

PLANT POTATOES THIS YEAR

Owing to the overproduction and low prices of potatoes last year, many will not raise them this year. This will naturally cause a shortage and prices will soar. Take advantage of these conditions and make a clean-up in 1913.

One Barber Goes, Another Comes.

H. A. Fiedler, who for the past two years has been barbering in the St. Reetz shop, has resigned his position and will leave in a few days for Seattle to accept a position with the Blake-McFall wholesale paper house. Mr. Reetz has secured Clyde Costello of Newberg to fill the vacancy.

Local Girl Is Married.

A marriage license was issued yesterday afternoon to Herschel H. Bond of Seattle and Miss Mary E. Shea of this city and the young couple were married at the bride's residence on Water street at 19 o'clock this morning. They left on No. 11 amid showers of rice from their well-wishing friends.

Horse Falls Upon Rider.

While riding his horse down Water street yesterday evening, Jack Watson of the Wholesaler department store, sustained an injury that will partially disable him for awhile. The animal slipped and fell, pinning him beneath it. Fortunately no bones were broken, but Mr. Watson was badly bruised.

Given 60 Days in Jail.

Julian Picard, who was arrested recently upon a charge of selling liquor to Indian boys, was sentenced this morning by Justice of the Peace Joe H. Parkes to a sixty day term in the county jail. He pleaded not guilty to the charge but the evidence against him was convincing. It is possible that the federal authorities will make a case against him also.

Couple Married.

Miss Ada Banister of Athena, daughter of a prominent wheat rancher of that place, and Robert H. Lee of Milton, a prosperous young farmer, were married this morning at the parsonage of the First Christian church by Rev. T. F. Weaver. The only ones witnessing the ceremony were Miss Daisy Lee, sister of the bridegroom, and W. S. Banister, brother of the bride.

In an endeavor to protect a little baby which she held in her arms while playing on a see-saw yesterday afternoon, the nine year old daughter of Mr. and Mrs. Charles Bibbe of Raley street, fell and broke one of her arms. The parents were not at home but her twelve year old sister had presence of mind enough to call a doctor and when the parents returned they found the fractured member set.

Wife Beater Gets Double Dose.

Charles Watson, the waiter who was fined \$50 in police court yesterday for beating his wife, has found out that the way of the wife beater is hard. After paying his fine, he was arrested again at the direction of District Attorney Frederick Stelzer and taken to the justice court upon an assault charge. Here Judge Parkes was no more lenient than had been Acting Judge Halley and another \$50 fine was plastered upon him. He has not yet paid the second fine, and is languishing in the county jail.

Dozen Automobiles to Stanfield.

President J. V. Tallman of the Commercial association announces that he has already signed up ten automobiles for the excursion to the Hog and Cow celebration at Stanfield on Saturday and expects to have several more lined up before starting time arrives. President Tallman regrets that the Stanfield holiday comes on the same date as the Caledonian picnic at Athena but, inasmuch as the invitation from the west end town came first, it was accepted before the association had been apprised of the Athena celebration. However, it is probable that quite a few local people will go to Athena, too.

Want Bridge Hastened.

Because a little bridge across a slough between Thorn Hollow and Cayuse has not been built the road from Pendleton to Bingham springs and other points on the upper river is impassable and the condition is the cause of complaint. With the fishing season underway many local sportsmen and farmers with autos have felt the call of the wild but have been unable to get up the river by auto because of the delayed bridge. A

prominent Adams farmer today inquired as to the condition of the road and to his sorrow learned that the road is not yet opened. It is understood the county court has ordered the bridge installed but that the work has been delayed for some cause.
