BOISE LOSES 1ST GAME TO BUCKS

Boise, May 21.—What should have been a tight pitching battle Tuesday afternoon between Bridger for Boise and Osborne for Pendleton was transformed by the mistakes of the Irrigators into a comparatively easy victory for the Bucks, 6 to 1. The Boise infield had a bad day all the way round, and not only that but the Pendletonians out-played the Irrigators whenever they had men on bases. Some speedy gains, this Pendleton club, and from the opener it was apparent that the Irrigators will have to fight for anything they get this week. McKune has a splendid machine both as to inner and outer walls, and Tuesday's defeat marks the beginning of an era of trouble that has come to the Boise crowd. They'll probably win some games, but they'll earn everything they get. Bunts Beat Boise. Bridger and Osborne were both pitching good ball. Ten hits are charged against the delivery of each chucker, but four of the Pendleton clouts were the itchy kind, while Boise made two scratches. It was with the hunting game that McKune's bunch slipped it over. They played it in the sixth inning. The Boise infield went to pieces against that style of attack and the Bucks then proceeded to gather enough credits to last them. They made four that inning, and thereafter Boise was never able to get in the running. A timely hit in the first inning would have given the Watermovers a good start, but Osborne, after pitching himself into a hole proceeded to pitch himself out. With one down he hit Blausser and Reams hit safe. Altermatt grounded to Rader and both Reams and Clark advanced. When Case walked the bases were full, but Osborne fanned Friene and averted the danger. Error Proves Costly. Altermatt's error cost a run in the third. Augustus began the inning by striking out, but Osborne hit safe. Dougherty forced Osborne at second for the second out. Rader hit to Altermatt for what should have been the third, but Baldy kicked it. Varian walked, filling the bases, and Hawthorn hit a scratch that either Blausser or Altermatt should have stopped. Dougherty scored on the play. Bridger fanned McKune for the third out. Locals Tie Score. The Irrigators tied it in the fifth. Winkler began it with a line drive that went straight at Augustus for an out, but Gard's effort was a vicious single. Bridger couldn't find it, but Blausser hit safe. Clark raised a high fly to the pitcher's box that should have been an easy out for Osborne, but he lost track of the ball and it dropped to the ground. Gard scored clear from second on the play. That was Boise's only run.

COLLEGE SOUTHPAW TO WORK FOR BOISE TODAY

Batteries for Today.
Boise—Johnston and Gard.
Pendleton—Wells and Byrnes.

Boise, May 21.—Gimlin will send another southpaw against the Bucks today. He intends to work Johnston, the college crooked arm. Johnston has shown good form in the Tri-state, but has a tendency to be wild. If his control is good the Bucks will have little chance of hitting him. A Boise boy will probably pitch for the Bucks. He is Al Wells, well known to Boise fans. Al has been with the Pendleton club all this season. He has pitched some good games but his arm has been a little lame for the last few days. If he is in shape he will work today, and if he can't go it will be Peet. If Peet pitches it will be his first appearance with Pendleton. He opened the season with Baker and was here with the Gold Diggers. They released him and he signed with McKune last Sunday. When he signed Peet, McKune released McGarrigle, the left-hander he had on his staff. More than twenty-three million dollars' worth of electric machinery was exported from this country last year. A portable searchlight has been perfected for linemen to be used in night repair work.

ADAMS RESIDENTS VISIT IN WALLA WALLA

(Special Correspondence.) Adams, Ore., May 21.—Born, to Mr. and Mrs. Fred Adams on Thursday, a baby girl. Dr. Newsom of Athena was attending physician. Mother and child are doing well. Mr. and Mrs. Rogers and family were Athena visitors over Sunday. Mrs. Fred Brown and daughter Harriet, are the guests of Mrs. J. Brown of Walla Walla the past week. E. G. Marquis is having his residence repainted. Fred Brown is repainting his residence on the ranch. G. L. Lieualten of Weston, came down Friday to spend Sunday at home. Eleene Bowling of Pendleton, came up Friday to spend Sunday at home. Casper Woodward was an Athena business Monday. Mrs. A. Thompson of Helix, is the guest of Mr. and Mrs. N. Carlton this week. Mr. and Mrs. Hepenstelt of Idaho are the guests of Mr. and Mrs. N. O. Carlton. Mr. and Mrs. M. A. Baker went to the city of Pendleton Saturday to do some shopping. Mr. and Mrs. Allen went to Pendleton Monday to do some shopping. Mr. and Mrs. N. Burray went to Pendleton Monday to do some shopping. Mr. and Mrs. P. I. Hale were among the Pendleton visitors Monday. Clara Whitley, one of Adams' merchants, was a business visitor in Athena Monday. Mrs. J. Peringer was an Athena visitor Monday. Ruth McKinzie visited friends in Athena and Pendleton Monday. E. G. Marquis, city druggist, was a Pendleton business visitor Monday. Mrs. Dupuis of Portland, is the guest of Mr. and Mrs. C. Owens this week. Ben Simonton purchased one of the latest 1913 Chalmers autos. Aleck McKenzie was an Athena visitor Monday. Sim Almy of Weston was an Adams visitor Tuesday. Dr. F. A. Lieualten was an Athena visitor Monday. Herman Stone made a business trip to Helix Monday. Frenchie Viehatt of Walla Walla was calling on the Adams merchants Tuesday.

HERMISTON TEAM LEADS THE LEAGUE

(Special Correspondence.) Hermiston, Ore., May 21.—In the ball game here Sunday between Stanfield and Hermiston teams, the latter won by a score of six to two. Up to the seventh inning neither team had scored. In the seventh, however, Hermiston got two runs and Stanfield in the eighth got one but they then went to pieces allowing Hermiston four more, they receiving but one more. Blakeley for Hermiston pitched a wonderful game and not until after he was badly hurt by a batted ball did the visitors have even a look-in. The winning of this game keeps Hermiston percentage up to 1000, they having won six out of six games played. The season will end with one more game with each Umatilla, Echo and Stanfield at home and one game at each of these places. Mr. and Mrs. J. A. M. Robb have returned to Hermiston after having been away several months. Miss Blagely the assistant in the Umatilla post office was in Hermiston, returning on the motor. Otto G. Sapper was in Umatilla the end of last week looking after his stock there. Earl Gibson of Umatilla was in Hermiston on business. Geo. Patterson one of the Reclamation engineers leaves for the Des Chutes section where he has employment. Mr. and Mrs. Searl Brownell spent Monday in Hermiston, returning to Umatilla last evening. Next week, Thursday, is the last day of school in Hermiston and practically all the teachers have planned already to get away the same week. Some will return when the fall term begins but as the force has been reduced several will perhaps never again be in Hermiston. Florists use artificial electric heat to force the blooming of Easter lilies this year because Easter came so early. Mr. and Mrs. Louis Scholl Jr., re-

NEW BUILDING BEING ERECTED AT ECHO

(Special Correspondence.) Echo, Ore., May 21.—Contractor H. E. Allen has a large force of men at work erecting a new concrete building on the corner of First and Main streets. The building will be of reinforced concrete throughout, with cement floor, 50x75 feet in size and a single story with 18 foot walls. It will be used by the Echo Motor Co. as a garage and auto supply house with machine shop attached. The contract calls for a completion of the building within six weeks. Owing to an accident to some of the machinery, the wool scouring plant at Echo is temporarily shut down for repairs and a large part of the force of men enjoying a short layoff. Extras have been ordered and are now on their way here and the plant will resume operation within a few days. Mr. and Mrs. Arunha Longwell left this morning for Hood River as delegates from this place to a conference of the Episcopal church to be held there this week. Mr. and Mrs. Louis Scholl Jr., re-

REDFIELD COMING TO COAST THIS SUMMER

Washington, May 21.—Tentative arrangements have been made by Secretary of Commerce Redfield for a thorough inspection of the Immigration stations along the Canadian border line, and on the Pacific coast this summer. Secretary Redfield himself proposes to make the inspection and will also visit Alaska and the Pribiloff Islands. He will familiarize himself with the fur and sealing industries, both of which are within the jurisdiction of the department of commerce. It was learned tonight that the secretary will leave Washington about July 15, returning via Chicago in the middle of September. Mrs. Redfield and their son will accompany the party. They will visit Alaska and the Pribiloff Islands aboard one of the United States revenue cutters.

JANITOR OF BAKER Y. M. C. A. MISSING; SEARCH IS MADE

Baker, Ore., May 21.—What has become of Frank Rising, janitor of the Y. M. C. A. building, is a question that is a mystery to the officers. Leaving behind him and to reading, "I put my money and candy away," written to Edwin Brown, secretary of the Y. M. C. A., Rising has not been seen since Saturday night. The candy was found by Brown but no trace of the money. As is often the case, the secretary was not in the building when it was closed and Rising has been in the habit of taking the money from the cash drawer and hiding it in Brown's desk. Saturday night is clean-up night for the swimming tank. The janitor was sitting in the lobby waiting for Horace Ryder, the last man out, when he opened the trap and let the water out of the tank. The next morning the note was found but the trap had not been closed nor the pool scrubbed down. Little notice was taken of the fact by Brown, thinking he had gone home and would clean up Sunday. All day he failed to put in an appearance and Sheriff Rand was notified, but no trace has been found of the missing man. The ticket agent at the O-W-R. & N. station asserts a man answering the description of Rising purchased a ticket for La Grande about 11:15 o'clock Saturday night. Rising is about 36 years old and has been married a year, having come into town about 18 months ago. He has had a varied career from peanut butcher on a passenger train to doing parachute jumps. The coal handling machinery for the Panama canal coaling stations will be operated by electricity.
