

Style is an Intangible Thing and is Dependant on Two Important Points for its Existence.

One of these is the adaptability of the garment to its wearer.

The other and most important is material and good tailoring.

Our stock of women's Spring Suits is most complete and varied in its assortment, so that your own taste, together with our own conscientious assistance will have no difficulty in selecting the CORRECT SUIT for your particular form and complexion.

Our suits have those other and most important requisites to style; material and tailoring. Were it not for these, they would lose their charm simultaneously with the loss of their shape, at the end of a few short weeks, as is the case with inferior clothes, the kind we never allow to enter our store. As to value, our suits are all reduced to a point where it will mean economy to choose your suit here.

**Our Prices range from \$35.00 to \$7.50
on Suits that were regularly
much higher in price.**

Ready Made Piping and Pleating

Ribbon pleatings one inch wide in all colors and black, per yard **25¢**

Silk pipings in all colors, ready to put on the garment, per yard **10¢**

Beads

New beads in pearl, amber, green, pink, blue and scarlet, add just the right touch of color to your summer frock. Price **35¢ to \$4.00**

Shoes of Style and Quality for Those Who Care.

Low shoes, pumps and oxfords, chosen with the utmost care, correctly made and properly fitted. The best styles and makes in the world. They possess the comfort that makes you forget about your feet except that they are pretty.

Button shoes and ties in gun metal, patent, vici kid, Russia calf, suede or velvet. Plain toes or with tips; welts and turned soles. PER PAIR **\$2.50 to \$4.00**

FAN FODDER

We like it better.

A Boise scribe sent the Irrigators over here under the delusion that the Buckaroos couldn't hit the pill. Ask Chapman, Finley and Bridger for their present opinion.

The Bucks are strong on the thirteen stuff. Thirteen hits and thirteen runs the first day, thirteen hits the second day and thirteen runs also, only one didn't count for Augie forgot to touch the third bag on his interrupted circuit.

McGarrigle's curves are indiscreet, that is to say they make terrible breaks.

If that is Mac's first professional game, what will he be doing when he gets thoroughly seasoned.

Verily, pride goeth before a fall. Bridger entered the game with all the arrogance of a millionaire's offspring and emerged with the humility of a lowly vassal.

One John Bladen, Irishman, wielded his shillelagh as did his forefathers in County Cork. Four times he swung his cudgel and four times made a hit. We should worry and get a new catcher.

Augustus is trying mighty hard to break into the home run column and has only himself to blame for his failure. Tuesday he was caught at

the plate because he wouldn't slide and yesterday after polling out the longest hit ever made on the local diamond, he was called out for cutting third base. Of course we don't howl very much when we are well in the lead, but just suppose his offense had occurred when we needed his run to win. He deserved a panning and from all accounts Terry passed one out.

Incidentally the cardinal topped receiver never allowed a man to pilfer a bag on him. Gimlin did purloin third, but this theft was permitted by McGarrigle rather than have a balk called upon him.

Poor old Dad. The glooms have taken possession of his soul and refuse to evacuate. He put his best bet up yesterday.

Tomorrow is Ladies' Day and the fair fans are expected to be there with their smiles.

Read this from the Walla Walla Union of yesterday: "A feature of the game was the fact that there was not a single kick coming from any of the players on the decisions of Umpire Starkell. The Pendleton bunch were crabbing all week at almost every close decision, and the game yesterday was a big contrast to two or three games of last week."

And then read this from the La Grande Observer of Tuesday: "Some real inside dope on the Walla Walla-Pendleton series last week and dope that puts the kinks of gloom into any team that may invade Walla Walla under present conditions—which includes La Grande this week commencing today—is brought to La Grande by a Walla Walla fan. According to

this same Garden City man the fandom at large is thoroughly disgusted with the highway robberies committed against Pendleton last week. At least three, and maybe four of the games, should have been the Bucks, it seems. So glaring have been Starkell's decision is the opinion of many Walla Wallans, it is said, that the umpire situation has become a matter of local satisfaction. It had been previously reported here that Starkell spends his leisure hours with the Walla Walla baseball club, playing pool, loafing in cigar stores with the players and making them his companions during the time the team is off the field. Under such conditions, prospects for the invaders at Walla Walla seem slim."

BRAVES TAKE GAME FROM GOLD DIGGERS

North Yakima, May 1.—Lefty Kane held Baker to a stingy hit yesterday and North Yakima won, one to nothing. It was the fastest game played here this year, lasting but seventy minutes.

Baker City secured her only hit in the sixth when Jensen connected. No one was ahead of him and none followed could hit, so he died on a base. Yakima was not able to secure more than one hit an inning except in the sixth when Shaver singled and stole a base. Stoke doubled and that put Shaver over the plate.

A double play from Nelck to Robben to Kutina ended the inning. Score: R. H. E.
North Yakima 1 8 2
Baker 0 1 2
Kane and Stanley; Jensen and Harlow.

M'GARRIGLE CUTS NOTCH IN HIS GUNSTOCK; WINS 1ST LEAGUE GAME

One McGarrigle from Canada made his debut in professional baseball yesterday and celebrated the commencement of his diamond career by forcing Boise to swallow a second quinine pellet. At that he was pitted against the redoubtable southpaw, Bridger, who last year helped win a pennant for the Walla Walla Bears. The score, it might be said in passing, was Pendleton 12 and Boise 4, almost a repetition of the opening affair.

For four innings, the fans were treated to a real ball game. Both pitchers were going fine and their support was nothing to kick about. But when the Buckaroos changed their batting tactics and commenced dumping dinky bunts, the infield became demoralized and the balloon went soaring toward the distant azure. And then by way of showing that they could clout as well as bunt, those Bucks jumped on to Mr. Bridger's benders in the eighth and simply bated them until their master didn't recognize them.

Acting upon the advice of McKune, McGarrigle took a little of his stuff off of the ball in the final innings and the visitors were permitted to gather enough hits to swell their run column by three.

In justice to the Boise team it must be said that the loss of Blausser demoralized the infield to some extent, though Case played a nice game. McKune's men began their march in the initial frame through no fault of Bridger. Dougherty got life when Altermatt threw the ball a fathom over Clark's head and took second on the same play. Berger's infield out put him to third to where the squeeze signal was flashed to him. He beat it for the pan and worked his feet fast enough so that it wasn't necessary for Rader to hit the ball. He had home base stolen neatly.

Boise made it one and one in the third. Gard hit safely, was sacrificed to third by Bridger, who was safe at first when Bladen overthrew the bag. However, the latter atoned for his error a moment later when his pretty peg to second broke up a double steal and caught the southpaw by a wide margin. Chapman hit to McGarrigle, who caught Gard as he was hotfooting it to the platter. Chapman made second on the play and was brought home when Reams put a nice single into left field. Pendleton was retired in one, two, three order in the third and Boise fared not much better in the fourth. McKune started things. However, in the last of this canto when he got life by a wide throw of Altermatt to first. Lodell laid down a bunt and beat it out by virtue of a confusion in the Boise infield. Bladen also dumped a little one to Bridger, who tried to catch McKune at third but failed. Bases full, nobody down. Augustus hit the ball down the third base line but Case returned it in time to force Terry out at the plate. A moment later, while McGarrigle was striking out, Lodell was permitted to hobble homeward when a wild pitch was turned loose. Dougherty's pop to Reames retired the side without further scoring.

The real aviation meet came in the last of the fifth. With two men down and the bases full, Bladen shot the ball down the first base line, driving in two runs. A double steal was started but Lodell would have been out at home had not the horsehoe in his hip pocket knocked the ball from the catcher's hand. The fourth score of the inning came when Augustus scratched a hit over the second base bag.

With one down in the seventh, Gimlin smashed out a two sacker and was registered when Bridger followed suit a moment later. Pendleton also took another in this canto when Bladen's single was followed by a homer from the bat of Augustus. However, the homer itself didn't count for Augie cut the third base bag and theumps saw the act.

With a couple of men down in the eighth, McKune instructed his pitcher to ease up a bit. The result was that he issued a pass to Altermatt, allowed Case to get a safe single and Friene to send both men to the plate by a hit that went for three bags because the rough outfield made the ball bound bad.

The details of the Pendleton half of the eighth would only make Bridger feel badly for he walked one man and allowed five hits in that frame. A bunt hit by Dougherty, singles by Berger and Bladen and doubles by McKune and Lodell enabled five more runners to amble across, thus making the final score 12 to 4, for all Boise could do in the ninth was to put a man on third.

PINEAU THROWS

Walla Walla, Wash., May 1.—Ernest Pineau of the Washington A. A. C., threw J. Smith of Pomeroy, at the Maccabee smoker in a little over a minute last night. Pineau was unprepared to wrestle, but Smith appeared and challenged him for a go. Smith was tossed to the floor and was unconscious for several minutes. Ed Warner refereed. Pineau says he attended the banquet with no intention of wrestling but accepted the challenge when Smith asked to meet him.

M'CARTY OUTFOUGHT MORAN OF PITTSBURG

New York, May 1.—Luther McCarty outfought Frank Moran, the Pittsburgh heavyweight, in a ten round bout here last night. The fighting was at a fast pace for heavyweights. Moran did most of the leading and frequently the men stood toe to toe and swapped punches, both receiving much punishment about the body. McCarty relied upon a hard left to the face, but often left his guard open, enabling his opponent to land a strong left hook.

Blausser was suspended Tuesday night by President Farrell, who ruled he belonged to Keokuk, Iowa, and Gimlin had to bring in Case from the outfield to third. Case proved his worth by good work.

MAKES OVER 100 MILES AN HOUR

Indianapolis, Ind., May 1.—(Special.)—Shattering all previous speed records, not excepting those of aviation, Jules Goux, the French motor pilot, has succeeded in covering 106 miles, 307 yards, in an hour, driving the Peugeot car which he will pilot in the third annual 500 mile International Sweepstakes race, at the Indianapolis Motor Speedway, May 30. The best record made in a motor car heretofore was that of Percy Lambert, who driving a Talbot car made 103 miles 114 yards in an hour. Goux's record beats that of Verline the aviator, who held the world's speed record, having made a flight at Chicago in which he covered 104 1-2 miles in an hour.

Goux has been testing his car at Brooklands for several weeks in preparation for the 500 mile race at Indianapolis. Since Percy Lambert made his unusual record, Goux has made three efforts to beat it, succeeding on his third attempt. On his first trial the Frenchman proved that his car had the necessary speed, but a loosened shock absorber caused him to discontinue the run before the hour had elapsed. During his second attempt he was beset with tire trouble and was compelled to make two stops. Even with this handicap he drove 105 miles 321 yards in the allotted sixty minutes. The remarkable record which he has at last succeeded in making only bears out the statement he made when he first went to Brooklands, in which he promised to defeat all world's records before participating in the Indianapolis race. The car which he is driving is now known throughout England and France as the Indianapolis Peugeot.

WALLA WALLA COMES BACK AT LA GRANDE

Walla Walla, May 1.—(Special.)—Walla Walla bunched hits off Brownling of La Grande yesterday afternoon and the score was, Walla Walla 5, La Grande 1.

Both sides got the same number of hits, but Snoddy kept the bingles scattered. The Bears got some long ones that helped pad their score. Davis' hitting was a feature. He got a two-bagger and a triple.

La Grande scored in the first inning, when Corbin laced one out for two bags and "Home Run" Nadeau poked out a single. From then on Snoddy kept his hits scattered well. Walla Walla got one score in the second inning. Davis picked out one of Brownling's best and got to second base on it. He went third on a fielder's choice and scored on a wild pitch. In the sixth the picking was good and Brownling was sweating big drops when it was over. Childers hit a clean two bagger and went to third when Lundstrum singled. Davis got a dandy three bagger and the two men ahead of him crossed. Martini sacrificed Davis home, three being rung up for the Bears in this inning.

In the ninth Martini got a single, took second when Snoddy was hit, went third on a fielder's choice and came home when Van Horst made an error.

The score: R. H. E.
Walla Walla 5 8 2
La Grande 1 8 3
Batteries—Snoddy and Brownling; Brownling and Peterson.

The Perfect Baby Of The Future

A Simple Method That Has a Wonderful Influence upon The Future Infant.

Too much can not be said for a wonderful remedy, familiar to many women as Mother's Friend.

It is more eloquent in its action than all

the health rules ever laid down for the guidance of expectant mothers. It is an external application that spreads its influence upon all the records, muscles, ligaments and tendons that nature calls into play; they expend gracefully the mind care-free and in joyful anticipation of the greatest of all womanly ambition. Mother's Friend must therefore be considered as directly a most important influence upon the character and disposition of the future generation. It is a conceded fact that, with names, pain, nervousness and indigestion, there is stored up such an abundance of healthy energy as to bring into being the highest ideals of those who fondly theorize on the rules that insure the coming of the perfect baby. Mothers' Friend can be had at any drug store at \$1.00 a bottle, and it is unquestionably one of those remedies that always has a place among the cherished few in the medicine cabinet. Mother's Friend is prepared by the Bradford Regulator Co., 139 Lamar Bldg., Atlanta, Ga., after the formula of a noted family doctor. Write them for a very instructive book to expectant mothers. See that your druggist will supply you with Mother's Friend.
