

Perhaps You Don't Realize What Bargains We Are Offering in New Spring Suits

For Thursday only we will hold a Special Sale

Our \$30.00 Spring Suits \$21.95

Be sure and avail yourself of this opportunity, and at least, come and inspect the high quality of style, material and tailoring that make these suits such unusual values.

Of course, we have less expensive models, but we particularly commend these to your attention as being far above the average suit offered to you anywhere for at least ten dollars more than our sale price.

The styles are the product of New York's leading makers and give their wearer the distinction that all well dressed women strive for. The variety is such that you will be sure of finding just the garment to suit your taste.

Basket Lunches.

Several days before the luncheon the invitations for the affair may be placed in tiny baskets filled with flowers and left at the door of each guest-to-be. These small baskets may be bought at the 10-cent store and covered with delicate shades of crepe paper, which is frilled around the edges and wound around the handles.
The dining room may be decorated with similar small baskets filled with flowers and vines, either suspended from the plate rail or otherwise hung about the room, while larger baskets filled with blossoms may be placed about the room. The table may also be decorated with vines and blossoms as desired.
The refreshments may be served altogether in baskets. In the center of the table may be placed a flower-decorated basket containing sandwiches of different kinds, which is passed around. The salad may be served in little baskets made of lettuce leaves, and cream cheese moulded in the form of little eggs may be served in tiny baskets made of parsley leaves. Candy may also be served in small fancy baskets.

COAT OF BEDFORD CORD.

The cutaway coat still remains the most popular, the principal change being in the shape of the tail which, formerly rounding or sloping to a point is now cut straight across, giving the effect of a bird's tail. The suit in the drawing was made of Bedford Cord in Copenhagen blue with trimmings of blue, and black and white striped satin. The upper revers is of the blue satin while the one which peeps from beneath for an inch or so is of the black and white satin. The sleeve is new in shape and has a narrow cuff of the stripe. A broad band of this trims the skirt bottom on one side.

Assist Nature. There are times when you should assist nature. It is now undertaking to cleanse your system—if you will take Hood's Sarsaparilla the undertaking will be successful. This great medicine purifies and builds up as nothing else does.

Spring Housecleaning.

We are just as glad as ever to hear his little, inquisitive chirp; but the robin-red-breast no longer serves as a signal for the annual household upheaval. The modern scientific devices, and the modern scientific mind have done away with the dragon-nightmare "Spring Housecleaning." The city woman has at her command, the vacuum cleaner concern which rents its portable machine and services at so much per day, so that for herself and her country sister who can afford a machine the annual two weeks of mops, pails, ten-foot brushes, irritability, cold meals and torture to the men of the home, have become ancient history.

The house was indeed a peaceful, cool, clean-smelling place after the vigorous days of rug-beating, soap-suds and pieced meals, and the feeling of tired contentment at the expenditure of physical and nervous energy—but the modern house-cleaning is a simple process.—The Westerner.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

FOR A GIRL'S SUIT.

White ratine was used for this modish frock for a girl in her late teens. The buttonholes are placed upon the right edge of the blouse corresponding to a row of buttons upon the left side. The blouse thus appearing to open over a vest of heavy white lace. The round neck of the blouse is outlined by a band of narrow white satin in ribbon below a tucker of lace. The skirt has a novel diagonal closing line outlined with buttons and buttonholes and showing a wedge shaped panel of the lace in front.

MAKE RICH BLOOD WITH WHITBREAD Sleeplessness, Run-Down Condition

Read this Important Statement

Great English doctors have recommended for over 100 years the famous Whitbread English Ale or Whitbread English Stout (Malted Extract) made in England from the finest barley, malt and hops to be obtained and matured naturally in bottles in England and sent direct to America. Fortifies the system and makes rich blood. Thousands of suffering women have found instant relief by drinking Whitbread Stout. For mothers, invalids and those in a nervous, run-down condition it is invaluable. The most temperate people drink Whitbread Ale, because it is not only delicious, but a wonderful blood-giver and tonic. The anemic and run-down.
