character of Police Lieutenant Charles Becker as far back as August, 1911.

John F. Lynch, brother-in-law of Becker, who is now in the death house at Sing Sing for the murder of Herman Rosenthal, bitterly denounced the former police officer in a letter to the mayor. The letter was referred to Commissioner Waldo, who told the mayor that "this seems to be a family row; Becker is doing excellent work."

Confiscates Newspapers.

Vienna, March 21.—The government confiscated issues of several newspapers because they published accounts of the sailing of the Austrian fleet to make a demonstration of Montenegro to enforce Austria's demand that hostilities in Albania stop.

CHARLES ELIOT TO BE SENT TO LONDON

Washington, March 21.—Charles Eliot, president emeritus of Harvard university, has been decided upon by President Wilson for ambassador to Great Britain. Close friends of the president telegraphed Mr. Eliot last night congratulating him and urging him to accept.

George W. Guthrie, democratic state chairman of Pennsylvania and former mayor of Pittsburgh, has been selected as ambassador to Mexico. This information came from intimate friends of President Wilson. From the same source it was learned that Justice James W. Gerard of New York was likely to be the choice for ambassador to Italy and that William Church Osborn of New York, Augustus W. Thomas, the playwright, and possibly Thomas Nelson Page of Virginia would be ambassadors to European courts.

No one has been decided upon for ambassador to Japan. Frederick C. Penfield of Germantown, Pa., Seth Low, former mayor of New York, and Joseph E. Willard are under consideration for prominent places in the diplomatic service. John R. Mott, a Y. M. C. A. leader, has been offered the post of minister to China, and although he has declined, he is being strongly urged to reconsider.

It became known last night that Lynden Evans, a member of the last congress from Chicago, is being strongly urged for appointment as commissioner of corporations.

HUNTINGTON HAS A REAL MARSHAL

Town Opens Its Eyes When Edward Hannon Starts in On Job.

Huntington, Ore., March 21.—Marsh Ed Hannon bids fair to disappoint every prognostication made at election in November by an active and straight enforcement of the law. Taking office but a few days ago, he has begun to strike from the shoulder, he declared that if elected he would play no favorites, but see that the law was fully enforced and the beauty of it is he is making good.

For the first time in the history of the city calaboose, it is receiving a complete house cleaning. It was the filthiest city jail in the state, Hannon began by burning all bedding and clothing that was found in the place, getting men to scrub with strong lye, walls, ceiling and floors of the cells.

Then he notified the young sports about town to keep out of the saloons. A few days ago he arrested a young man, a minor, whom he had warned to keep out of the booze joints.

Every minor in the place has received notice that from now on they must keep out. This is also in a measure the future policy of the saloon men themselves.

But Hannon was not satisfied with this. Seeing a number of women of the underworld dropping in to town, he escorted them to the depot and told them to take the first train out. They did it. Then he turned around and arrested the Jap rooming house man for renting one of them a room.

And Huntington is asking what it all means, whether it is the real thing that is to be the future policy of the city fathers, or only a make believe spasm of city righteousness. At any rate, every one is disposed to accept it at its face value without questioning.

Newsy Notes From the Sporting World

SPOKANE MAY MEET PENDLETON

Pendleton's Buckaroo team may meet the Spokane Indians in a practice game before the season opens and several other practice games will also be played, according to an announcement of local officials. Joe Cohn at present has his squad in Boise and will pass through Pendleton when he takes them home. Effort is being made to have him play a game here with the Bucks on April 15.

Two practice games will probably be played with Pilot Rock. Another with Whitman College and probably a west end team will be brought up for a contest. Manager McKune will probably arrive in the city on April 2 and will start in immediately to whip his squad into battle shape.

He has signed his fifth pitcher in Albert Fischer, a young flinger from the east who has not yet appeared in the line-up of a western team.

GIMLIN IS WORRIED.

Players Holding Out for Higher Salaries—Pitchers Are Scarce.

The baseball situation in Boise does not suit Dad Gimlin, the veteran leader. He says of his team since his return to Boise from Ogden where he spent the winter:

"The holdout habit has the whole Boise club in its grip," said Gimlin. "I send contracts to every man on the reserve list, and all but one were returned unsigned. The one exception was not returned at all. It was sent to Woodie."

"All the players are holding out for more money, but I have little doubt they will come to terms. I am not worrying about the players on the reserve list now, but I would like to know where our pitching staff is coming from this year. Last season we had three first class pitchers in Smith, Mays and Pope. Now they are all sold."

"I have little doubt I will find the necessary number of flingers all right, but I don't now where they are coming from. I am not worrying about the infield. We have Reams for short and I believe Lundstrum will be back to play third. If he is not I have signed a Stockton boy who is well recommended. If Lundstrum does come I will keep him on third, put the new man at short and Reams at second. I am going to play Altermatt in the outfield this year, and will play one garden myself. I hardly think Scott will play ball this year. His position in Salt Lake has become so good that he does not like to leave it."

"I need one more fielder, but I need pitchers and another catcher more. We still have Taylor to work behind the bat, but we need three good pitchers. First base will be taken care of all right. I have Fred Clark and Cohn has a good man I can probably have if it is a case of need."

ALL LOVE AND PEACE IN BAT NELSON HOME. YES, THEY'VE MADE UP

Fay King Telephoned for Bat and He Came Running and Soothed Her—and Well—

Denver, Colo., March 21.—The biggest, broadest and longest grin that Denver has seen in years is smeared all over the face of Battling Nelson, former lightweight champion of the world. Bat says it's going to "stay put," too, and for the best reason in the world. Here it is:

Mrs. Nelson, formerly Fay King, a newspaper artist, sued Nelson for divorce within a week after her marriage. She claimed she "was literally kidnaped" by the fighter and "two hours after the ceremony knew a horrible mistake had been made."

Mrs. Nelson on Wednesday suffered a nervous collapse and wired Bat at

COHN MAY TAKE HIS TRIBE TO WALLA WALLA

Joe Cohn may bring his squad of Indians here to finish the training season, according to yesterday's Review. The weather has been so cold since the bunch reached Boise that little work has been done and the Indian chieftain is considering the shifting of his wigwam. If he quite Boise he will drop a lot of recruits as he says he has too many men on his string that do not look to be fast enough. There was great rejoicing at Bado's camp when the news leaked out that the Spokane team might be brought here.

Chicago No. 2 Defeated Oakland.

Oakland, Cal., March 21.—The second division of the Chicago Americans lost yesterday afternoon to the Oakland team by a score of 2 to 1.

Phillies 11, Nashville 8.

Nashville, Tenn., March 21.—Collins and Baker each got a home run in yesterday's game between the Philadelphia Americans and the Nashville team of the Southern league. Collins' drive came with the bases full in the sixth inning. The visitors won 11 to 8.

Boston 6, Athens, Ga., 0.

Athens, Ga., March 21.—Boston Nationals 6, Athens 0.
