

Walking Typhoid May be Your Trouble.

Why Drag Along, Worn to the Bone When You Can be Robust, Happy and Full of Life.

With your blood full of catarrhal infection, nerves all unstrung, blood impoverished, headaches, lassitude, pellagra, hookworm, tape worm, chills and fever or some other debilitating influence, the very foundation of health is being sapped away by spring humors.

S. S. S. is a Wonder. It Makes You Look and Feel the Picture of Real Health.

Half the people you meet complain of weary muscles, stagnant brain, jangled nerves, and a mournful desire to lay down and just quit. Most of these people have been using nervines that spasmodically flare up the nerves only to die down again, as die they must. Avoid nerve stimulants. Bear in mind that this worn out feeling is due to poor blood, to bacteria in the water you drink; to the multiplying of destructive germs in the blood faster than they can be overcome by the white corpuscles; and to what is known as auto-toxemia, that condition where the venous or impure blood accumulates faster than it can be replaced by the red arterial blood.

If you feel played out or experience the peculiar sensations of gas and tenderness in the bowels, go to any drug store and ask for a bottle of S. S. S., Swift's Sure Specific. Here is a remedy that gets at work in a twinkling; it just naturally rushes right into your blood, scatters germs right and left, up and down and sideways.

You feel better at once, not from a stimulant, not from the action of drugs, but from the rational effect of a natural medicine just as active and just as timely as to a man who has been lost in the mountains, is about starved and comes across a settler just cooking a savory meal of good honest beef. Do not neglect to get a bottle of S. S. S. today. It will make you feel better in just a few minutes. It is prepared only in the laboratory of The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga. Send for their free book telling of the many strange conditions that afflict the human family by reason of impoverished blood.

WHEAT MARKETS

Chicago, May 21.—Closing prices in the wheat market were 3-8@1-2c a bushel under final figures of Monday. Good growing weather was the chief cause of the decline, selling pressure being rather severe at times. July was the weakest with a loss of 1-2c for the day.

Broomhall cabled that the Liverpool wheat market responded to the firmness in America and later there was an advance with the undertone firm. Unfavorable reports are received from France and Bulgaria. Manitoba offers were light and La Platte offers firmly held. The visible supply of wheat decreased this week 1,256,000 bushels. Foreign crop summary generally favorable, except France and Bulgaria.

STOCK MARKET.

(From Tuesday's Journal.)

Further declines have been forced in the swine trade at North Portland with the bulk of tops going at \$8.25. This is the extreme mark and while some may possibly pay a fraction more for effect, it is the general top of the regular trade.

There was only a small run of hogs in the North Portland yards for the day; arrivals overnight totaling but 181 head compared with nine head a week ago, 160 a year ago and 92 head this same day two years ago.

North Portland general hog market:

Best light \$ 8.25
Medium light 8.00@8.15
Medium heavy 7.80@7.90
Rough and heavy 6.50@7.50
Arizona cattle will be placed on the local market within a short time and supplies are being brought in from every direction. The trade here today continues around the extreme mark, although this price is paid only for exceptional quality and then only for very small lots. The bulk of the business is not so high.

North Portland cattle range:

Heavy feed steers \$ 8.75
Choice steers 8.40@8.50
Common steers 8.00@8.25
Fancy steers 8.75
Fancy cows 7.75
Fancy light calves 8.75@9.00
Ordinary light calves 7.25@7.50
Heavy calves 5.00@6.50
Best bulls 5.50
Ordinary bulls 4.50@4.75

While there is a fairly good demand at prevailing values for mutton of quality, thin, poor stuff is coming forward in abundance and receivers experience much difficulty in disposing of them at advantageous values.

North Portland nominal mutton price range:

Spring lambs \$7.50@7.75
Yearling lambs 6.00@6.25
Old wethers 5.25@5.50
Fancy ewes 5.50
Ordinary ewes 5.25

FIRES TO BURN FOREVER.

Dedication of Memorial Fireplace at O. A. C. Girls' Dormitory Is Impressive.

Oregon Agricultural College, Corvallis, Ore., May 21.—The dedication of the memorial fireplace in Waldo Hall, the girls' dormitory of the Oregon Agricultural College, by visiting Portland business men was the most impressive ceremony ever held in the hall. Fires were lighted which, figuratively, will burn forever, as O. M. Plummer of Portland, said in his dedicatory address.

Miss Lucy Crawford of Ashland, a senior in domestic science, as president of the Waldo Hall club, presented the torch for lighting the fire, saying:

"To light this fire I give you a torch. In it are herbs of the field for health of the body, a fern leaf for grace, a sprig of elm for peace, one of oak for strength, evergreen to show that we live forever in the deeds

UGH! HOW CHILDREN HATE CASTOR OIL

To Clean the Little One's Stomach
Liver and Waste-clogged Bowels
Give Gentle "Syrup of Figs."

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and 30 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold; has diarrhoea, sore throat, stomach-ache; doesn't eat or rest well—remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. Accept Nothing else.

A Lousy Hen Is a Deathtrap

It's one thing to hatch little chicks, but the real problem is to raise them.

Matthews enables you to raise chickens like this.

If you want to save your little chicks lives and make them strong and fast growers that will eventually materialize into large, healthy fowls,

Use Conkey's Lice Powder

the best lice killer known in the world today

It does not stunt the little chicks nor affect the eggs, but chases and kills every single louse by simply dusting the nests or setting hens.

Apply the powder and then hold the little chicks over a paper and you will see the lice tumble off by the dozen—even from many chicks that you may think are not affected.

Comes in 25c and 50c sizes—Absolutely guaranteed
